# Angelina Jolie's Astrological Portrait

## Introduction

To fully benefit from this portrait, we suggest that you read its introduction and its preamble carefully, and then that to take the time to soak up the interpretations of each chapter. Given the large number of texts, which mirrors the human being's complexity, you may need to go through the contents several times, so as to get a good grasp of their meaning and to know yourself better. This will reward your patience.

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very

different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

## Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into assets through your life experiences. The yellow aspects are innate strengths on which you rely in order to grow better with the former...

## Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

## Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

### Your Four Quadrants

Angelina Jolie, the diurnal South-western quadrant, consisting of the 7th, 8th and 9th houses, prevails in your chart: this sector brings about a thirst for communication and sometimes, a need to take risks in your dealings with others. Relations are a factor of your evolution and your transformation, which you accept serenely. Indeed, what matters to you is the movement and the energy that link you to others and that make you gain more awareness. A kind of rebellion or a desire to get away from it all is rooted in you.

## Your Dominant Modes and Elements

Angelina Jolie, here are the graphs of your Elements and Modes, based on planets' position and angles in the twelve signs:

### Your Four Elements

Angelina Jolie, Fire is dominant in your natal chart and endows you with intuition, energy, courage, self-confidence, and enthusiasm! You are inclined to be passionate, you assert your willpower, you move forward, and come hell or high water, you achieve your dreams and your goals. The relative weakness of this element is the difficulty to step back or a kind of boldness that may prompt you to do foolish things.

The predominance of Water signs indicates high sensitivity and elevation through feelings, Angelina Jolie. Your heart and your emotions are your driving forces, and you can't do anything on Earth if you don't feel a strong affective charge (as a matter of fact, the word "feeling" is essential in your psychology). You need to love in order to understand, and to feel in order to take action, to the detriment of a certain vulnerability against which you should learn to fight.

Earth qualities are under-represented in your chart, with only 0.00% instead of the average 25%. Deficiency in Earth may indicate that you have no interest in material and concrete values. It is likely that you live too much in your heart or in your mind, or even in your enthusiasm! The fact remains that you may end up in tricky situations, due to your lack of good sense or forethought: material life is unavoidable even if you are rather idealistic, dreamy, or easily content. You must tackle concrete life necessities, for fear of... being forced to cope with them, later, in much more unpleasant ways!

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

## Your Modes

Angelina Jolie, the Cardinal mode is dominant here and indicates a predisposition to action, and more exactly, to impulsion and to undertake: you are very keen to implement the plans you have in mind, to get things going and to create them. This is the most important aspect that inspires enthusiasm and adrenalin in you, without which you can grow weary rapidly. You are individualistic (maybe too much?) and assertive. You let others strengthen and improve the constructions which you built with fervour.

## Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

Angelina Jolie, here is the evaluation diagramme for your planets:

## Your Dominant Planets

The three planets that are most highlighted in your chart are the Moon, Mars and Jupiter.

The Moon is one of the most important planets in your chart and endows you with a receptive, emotive, and imaginative nature. You have an innate ability to instinctively absorb atmospheres and impressions that nurture you, and as a result, you are often dreaming your life away rather than actually living it.

One of the consequences of your spontaneity may turn into popularity, or even fame: the crowd is a living and complex entity, and it always appreciates truth and sincerity rather than calculation and total self-control.

As a Lunar character, you find it difficult to control yourself, you have to deal with your moods, and you must be careful not to stay passive in front of events: nothing is handed on a plate, and although your sensitivity is rich, even richer than most people's, you must make a move and spare some of your energy for... action!

Mars is one of your dominant planets and provides you with its efficient energy and enthusiasm: with a powerful Mars in your chart, action - but also will and ability to undertake - is not an empty word for you. You are active, dynamic, willing to fight, courageous, and you are never afraid to move mountains, even though risks are part of the adventures that you start with determination.

However, your patience is not always up to your boldness and a kind of feverishness, or even anger, can tarnish the quality of your achievements. That would be a pity since the Marsian is a champion in matters of efficiency! Mars symbolizes display of action, conquering spirit that favours discipline and order - beware of not being fussy - and lies at the frontier between action and brutality, between conquest and potential aggressiveness.

Jupiter, the planet of expansion, organization, power and benevolence, is quite emphasized in your chart. Like any Jupiterian, you are warm, open, sociable, consensual, active and optimistic. You can use your self-confidence to erase differences of opinion, and you leave the task of analyzing and perfecting things to specialists. Your role, and you know it since you were young, is to gather, to demonstrate your synthesizing and conciliatory mind, and to naturally reap its fruits - power.

You appreciate legality, social order but also order in general. With you as a leader, every plan or human entity can be organized and structured. You excel at supervising. The Jupiterian type is indeed the politician par excellence, and a positive Jupiter in your chart is synonymous with good integration into society, whatever the chosen path.

Is this idyllic picture really perfect? Certainly not: each planet's typology has its own weaknesses. One of yours is pride, like the Solarian, but your will of expansion at all costs may generate a form of exaggeration in everything, endless pleasure, inappropriate self-confidence that could lead you to rough materialism and the thirst for absurd material comfort - in the worst cases, of course.

Your Dominant Signs

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Aries, Cancer and Gemini. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

Arian blood runs through your veins! You have that enthusiasm, frankness, courage, and fastness which usually make you so likeable in spite of your somewhat rough, naive, or violent side. As a bonus, Aries' gushing fire always gives you the impetus to make a fresh start, should you stumble or undergo life hardship!

Cancer is one of your dominant signs and endows you with imagination and exceptionally shrewd sensitivity. Although suspicious at first sight - and even at second...- as soon as you get familiar with people and let them win your confidence, your golden heart eventually shows up, despite your discretion and your desire for security that makes you return into your shell at the slightest alert! Actually, you are a poetess and if you are sometimes blamed for your nostalgia and your laziness, it is because your intense inner life is at full throttle...

With Gemini as a dominant sign, your qualities include being lively, curious, mobile, clever, and flexible: you often make others dizzy, and you may come across as a dilettante - a bit inquisitive, shallow, and insensitive because you may be too intellectualizing. However, your natural curiosity, a nice quality, and

your quick humour, allow you to demonstrate to everyone how much they may gain from your company, and that your apparent flightiness hides an appetite (particularly mental) for life, which itself conceals a terrific charm!

