Arnold Schwarzenegger's Astrological Portrait

Introduction

To fully benefit from this portrait, we suggest that you read its introduction and its preamble carefully, and then that to take the time to soak up the interpretations of each chapter. Given the large number of texts, which mirrors the human being's complexity, you may need to go through the contents several times, so as to get a good grasp of their meaning and to know yourself better. This will reward your patience.

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very

different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

Your Planets, Houses, Aspects, and Natal Chart

Arnold Schwarzenegger, born July 30, 1947, at 04:10 AM, Graz (Steiermark (Styria)), Austria [15.27E ; 47.05N ; 2E00]

Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into assets through your life experiences. The yellow aspects are innate strengths on which you rely in order

to grow better with the former...

Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

Your Four Quadrants

Arnold Schwarzenegger, the nocturnal North-eastern quadrant, consisting of the 1st, 2nd and 3rd houses, prevails in your chart: this sector favours self-assertion and material security to the detriment of your perception of others. You consider self-transformation to be a hazardous adventure. You are inclined to seek stability and you tend to protect yourself with your actions. Possession, acquisition but also communication, without opening up too much, are part of your deep motivations. You are rather autonomous and constant, however it is important that you pay more attention to others, so that you can improve your outcomes.

Your Dominant Modes and Elements

Arnold Schwarzenegger, here are the graphs of your Elements and Modes, based on planets' position and angles in the twelve signs:

Your Four Elements

The predominance of Water signs indicates high sensitivity and elevation through feelings, Arnold Schwarzenegger. Your heart and your emotions are your driving forces, and you can't do anything on Earth if you don't feel a strong affective charge (as a matter of fact, the word "feeling" is essential in your psychology). You need to love in order to understand, and to feel in order to take action, which causes a certain vulnerability which you should fight against.

Arnold Schwarzenegger, Fire is dominant in your natal chart and endows you with intuition, energy, courage, self-confidence, and enthusiasm! You are inclined to be passionate, you assert your willpower, you move forward, and come hell or high water, you achieve your dreams and your goals. The relative weakness of this element is the difficulty to step back or a kind of boldness that may prompt you to do foolish things.

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

Your Modes

Arnold Schwarzenegger, the Cardinal mode is dominant here and indicates a predisposition to action, and more exactly, to impulsion and to undertake: you are very keen to implement the plans you have in mind, to get things going and to create them. This is the most important aspect that inspires enthusiasm and adrenalin in you, without which you can grow weary rapidly. You are individualistic (maybe too much?) and assertive. You let others strengthen and improve the constructions which you built with fervour.

Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

Arnold Schwarzenegger, here is the evaluation diagramme for your planets:

Your Dominant Planets

The three planets that are most highlighted in your chart are Mercury, Venus and the Sun.

With Mercury among your dominant planets, you are certainly cerebral, nervous, swift, curious, quick-witted, and you love to communicate. Your psychological pattern is intellectual, all the more so since Mercury is important, with its whole set of assets but also of weaknesses, obviously.

Your sensitivity, emotions, and heart's impulses give precedence to thinking, which can lead people to believe that you are a playful and witty but heartless person, intellectualizing situations and juggling with words and numbers whilst ignoring human aspects of things. Of course, it is said that cats always land on their feet - this is your Mercurian strength and your trump card!

Your weakness lies in your nervousness, and you may miss your goal because of your "over-intellectualization" that may be detrimental to other kind of energies such as instinct, spontaneity, heart, sensitivity, etc.

With Venus among your dominant planets, one of your first reflexes is... to please! Your look, your charm, and your seduction are omnipresent elements in your behaviour.

Your approach to things is connected to your heart, and for you, no real communication can flow if your interlocutors exude no sympathy or warmth. Cold and logical reasoning, clear thoughts and good sense are not important to you: if there is no affective bond with your environment, no connection can be established with the Venusian that you are, and nothing happens.

You have a strong artistic side, and you never neglect subjective but clear concepts such as pleasure, beauty, and also sensuality. However, sometimes to the detriment of efficiency, durability, logic, and... detachment.