### Your Dominant Houses

Houses 9, 11 and 1 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

Your 9th house being one of your most tenanted house, or at least emphasized, travels and faraway places play a major role for you: travels may take place in a symbolic sense, namely mind speculations or conceptions about political matters, philosophy, religion or spirituality, or in the literal sense, such as real long distance travels by plane. You may also spend a part of your life far from home, etc. You are driven by a kind of rebelliousness, which urges you to explore the Unknown; it may also be the call of the adventure. Besides, if the rest of your chart concurs, you may be considered as a real draught, often up hill and down dale, constantly on the lookout for exciting discoveries and new, enchanting horizons.

The 11th house is among your dominant houses. Therefore, social life and/or friendships are very important, even strategic to you.

You think that group activities, whether in the humanitarian field or simple gatherings of friends, are endless sources of inspiration and of enjoyment, provided that there are no tensed aspects in this sector. Everything human is important to you, often more important than your own success, unless your 10th house is also powerful.

With a dominant 1st house, your magnetism is powerful, and your individuality as well as your willpower are out of the ordinary. You are a determined, strong-willed, and assertive person, with this relative criterion at least.

It is likely that you never go unnoticed when you are in a crowd or a in reunion: an important 1st house suggests that you are a charismatic person with above average vital energy, especially if the Sun is present in this sector.

Your personal interests are always important and you never forget them, which doesn't mean that you are self-centered, but only that you behave according to what is in harmony with your deep nature!

## Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

### You were born under the sign of Gemini and your Ascendant is in Cancer

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

Your Cancer Ascendant indicates how you are perceived by people. Cancer is well-known for the importance it pays to its roots, its family or any sort of clan, and its instinctive mistrust of whoever does not belong to its world. On the other hand, it behaves very warmly and protectively towards the persons it feels comfortable with. As people get to know you better, they discover your inner self, defined by your Gemini Sun, which is extremely mobile, lively, and curious, and endowed with great communication skills. Whereas Cancer cultivates its inner world, concretely or symbolically, Gemini gladly lets itself be grabbed by its entourage and by the ideas it can glean here and there. It is most likely that you feel torn between these tendencies. In any case, you are at the same time fanciful, whimsical, and lunatic because these traits are common to both Cancer and Gemini.

## **You were born with the Sun in Gemini**

Your mobility is such that you are in every place where you are not expected. You spend lots of time asking questions and... answering them. Your curiosity and your quick-wittedness are insatiable. Your mind is in constant turmoil, hopping from one topic to another, solving problems, accumulating anecdotes and knowledge within a short range of time. Your mobility is mostly mental, it takes you afar and turns your daily life into a mosaic of intense and pleasant moments that are not necessarily related to one another...

As you are born under this sign, you are nervous, expressive, lively and adaptable, with a quick mind and a good sense of humour. You are bubbling, playful, sociable, clever, curious, whimsical, independent, intellectual, flexible, ingenious, fanciful, imaginative, charming, cerebral, and you are into everything. You may also be whimsical, unfocused, quirky, superficial, indiscreet, opportunist, unmindful, selfish, sarcastic or mercurial.

In love, Madam, you are full of intelligence and liveliness. You are so subtle, so whimsical, that you could be seen as a “teaser” because you can seduce in any situation. The more complex they are, the more numerous the contacts, the better.

Among all the Zodiacal signs, you are the outstanding one who can “manage” several simultaneous love affairs. It is not a matter of vice, but only of voluptuous pleasure of the instant. If they do not take place at the same time, your amorous encounters may be short-lived. But their number is very considerable because you constantly want to keep boredom and monotony at bay and you frantically run away from any source of peace and calm.

You will probably marry more than once. For you, the Sun symbolizes first the father then the husband: Gemini being a double sign, and your father being unique, it is likely that you will have two or more husbands. However, this is not a fatality and the rest of your chart can easily tell you more.

## **Your Ascendant is in Cancer**

Psychologically speaking, your nature is dreamy, oriented towards nostalgia for things past. You are very instinctive and you protect yourself against the outside world. Your inner life is rich, with fertile and even unlimited imagination, a propensity to avoid unnecessary risks and to pursue security. You show your true face only to persons you can trust, when there is a kind of well being triggered by the nostalgia for the past.

As you are born under this sign, you are emotional, sentimental, restful, imaginative, sensitive, loyal, enduring, protective, vulnerable, generous, romantic, tender, poetic, maternal, dreamy, indolent, greedy and dedicated. You may also be fearful, unrealistic, evasive, passive, touchy, anxious, dependent, stubborn, lunatic, backward-looking, lazy, burdensome, impenetrable and a homebody.

In love, Madam, you are so romantic and dreamy, that you are in love practically all the time, even though it never shows... because you are so subtle and interiorized that everything is actually occurring in your head, most of the time.

You need to be in confidence, you need time and certainties, otherwise your powerful feelings and the marvellous stories you invented will have little chance to translate into concrete reality. But when they

do, nothing will stop you and you will live through the destiny that your intuition identified.

Your nature is deeply maternal, charming, amusing too, when you feel in harmony with yourself. You will really blossom when you have your own home and when you dedicate yourself to your children's happiness; as you do so, try not to forget your husband... It is certain that you will then be the most gifted woman for the creation of a cosy and protective cocoon and of a family network that will allow you to actively give free rein to your rich and deep qualities.

You need a strong and stable partner whom you can rely on.

### **The ruler of your chart is in Aries**

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of the Ascendant, Angelina Jolie, is the Moon. It is located in Aries and adds a note of rapidity and impulsiveness into your chart. You have a spontaneous and enterprising side which prompts you to take action quickly and to be a pioneer. However, as a consequence of this refreshing impetuosity, you may get bored quite quickly and move on to something else if you lose your enthusiasm.

### **Aspects to your Ascendant**

Several planets form an aspect with your Ascendant, Angelina Jolie. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Cancer Ascendant only, but which are a blend of its characteristics with those of the said aspects.

#### **★★★★★ Venus conjunction Ascendant, orb 0° 44'**

Owing to this conjunction of Venus with your Ascendant, your natural charm may wreak havoc, Angelina Jolie. You tend to see the pleasant side of things, and this natural laid-back attitude is undeniably appreciated. Your cheerful behaviour favours the instinctive and positive rapport you establish with other people.

#### **★★★★★ Uranus square Ascendant, orb -0° 05'**

This dissonance of Uranus with your Ascendant endows you with a rebellious, original, and unpredictable side, which gives your behaviour a note of dynamism and nonconformism. Of course, other people are sometimes deeply disconcerted by your attitude which does not fit classical or social standards, and you may suffer its consequences, meaning that you feel misunderstood, incorrectly perceived, and considered as a disturbing free electron, or an untrustworthy person. You must remain true to yourself, but at the same time, you must exercise some caution in order not to fall prey to unpleasant misunderstandings.

#### **★★★★★ Sun semi-square Ascendant, orb 0° 28'**

There may be a contradiction between your will and your external appearance, Angelina Jolie, which slows down your natural spontaneity and in some circumstances, gives rise to doubts regarding your behaviour towards other people and the need to be true to your own beliefs. There is certainly nothing serious with this minor dissonance between the Sun and your Ascendant, only choices that are to be

made, so as to remain in harmony with yourself.

## Your Sensitivity

Your temperament is impulsive, Angelina Jolie, you are fond of instant thrills and you do not like to wait because you grow weary quickly. With you, things must keep moving fast! Your vivid imagination triggers enthusiasm, audacity and independence because you need to undertake and to achieve. You do not fear to be defeated and, far from slowing you down, rivalry and struggle have a stimulating effect. Because of your sensitivity all on edge, you are irascible and unpredictable: it is easy to unwillingly get you started and this makes your life a bit difficult with the family and with friends. You are perceived as an impatient person, short-tempered, whimsical, unstable and even, aggressive, and people think that you don't take your entourage's needs into account. However, you may also be warm, ready to help and to comfort whenever you are able to control your impulsiveness. You must not be worried about losing your identity when you listen more to your close friends...

Your emotions, Angelina Jolie, prompt you to experiment what is faraway and foreign to your roots. You are indeed attracted by the unknown or by what is different from you, and it is mainly abroad that you realize that your emotions are exalted or that your popularity is enhanced. Besides, it is likely that your husband is a foreigner or at least, that you meet with him abroad.

Women may play an important role for your philosophical or moral training, or for your quest of knowledge and expanded horizons.

### ★★★★★ Moon conjunction Mars, orb 2° 22'

Your vivid imagination goes hand in hand with you desire to make your dream come true and to fight, so as to remain true to yourself. You easily mobilize your energy and your resources. This harmonic Moon-Mars aspect indicates the will to keep your intimate balance under all circumstances. You thrive in action; you court danger, particularly when your regular environment is endangered. In the private sphere, you exhibit complete straightforwardness. This planetary configuration allows you to quickly get back on your feet within a new context. You adjust well to unprecedented situations. Your capacity to integrate events rapidly can only increase your adaptation abilities.

### ★★★★★ Moon conjunction Jupiter, orb 4° 2'

Why should one complicate one's life if it is possible to enjoy the simple joys of the present? This harmonic Moon-Jupiter aspect indicates a cheerful nature, which earns your entourage's liking and protects the balance of your intimate life. Your sociability is supported by your desire to smoothly adhere to a group, a social or family cell. You are fond of moments where you unwind and relax. You value your daily comfort and, to preserve it, you accept to play by the rules of privacy. When this aspect dictates your attitudes, you behave like a person easy to get along with... even though your personal demands, relegated to the backseat, come up again at top speed and force you to behave more in line with your inner needs.

### ★★★★★ Sun sextile Moon, orb 0° 2'

This aspect is a strong homogeneity factor: the image you project is in conformity with your real nature and does not upset your basic balance. This is probably the cause of your feeling at ease, your consistent behaviour and your determination to remain your true self, regardless of external pressures and whatever is expected from you. At best, your will and your sensitivity are in harmony, your unconscious abilities are mobilized and controlled by your conscious will, with no imbalance. However, it is important to avoid the traps of self-satisfaction that would be harmful to your real exchanges and would lock you up in comfortable and rigid schemes. It is possible to remain natural and yet, not be content with the sole

well being of those who never cheat themselves.

★★★★★ Moon trine Neptune, orb 2° 44'

This harmonious Moon-Neptune aspect indicates an exceptional receptivity. You are sensitive to ambiances and you can grasp what is at stake in any given situation. You can pick up things in the general atmosphere that the majority of people miss out. Your deep intuition allows you to feel the subtlest details, that « little nothing » which is the key to behavioural patterns. Inspiration is your guide and imagination accompanies your daily rhythms. Mysteries, psychology, esoterism, fantasy, the supernatural... one of these fields, at least, is of concern to you. You pay utmost attention to your inner life, to moments of tranquillity when you relax, when you allow your mind to wander at will. The danger is that you may seek refuge in the imaginary and that you shirk reality.

★★★★★ Moon opposite Pluto, orb -6° 33'

This planetary configuration causes distrust (Plutonian distance) towards individuals, groups, or your own family environment (lunar values). It may bring about a feeling of affective or relational wound. The feeling of security is absent, or fragmented or illusive. How is it possible to feel integrated whereas you know that you are different and on your own? It is the myth of the « ugly duckling », with its different specific characteristics, an alien to its origins and its roots. It is important that you accept your differences and that you have them accepted by others, without forsaking your essential values. This is how you can exercise your group ownership without allowing them to exclude you or to repress your secret determinations. When this aspect is well integrated, it is a factor of lucidity for your emotions. You perceive without gullibility what is really at stake in your intimate relationships and the flaws of your environment. The fact that you do not readily trust people spares you many traps and delusions.

★★★★★ Moon square Saturn, orb 4° 18'

When this aspect is not well integrated, there is no feeling of integration and security. You feel that you are not understood or even, that you are rejected. It is difficult for you to find inner peace and tranquillity. You lack the quietness and the primordial confidence that would allow you to lay back and to be carried away and pampered by life. This configuration indicates questionings and doubts regarding the unconditional affection that each individual longs for. You do not trust the world. You tend to dismiss social models, as well as your close friends' attachment and tenderness, probably because you need to test them and to get the feeling of being loved that you naturally lack. It would be a mistake not to see that you desperately need affection. You are particularly vulnerable to relationship flaws and you strive to find the gestures of love that would allow you to let go and to be nurtured by life. In such a context, the sincerity you display, as you give or refuse your trust, is highly commendable.