One of the dominant planets in your natal chart is the Sun. He symbolizes will, magnetism, sense of honour and dignity. You are a Solar being, and you often display charismatic and leadership qualities. Your warmth and your persuasive power lead you far away from pettiness. You enjoy thinking big and, consequently, you move forward according to what you decide.

Your Solarian weakness may be related to the sin of pride or to excessive authority. The frontier between pride and vanity is tenuous: be careful not to overstep it and to keep the nobleness of heart that is part of your charm.

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Cancer, Leo and Capricorn. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

Cancer is one of your dominant signs and endows you with imagination and exceptionally shrewd sensitivity. Although suspicious at first sight - and even at second...- as soon as you get familiar with people and let them win your confidence, your golden heart eventually shows up, despite your discretion and your desire for security that make you return into your shell at the slightest alert! Actually, you are a poet and if you are sometimes blamed for your nostalgia and your laziness, it is because your intense inner life is at full throttle...

With Leo as a dominant sign, you naturally shine brightly. Your dignity, your sense of honour, and your generosity can almost turn you into a solar mythological hero, a knight or a lord from the ancient times. People may blame you for your selfishness, your pride or your somewhat loud authority, but if you are self-confident, kind-hearted and strong-willed, it surely makes up for your little flaws, as long as they remain moderate...

Capricorn is one of your dominant signs and endows you with a grave and serious style that seems to stick to you constantly. But if you have that reserved and cold side - as some extrovert people may think - on the other hand, you possess sturdy qualities: you are strong-willed and tough. Your long-term vision, your sense of duty, and your ambition are not affected by the derisory and erratic motions that seem to upset most mortals less steady than you. Besides, you are like a good wine, you age well and your natural solemnity or serious side paradoxically turns into an almost cheerful appearance, as you grow older. You are actually very sensitive when it comes to love. Faithful, caring, sweet, and sensitive, your behaviour is very different in your everyday, sentimental life. A golden heart beats under your tough and austere

appearance...

Your Dominant Houses

Houses 1, 2 and 6 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

With a dominant 1st house, your magnetism is powerful, and your individuality as well as your willpower are out of the ordinary. You are a determined, strong-willed, and assertive person, with this relative criterion at least.

It is likely that you never go unnoticed when you are in a crowd or a in reunion: an important 1st house suggests that you are a charismatic person with above average vital energy, especially if the Sun is present in this sector.

Your personal interests are always important and you never forget them, which doesn't mean that you are self-centered, but only that you behave according to what is in harmony with your deep nature!

The 2nd house is among your three most tenanted houses: life's material aspects - with everything that is implied in terms of security, appetite for life, desire for possession - are deep-seated and you can never be content with living on love and fresh air. On a more abstract level, you may have similar feelings regarding relationships: possessiveness and jealousy in the worst cases, but also faithfulness and durability.

Your 6th house is quite emphasized and indicates interest in work and daily occupations that take up a lot of your time: in analogy with Virgo, this house inclines towards perfectionism and training; somehow, you may be fulfilled through the process of being useful and investing your energy in your work. An environment appealing to you may be involved - your colleagues, for example - or a passion for one of these daily occupations. Medical positions or pets may play a role in your life; or ancillary love affairs too... These are a few possibilities indicated by an important 6th house.

Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

You were born under the sign of Leo and your Ascendant is in Cancer

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

Your inner self is marked by the sense of honour and loyalty towards yourself as well as towards an idea, a project, or a group. Owing to your Cancer Ascendant, you are reluctant to assert yourself right from the beginning, and you prefer to wait until you find out whether people deserve to discover your true self and your personal world. However, your Leo Sun finds it difficult to remain impassive whenever it is humiliated. Nevertheless, thanks to Cancer's carefulness, you are capable of waiting for the right time and of choosing the proper means to react. You must be aware that your behaviours sometimes seem fuzzy and enigmatic to your entourage, even though to you, they are totally in line with your inner and often... irrational logic. Owing to your Leo Sun, your feelings are powerful, and you see the world as an entertaining colourful show in which you play your part in a dramatic fashion, though you do not fool

yourself. Sensitivity and lunar emotions, which are Cancer's attributes, prompt you to remain on the alert when you meet people for the first time and to reveal your protective, yet possessive side only later on. However, do not be too stubborn, demanding or tyrannical.