## Your Affectivity

In your chart, the Sun is in Gemini and Venus, in Cancer. It is difficult to imagine a more complementary – and opposite – combination of solar and Venusian signs. Gemini discovers, whereas Cancer integrates. The former implies a communication function and the latter, a protection function. It influences your affectivity with the paradoxical character proper to any double-faced configuration: love is just a game, but a trapping game. There is a strong inclination for novelty, comedy and whims. Without these ingredients, your love life would be very dull. You respond to flirting and to the entertainments offered by your seduction. However, you do not allow everybody into your affective realm. This is a restricted and valued area. Indeed, despite appearances, despite your real capacity to

exchange and to communicate, your affectivity is particularly selective and you are comfortable only with people whom you know well and with whom you naturally feel in harmony. You may get caught in your own traps: your ever searching soul, your eagerness for experiences and discoveries, but also, your need for a slowly maturing, isolated and privileged relationship. In addition, you have a very unusual romantic trend that flavours your sentimental life with salt, sugar and... pepper.

You are sensitive, vulnerable and tender at the same time, Angelina Jolie. When you love, you give your entire affection and your partner may in all confidence rely on a long-lasting and reassuring relationship. You are so calm and so tender that you think that it is enough to win over your partner's heart, and you are often right. However, do not mix up giving and receiving. You so deeply need to receive love in return that you may be too passive and in the long run, as you become demanding, you may show immaturity. Security and sustainability in your relationship are of utmost importance. Your family also is important, it is the refuge, even the sanctuary, where you like you hide when things go awry. You also dream of love, may be too much, and it may be detrimental to what might be concretely experienced if you were more dynamic or less fearful to get hurt. However, remember that you receive only as much as you give.

Angelina Jolie, Venus in the 1st house (also called Ascendant) represents your behaviour or your character, as seen by others. This position contributes to soften your personality and to bring a natural charm and an easygoing quality. It gives you a sparkling, attractive and sexy side: not only do you easily express your feelings in a seductive and affectionate way, but they are also an integral part of your vision and the image you project. You want to please, you have a taste for beauty, even luxury, arts, music, you especially look for harmony in everything and diplomacy is one of your most renowned qualities. Therefore, you are lucky in the sentimental sphere, you establish links easily and you can expect to have long-lasting relations. Since you happily express your feelings, it's only right that you reap what you sow. There is no gap between your behaviour and your feelings, which endows you with exceptional assets for seduction.

#### ★★★★☆ Venus square Uranus, orb 0° 38'

Your sentimental life is adventurous: you prefer Bohemia to the comfort of a quiet but shaky love affair. You are a hard-liner and you think that love should be genuine or it should not be at all! You have difficulties in resisting your heart impulses and untimely passions that may challenge your affectivity. You need air, freedom and a relative independence. You also need to fully experience your love impulses, regardless of the price to be paid. The heart has its own reasons that no rules can hamper... The obvious danger may be to cause dramatic hurly-burly. Your inflexibility on the affective plane does not favour a quiet life where « one makes do with very little ». You are the all or nothing type. But does the absolute really belong to our world?

#### ★★★★☆ Sun semi-square Venus, orb -0° 15'

The Sun and Venus form a mild dissonance in your natal chart. There is nothing very serious to worry about. There is only a small gap between what you really want on the one hand, and your natural need to charm and the warmth you display on the other hand. Thus, will and affectivity are slightly out of phase, but it is most likely that you are the only one who feels it. This is a quite trivial characteristic, and you probably do not have to correct it, since it is so mild.

## The Way You Take Action and Your Sexuality

Impulsive, impatient, quick and energetic? You? Yes of course, Angelina Jolie. You are courageous and able to make intense and huge efforts for a short while; and what a terrific rhythm! In sport, of course, or in your sexuality, you are not the type who ponders, you take action instinctively, “in a rough and ready way”. You are outspoken, you do not worry about other people's opinion and you do not allow them to slow you down or to judge you. You must succeed or fall apart. You cannot be bothered with diplomacy or with compromises. You are too straightforward and unyielding to waste time with finesse or shrewdness. This is what makes you charming because, with you, one always knows where one stands.

You may focus all your energy into your ideal, Angelina Jolie, be it political, religious, ethical, moral or, under its highest form, spiritual. Several areas may be involved simultaneously.

Taking action with all your heart may reveal a definite taste for dialectics, and you will not rest until you are understood and you have earned other people's adherence. You exchange with keen pleasure. You embrace the causes enumerated above, at the exception of spirituality, as it could never be a subject for proselytism.

You are able to instinctively identify the most important element in life from a remote distance and, inevitably, it does not belong to the material plane. You are not too interested in working for the concrete realm. You aim at longer-term objectives... and even further. Your energy is deliberately, fierily and boldly poured into the realms of the thought and the soul. You chose them all, some of them may be more futile than others, but they are all oriented towards abstraction, concepts, some of them being often more essential.

Your nature may also be more fact-oriented. In that case, you feel that the enrichment of your soul is particularly favoured when you deal with persons and environments that are alien to you: you express your capacity of action through frequent and long-distance travels so as to progress in your personal quest for knowledge.

### ★★★★★ Mars trine Neptune, orb 0° 22'

This harmonious Mars-Neptune aspect is a signature for the missionary or the inspired activist. You are guided by an irresistible and implacable ideal. Exaltation may border on sacrifice for the sake of the noble or rebellious causes that inspire your struggles and your actions. Far from intellectual speculations, you need to live through your passions, to take action and to let yourself be carried away by a mission, an ideal or sometimes, an illusion. Indeed, you may be a Don Quixote fighting windmills, dedicating all your energy to an indefensible or a fanciful cause. More often than not, your commitments are courageous, even heroic. And the faith you display turns perilous enterprises into feasible projects. You can successfully implement actions that are considered doomed to failure by others.

### ★★★★★ Mars opposite Pluto, orb -4° 11'

There is a limit to your respect for laws and norms! Morals, conventions, social marks are of little value to you. With a touch of anarchy in the soul, you disregard conventions and you experience a sort of personal revolution. You prefer unconventional actions to dull conformism. To express your differences, you use a wide scope of possibilities that ranges from brewing revolt to ideological renunciation. Sometimes, you dismiss concrete facts that are nevertheless unavoidable. Hence, you undergo delusions and backlashes. You may also act rashly, to the detriment of your ideals. It is important that you control your actions and that you balance the respect for constraints with your personal demands and inner motivations.

★★★★★ Mars conjunction Jupiter, orb 6° 43'

Coordinated action wins over almost all obstacles! You mobilize your energy and your fighting spirit advisedly and you take timely action. This is the reason why you are efficient in situations requiring courage, determination, swift responses and diplomacy, altogether. You do not fear confrontations but you never provoke them unnecessarily. You take advantage of your chances and you adjust your behaviour to concrete situations. You empirically handle events with relevance. The only danger is that you may be overzealous to seize any opportunity... even those that are not necessarily good in the long run. You should take the time to carefully consider the facts and their consequences. The swiftness of your reactions must remain an asset.

★★★★★ Sun sextile Mars, orb 2° 42'

This planetary Sun-Mars aspect reinforces courage, determination and energy. The need for action is obvious. Whatever your will designs is implemented with fieriness, despite all oppositions. You are decisive and wilful, even foolhardy. Your behaviour may be heroic: you know how to face adversity, to stand for your rights and your decisions, regardless of any confrontation you may have to cope with. The only danger may be that you overestimate your chances and your strength. But your audacity turns out to be rewarding, more often than not.

★★★★★ Mars square Saturn, orb 6° 4'

Why should you take action? And how? The surrounding world is not to be trusted. Past events have taught you to question simple situations and to intervene after thorough consideration. You are vulnerable to the traps of life, to confrontations and struggles. You may complicate your behaviour at will, often missing your target due to your self-censoring. Your interventions may lack spontaneity. You must overcome your doubts and acquire the certainty that you are able to handle realities and facts. If you make that effort, you can understand that there are many ways to make life simpler for yourself.

## Your Intellect and Your Communication Style

Angelina Jolie, an enquiring intelligence, an instant understanding and a wide range of interests prompt you to go towards other people in all circumstances with a view to exchanging ideas and to show your talent for repartee. Ideas and actions must be quick and you are likely to be impatient, even critical and sarcastic with people who cannot match your frantic rhythm. You are very adaptable, you can do several different things at the same time and also think of a future action because you constantly need to be on the move. You may be criticized for your superficiality, for spreading yourself too thin and for your propensity to conceal the truth, but you always get out of tricky situations incredibly well because you are very astute, shrewd and charming.

You are intelligent and brilliant as soon as you have identified a goal and you have partners to work with you. You are less inclined to undertake strictly personal projects, Angelina Jolie. Your mind and your curiosity include friends and collective projects. You believe that your particularly well-developed sociability is an asset for them.

Collective works, customers and public domain appeal to you, and you feel that you can achieve in those fields. Your negotiating skills are paradoxically stronger when you face the anonymity of a group rather than in intimate individual exchanges, may be only because you have no real interest in your own projects, for several reasons.

#### ★★★★★ Mercury trine Uranus, orb 6° 28'

Your state of mind is innovative and turns the surrounding world into a constantly moving field of experiences. You ask relevant questions ... and you answer them. Although you are flexible when you ought to, your principles and your beliefs are unwavering. It seems difficult to catch you off your guard. You multiply observations, relationships, contacts and you never lose face: actually, your mobility hides an unshakable determination and a deep lucidity. In a split second, you are able to catch the useful information or the enriching relationship. The original and fanciful steps you take exclude monotony. Your approach to life is amazing!

#### ★★★★★ Sun conjunction Mercury, orb 8° 54'

You know how to play with your image, how to give multiple representations of yourself. A precious asset: you are sensitive to other people's opinion and you adapt yourself to the audience. Of course, there is a "show" side in your manner that may prevent perfect cohesion. But that's the other side of the coin, for an extraordinary capacity to discover. This aspect translates into an acute sense of observation, an intense desire to learn and to bring everything to light. You strive to be informed in many circumstances, to understand the machinery of the world surrounding you, particularly regarding all human topics. And you will change according to that information and the knowledge gained. You have the chameleon's adaptation powers. And its vulnerability, as well.

#### ★★★★★ Mercury quintile Mars, orb -0° 22'

This harmonic Mercury-Mars aspect is the signature of a quick wit and an energetic character. You take decisions rapidly and you implement them straight away. You never accept stiff situations. You need to design, to take action, to fight to express your acute sense of relation: the world, the people, everything is of concern to you... You need to be involved in relationships and in dialogues. Your sharp retorts earn you a reputation of straightforwardness. On the relations' area, your quick wit and your mobility are greatly appreciated. You find the allies and partners you need at the right time. An art of resourcefulness that is precious...

#### ★★★★★ Mercury sextile Jupiter, orb 4° 54'

You display strong abilities for adaptation, social insertion and various learning capacities. You are credited with an acute sense of relations, probably because you can speak other people's language. You easily assimilate the most varied settings and your qualities are acknowledged. Your attitude and the words you use have the power to seduce and to convince your entourage. Diplomacy is an asset in your game. You are fit for negotiation and you seek compromise solutions. The only danger may be that sometimes, you too readily accept agreements that turn out to be less positive than foreseen, after a while. This is the other side of the coin for your exceptional flexibility and your unquestionable tact.

## Your Goals, Motivations, Career, and Destiny

### Your Sun is posited in the 11th House

You definitely are a good soul, Angelina Jolie: above all, you like to assert yourself by means of friendship, the true one, that is deep and warm; nothing is more rewarding than to be accepted and loved by your friends and by the persons you select.

Collective activities are the source of great satisfactions and it is through contacts and regular

acquaintance with your colleagues that you are able to give of your best: your sincere desire to forge strong friendship bonds while implementing your activities, (not necessarily of a professional nature), contributes to positively increase your charisma and even, to make you stand out prominently as a person at the same time benevolent and unselfish.

People are not reluctant to offer their valuable help. They are not fearful because they feel that you are a person who is not looking for any kind of power or domination but who only wants to earn their sympathy without reservation.

Supports and protections from higher-ups are repeatedly granted to you, and not in parsimonious ways. They help you to successfully implement your different projects, preferably within an affectionate and warm entourage; indeed, isolation does not suit you because you would feel that your efforts serve no purpose; your need for recognition and your thirst for warmth are very strong and you cannot spend too much time striving in solitude.

You are idealistic and very sociable. Teamwork, participation in humanitarian and artistic projects or works of public interest, are perfectly suitable.

Rivalries and squabbles may affect friendly relationships that you thought to be so steady and strong: it is obvious that it is impossible to make everyone happy. In such occasions, don't get into a terrible state about it. Your nature is so loving, simple and pleasant that you will quickly find elsewhere more loyal and reliable friends who will make you forget your few disappointments.

### **The ruler of your chart is in the 9th House**

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your chart is in the 9th House, Angelina Jolie. This position often gives you a strong taste for travels and foreign matters, whether through frequent real trips, or symbolically, through the pleasure to devote yourself to noble subjects: politics, religion, spirituality, or sciences. You feel the constant need to reach a higher level and to be on the move.

### **Aspects influencing your ambitions**

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

★★★★★ Jupiter conjunction Midheaven, orb 0° 27'

Jupiter, the most beneficial planet of the Zodiac, is in conjunction with your Midheaven, your destiny, Angelina Jolie. It is undeniably an auspicious configuration which favours your social ascent or your professional destiny, which are often influenced by your respect for the law, and your natural self-confidence. These qualities remove pitfalls out of your way. With this very nice configuration, your profession or your destiny may also be linked to values symbolised by Jupiter: prominent political figure, medical doctor, businesswoman, judge, solicitor, or any respectable occupation.

★★★★★ Jupiter square Saturn, orb -0° 02'

Jupiter and Saturn form a dissonance in your natal chart. It is far from being horrendous. This planetary configuration, which is deemed somewhere between the individual and collective characteristics, only indicates that your social integration may be delayed, or may encounter a few difficulties. Such slight delays or setbacks often have their origins in your own behaviour. Indeed, since Jupiter represents laws and public life, and Saturn, seriousness and perseverance, in many instances, you may become impatient, or even rebellious to any form of authority or legal constraints, to the extent that you cross the white line... When you face such circumstances, you must resign yourself to listening to reason and accept to wait for your turn, lest... your achievements are even more slowed down by your own haste.

★★★★★ Saturn square Midheaven, orb -0° 29'

Saturn is in dissonance with your Midheaven, Angelina Jolie. Of course, nothing really serious is to be feared. It is just that sometimes, you feel that an unfair slowness keeps on delaying the achievements you deem that you deserve right now. You must work twice as hard to climb up the rungs of success, and above all, you must not get disheartened. Effort is one of the values you must work on, and it is a punishment by no means. It is obvious that your goals are achievable, but you must remain on the right track and show perseverance. That's all!

★★★★★ Sun opposite Neptune, orb -3° 04'

If this Sun-Neptune dissonance is not well integrated, it may bring about confusions and errors of judgment. It is the signature for Don Quixote in search of chimera, pursuing impossible dreams. Your intuitions may lead to an incorrect estimation of facts. Bohemian life is certainly pleasant. But it is often necessary to remain realistic, lest to be exposed to delusions. Carelessness and letting-go is not suitable. In order to properly integrate this aspect, you must control the possible drift of a wandering and fabulous sensitivity. This aspect favours poetic and romantic inspiration. But you must not let it rule your concrete actions. It is important to allow your intuitive capacities to be fully expressed while keeping a lucid mind, simultaneously.

★★★★★ Moon conjunction Midheaven, orb 4° 47'

The Moon in conjunction with the Midheaven receives good press, Angelina Jolie. She indicates potential fame, or in any case, some degree of popularity. Your sensitivity is well perceived and, above all, it perfectly fits your professional destiny and your social ascent. Females may greatly influence your success. Your social status or your profession may be tightly linked to lunar values, such as frequent contacts with the crowd, children, women, daily matters, imagination, school, administration, leisure and sports for children, hotel and restaurant industry, bakery, poetry, the arts...

★★★★★ Mars conjunction Midheaven, orb 7° 1'

Your dynamism and your capacity for action work wonders and serve your interests, thanks to the conjunction of Mars with your Midheaven, Angelina Jolie. You undoubtedly have strong courage and fighting spirit, which enables you to achieve your professional goals, or your career progression, even though they imply struggles. More often than not, you triumph. As the French saying goes, "We triumph without glory when we conquer without danger"... Nevertheless, do not be too reckless. There is also a possibility that your profession is related to activities symbolised by Mars, such as the police, fire-fighting, surgery, metallurgy, the military, butchery, competition sports, etc.

★★★★★ Sun sesqui-quadrate Uranus, orb 0° 22'

This Sun-Uranus dissonance indicates a dazzling will to be the centre of attention and to proclaim your specificity, by all means. This aspect belongs to the rebel and the revolutionary restive to all forms of authority and of model. To balance this interpretation, the strong need for autonomy bordering on frenzied individualism must be highlighted. You allow nothing or no one to hinder your chosen line of conduct. Obviously, your attitudes are inflexible. You prefer to continue to the bitter end, even when you are wrong, rather than to be more open to people's ideas. Tyrannical attitudes often turn against the perpetrator... However, this configuration is a powerful agent for creativity, provided your hothead and extremist nature is kept under control.

★★★★★ Sun sextile Jupiter, orb -4'

This harmonious Sun-Jupiter aspect indicates an optimistic background that usually wins the entourage's adherence. It also suggests ambition and generosity and favours social integration and success. The desire to earn general consideration prompts you to display energy, joviality and benevolence. However, opportunism may be the other side of the coin. As you strive to win everyone's esteem, you may fall into disrepute. It is important that you remain clear-sighted so as to persistently pursue your long-term aims without believing that you should always « grab each and every opportunity ». However, this aspect remains an element of success because it allows you to adjust your objectives to the context, to whatever the situation offers or, on the contrary, to force your way through events and to achieve your ideals.

★★★★★ Mercury sextile Midheaven, orb 4° 26'

Mercury in soft aspect to your Midheaven enables you to easily communicate with your entourage and to climb up the social ladder, Angelina Jolie. Your strategy is often good, and you correctly think about your interests. Do not change anything!

★★★★★ Sun sextile Midheaven, orb -4° 27'

In the professional and social status areas, Angelina Jolie, you know what you want, and you know how to cleverly obtain it. Because the Sun and your Midheaven are in agreement in your natal chart, you have no qualms and no hesitations when it comes to defining the strategy for reaching your goal.

★★★★★ Sun trine Pluto, orb -6° 53'

This harmonious Sun-Pluto aspect indicates an exemplary clear-sighted mind. Without destabilizing your appearances or your personality mask, Pluto makes you aware of your subjective and questionable character, as well as of your manner. You never take yourself completely seriously. You have a good grasp of human nature's complex games, without gullibility, without excessive simplification. Because you can perceive hidden elements underlying any situation better than anyone else, you are acknowledged as perspicacious. This aspect allows you to distance yourself from difficult circumstances and to remain impassive when you must overcome pitfalls.

★★★★★ Neptune trine Midheaven, orb 7° 32'

Thanks to this soft aspect of Neptune to your Midheaven, Angelina Jolie, your intuition is very sharp, as far as your possibilities for success are concerned. Thus, you have no difficulties in finding your professional or social path, and your nose tells you whether something is good or not for you, even before you start to analyse it. Your imagination and your visionary qualities accompany you along your journey towards success.

## Your Assets and Your Part of Joviality

The planet of Greater Fortune in this sign favours self-confidence, Angelina Jolie, as well as the capacity to be enthused and to show your warmth. Your most valuable asset is your ability to easily express your fieriness and your ardour for the implementation of your projects. However, the danger is that your self-assurance may become an agent for rebellion or for indiscipline, in which case, it would play out against your interests.

This present from the stars is by no means insignificant, Angelina Jolie, the house of career, hosting the planet of Greater Fortune, can but favour your professional life. As time unfolds, it develops into a most pleasant scope. Sooner or later, it brings about success and your peers' recognition. You do not fear responsibilities, and you face them properly.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Aries amplifies your tendency to charge ahead and your self-assertiveness. You have leadership qualities, you are optimistic and you can mix the boldness with the will to succeed that are specific to Aries. Management ability, leadership and independence: your enthusiasm is a real asset for your life and for your charm!

## Your Serious Side

Your emotions are controlled and your imagination is analyzed through a magnifying glass. You gain in lucidity what you lose in emotionalism. You may be interested in your origins, in your roots and in real estate matters. You become thrifty as time goes by.

The combination of the house of ordeals and sacrifices with the planet of renunciation may seem awkward at first. However, Angelina Jolie, it may help you assert yourself when you are facing painful circumstances, or when destiny's strikes bring about periods of isolation.

If your generosity of spirit and your will are up to the stake – your quick and intense evolution - you may take advantage of this promising but difficult configuration. Then, you become stronger, more lucid, and more dedicated than ever.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what

follows.

Saturn in Cancer decreases your emotionalism. You are less vulnerable as you build a protective carapace, with all the good and the bad consequences that may be implied. You are provident and wise in the family and real estate areas, may be a bit too much.

## **A Few Special Points**

### **Your Uniqueness and Your Utopias**

As a general rule, at the end of your childhood, you quickly leave your parents' home because your thirst for independence is incompatible with a quiet life with your parents; in other cases, the atmosphere in your family is quite extravagant, even chaotic, and it is difficult for you to become stabilized, to feel secure, even though you need it for your balance. You are craving for it and this is what prompts you to leave your roots, sooner or later.

You are prone to unexpected home moves. Paradoxically enough, it seems that, as soon as you achieve stability, something makes you itch. You may be too sensitive, and when tense situations emerge, you feel an irresistible need for change. The best way to handle these problems may be that you, yourself, organize your instability at home, for instance through extensive outings or trips. In any case, you should manage to create the impression that you are not in the same place for too long.

The stages of your life unfold without continuity as if there was a rupture between each successive environment created as time goes by. The past disappears quite abruptly and allows you to grow faster. It is up to you to find some stability or some security elsewhere!

### **Your Inspiration and Your Illusions**

This pleasant combination may magnify your love affairs and your creativity and give them a romantic and whimsical side. If you are an artist, you often feel inspired and carried away by love and emotional impulses.

This area of your life is intense and, as a consequence, you are more vulnerable than other people. It is up to you to sort out among your positive, creative impressions on the one hand, and your out-of-proportion reactions caused by frustrating events, on the other hand.

You must know that you are exposed to love delusions. However, you are also entitled to the best part of love, when all is well.

In the fields of entertainment and relations with children, you are quite easily influenced and you follow your intuition more than your rational mind; rather emotion all on edge than reason...

## Your Passion and Your Authority

Your mind is particularly clear-sighted and, if you are so inclined, you can show creativity in literature because your vision is extremely deep and intuitive.

Your clear-sightedness may be a source of troubles within your entourage or your siblings. Indeed, your penetrating mind may prompt you to say things that you should never utter. You may also show a form of authority that lacks diplomacy when you deal with others.

Your short trips may be surrounded with mystery. In a few rare instances, they may bring about turmoil or on the contrary, happy disruptions.

## Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unaspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unaspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unaspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Your chart has no isolated planet, and this particular case does not apply to you.

## Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

### Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspid (the Ascendant) to the 7th house's cuspid - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, Angelina Jolie, the ten main planets are distributed as follows:

### Your Northern and Southern Hemispheres

Angelina Jolie, the predominance of planets in the Southern hemisphere prompts you to take action, to draw attention on yourself, and to make your actions and what you have in mind visible to everyone. Sometimes, without giving a single thought to, and to the detriment of, a richer inner life and a deeper and wiser reflection. Action and communication are inevitable in your opinion and you tend to think that the only thing that matters is what is seen! This is not always true, and it is up to you to progress through the development of inner qualities such as meditation, solitude and imagination so as to become stronger.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

Angelina Jolie, here is the planetary repartition in your Eastern and your Western hemispheres:

### Your Eastern and Western Hemisphere:

Angelina Jolie, the East and West sides are well balanced in your chart. This means that you are not too determined or authoritarian, and that you are neither impressionable nor fragile. You are capable of taking decisions, in full awareness, without anyone's help when circumstances so require. However, you have no problem taking your entourage's viewpoints into consideration, with tact and intelligence.

### Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

## Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yang energy, the active polarity, Angelina Jolie: more concerned about actions than reflection, you sometimes rush without standing back and without the deepness that is needed. However, your spontaneity prompts you to take fresh starts, even after repeated failures caused by your rashness.

### Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cuspides correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

## Your Houses' Accentuations

Cadent houses, namely the 3rd, 6th, 9th and 12th houses, are very emphasized in your chart, Angelina

Jolie. They indicate important potential for communication, adaptability and flexibility. These houses are symbolically linked to the mind and intellect. The relative weakness implied by these characteristics indicates your tendency to hesitate or to be indecisive, but also your remarkable ability to start off again, which is a nice quality, finally: you can easily get yourself out of a tight spot thanks to your mobility and casualness, in the best sense of the term. This group of houses corresponds to evolutionary characteristics of your personality. However, they are only indications and you must include them in the rest of your chart in order to see whether they are validated or not!

### Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

### Your Esoteric Decanates

The second decanate, which means the part between 10° and 20° of any zodiacal sign, prevails in your natal chart, Angelina Jolie: these 10 zodiacal degrees emphasize logical thought and mental values. Therefore, you may be drawn to some kind of scientific activities, research, writing or any sort of expression where you have to... think a lot.

## Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

### The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

Your destiny hinges on spiritual values. Early in life, you developed relationship abilities and you showed a healthy curious mind. You are insatiable when it comes to exchanging new concepts but you limit your horizon line to tangible and useful facts. As time goes by, you feel the desire to leap further and to discover new territories or different philosophies. You may have a growing interest in metaphysics or in religions, or you may travel, so as to keep up with your desire for evolution. Never mind! What is essential is that you never stagnate and that the vagaries of life do not take precedence over your thinking process or your spiritual growth. You dream of getting rid of everyday constraints and of reaching another dimension of life pertaining to large spaces and to ideals. You need to live intensely, to discover again and again. You long for a better world? The danger is that you may get trapped in illusions and utopias. But life would be so dull without an ideal!

You make friends easily and you earn your entourage's confidence and esteem. Very early, you develop an acute sense of fraternal relations, generously receiving and giving. This spirit of mutual aid may lead to a happy-go-lucky attitude that may border on carelessness... As you rely too heavily on friendship, there may be a danger to undergo a few setbacks: idealism and spontaneous dedication may meet with ungrateful reactions or the indifference of the very persons whom you try to help. Your destiny is probably marked with a quest of individual achievement. It is of utmost importance that you create, that you beget a fruit, a work or a child. Little by little, you become independent, without selfishness, but with the strength of those who know that they can only rely on themselves. Do not hesitate to live your dreams to the end and to engender, over and over again. Creation, whatever its form, is the path to your fulfilment. You slowly discover the pleasure to design as you please, without outside interference. It is important that you find an area for your personal expression and, as the poet says, "before the eyes, constantly, night and day, either a great labour or a great love".

## Lilith or the Dark Moon

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and insubordination.

The Black Moon here readily sacrifices the ties of this world to the essential: spiritual life and renunciation, fusion into an ideal. Your dreams are strange: life vagaries do not matter since your quest is internal. In the course of your progression, you may often show an unusual faculty of detachment. Although the reasons why you give up a given road for another one may not be always understood... though deep down, you know the reason why.

This configuration predisposes to the quest of the absolute on two accounts: firstly, the very nature of the Black Moon, implacable and extremist, and secondly, she is in a sector of the Zodiac that is traditionally evolutional but extremist. Here, you flirt with death, danger and challenge. Everything suggests transformation, abandonment and revival, passion and cruelty. There is no half-measure in your behaviour, only a terrifying and marvellous thirst for the absolute... That'll take some doing for the person who will experience it with required intensity!

## The Part of Fortune in House

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 11th house: anything that has a human nature catches your attention. Friends, ideals, great humanitarian causes... You have original ideas for the betterment of the world. You do not consider the Tradition – or Traditions – to be immutable and ossified. It is important that you work on a reform or an overhaul of existing institutions: although you do not turn into a revolutionary, you are sensitized to society or educational projects. With the help of your entourage, and because, better than anyone else, you can earn the consideration of your close friends, you will slowly transform your familiar surroundings... since you cannot change the world!

## Retrograde Planets

The karmic tradition insists on the issues related to the so-called retrograde planets. They are considered to be the inheritance of a past that was not well experienced, a sort of unfinished business. The interpretations of the retrogradation may seem negative or excessive to you. However, you may relate to a scenario that you have often and repeatedly experienced... as if you underwent several setbacks that all have the same cause. Until the day you become aware of it and you can free yourself from it! Through the slow integration of these planetary energies, you will be able to overcome your difficulties and to pay your karmic debt. Actually, each retrograde planet highlights an opportunity for evolution. Nothing can be achieved without the will to grow spiritually and to defeat your own demons.

The planet Mercury was retrograde on the day of your birth. You probably have to make an effort to harmonize your relations: you are prone to screen others with a critical eye and you do not overlook the slightest flaw. You are exceedingly clear-sighted and you approach your contemporaries with distance rather than with natural. This type of behaviour may be an asset: your enquiring and pernickety mind

prevents you from being too gullible. However, your reservations may impede your communication. As time goes by, you learn to establish contacts more spontaneously. During your childhood, you faced problems of expression in your heart of hearts: your doubts prompted you to project an image that was out of touch with the reality... turbulent or withdrawn, you could hardly establish conventional ties. As an adult, you are in a better control of these elements. You still have to find the right way to tell who you really are: this is how you can improve your relationships.

Uranus was retrograding on the day of your birth: you have the soul of a rebel and your behaviour may often be tyrannical or extremist. Your manner has brought you setbacks. You lack the flexibility that spares you the pain of forcing your ways through events. The danger may be that you get trapped into rigid patterns and into personal logics incompatible with others'. This is precisely what your life's lesson is about: as years go by, your judgments are more qualified and your attitudes become less cut-and-dried, less stubborn. You must lose the essentially individualistic character of your childhood and be more open to other people's ideas and problems. In other words, a path of love. Without losing your remarkable resolution, you must practice some form of renunciation and be sensitive to various logics that constitute the wealth of your social life.

Neptune retrograding concerns spirituality. You may have expressed early in life a few reluctances about the subtle world of faith. You may have ignored destiny's signs and winks and you preferred to stick to your certainties, to a rigorous and objective control of your life. You dread your own aspirations and you readily trust others': this causes a lack of autonomy and the feeling that you may not receive as much as you give. However, several delusions teach you that you must relativize your calculating and methodical attitude and open up to the irrationality of love in order to find an inner and more spiritual progression. Embracing the invisible is a process that unfolds as years and experiences go by. Your own generosity increases as you become aware of your entourage's generosity.

Pluto retrograde suggests power issues and mishandled relations: for you, everything comes down to power struggles, submission and domination, Machiavellian manoeuvres, including within your couple... The results are complex behaviours and an obsession for the power to influence people. Yet, life teaches that you must simplify your relations and adopt more transparent attitudes and healthier desires... As years go by, you will tend towards more simplicity and you will slowly discover that human energy can, and must, be at the service of the good, or of well being, in compliance with our individual progression.

**N.B:** modern astrology attaches less and less importance to the principles of retrograding planets.

## Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