You were born with the Sun in Leo

Psychologically speaking, your nature is powerful and self-assured. You are a leader whose strength and nobleness naturally arouse your entourage's respect and adherence and your legitimacy is unquestioned. Your sense of commandment, the honour your person constantly exudes, your prestige and your charisma is a whole which puts you into the spotlight wherever you go.

As you are born under this sign, you are proud, determined, wilful, loyal, solemn, generous, ambitious, courageous, heroic, full of vitality, creative, confident, seductive, happy, daring, proud, majestic, honest, magnanimous, charismatic, responsible, noble, brilliant, radiant, dramatic, affectionate, full of humour, demonstrative, swaggering and self-confident. You can also be domineering, conceited, touchy, authoritarian, stubborn, intolerant, self-centered, irascible, violent, and nonchalant.

In love, Sir, you are very demanding. You are a powerful and loyal lover. Your partner must be the most beautiful and the most brilliant person and she must make you feel that she admires you. In such a case, your generosity has no limit and you give your love without reservation, with nobleness, liberalities and luxury. You set up a stable and brilliant home where children have the essential part.

The main danger is that you value trust to the extent that you grant it generously but too hastily: if you happen to find out that your trust is misplaced, the whole world around you crumbles and the relationship is forever damaged. In this regard, you are cut-and-dried and you feel so hurt and humiliated that you seldom can forgive.

Another similar danger comes from the fact that your expectations are very high and it is very unlikely that real life offers such unconditional and lasting love: for this reason, it is not unusual that you never marry, all the more so because your self-centered character is not prone to self-questioning...

Your Ascendant is in Cancer

Psychologically speaking, your nature is dreamy, oriented towards nostalgia for things past. You are very instinctive and you protect yourself against the outside world. Your inner life is rich, with fertile and even unlimited imagination, a propensity to avoid unnecessary risks and to pursue security. You show your true face only to persons you can trust, when there is a kind of well being triggered by the nostalgia for the past.

As you are born under this sign, you are emotional, sentimental, restful, imaginative, sensitive, loyal, enduring, protective, vulnerable, generous, romantic, tender, poetic, maternal, dreamy, indolent, greedy and dedicated. You may also be fearful, unrealistic, evasive, passive, touchy, anxious, dependent, stubborn, lunatic, backward-looking, lazy, burdensome, impenetrable and a homebody.

Love in the masculine mode: for you, Sir, in love, you are tender, sensitive and quite loyal. You are influenced by a mother-figure and you unconsciously look for a partner who will offer as much attention and affection as you used to receive as a child. You are a homebody and a dreamer and you blossom in the family cocoon you create, dreaming of adventures and extraordinary trips... that you most often take

in your head.

Tenderness is more important than sexuality, even though it is also an agent for security and for stability. You tremendously appreciate to be again the spoiled child that you used to be, as you savour tasty little dishes or as you receive the frequent praises you need in order to feel reassured.

You are sheltered from tragedies and life complications because at the very moment when a difficult situation emerges, you nip it in the bud either by ignoring it or by withdrawing into your shell quietly, until the storm subsides.

Your home is happy and rich, quiet and harmonious, throughout your life.

The ruler of your chart is in Capricorn

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of the Ascendant, Arnold Schwarzenegger, is the Moon. In the sign of Capricorn, it gives you the desire to broaden your knowledge and to get a long-term vision for your ambitions. Persevering and wise, you know very well what you are aiming at, even though some people may think that you are slow. What matters to you is the result, and you are convinced that time is your friend.

Aspects to your Ascendant

Several planets form an aspect with your Ascendant, Arnold Schwarzenegger. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Cancer Ascendant only, but which are a blend of its characteristics with those of the said aspects.

★★★★★ Mercury conjunction Ascendant, orb 1° 04'

Your sense of communication and your intellectual process perfectly match your external appearance, Arnold Schwarzenegger. Thanks to Mercury, you are able to carry out your self-analysis very well and quickly, which gives a lot of spontaneity to your intellectual exchanges with other people.

★★★★★ Jupiter trine Ascendant, orb -1° 07'

Jupiter in soft aspect with your Ascendant naturally endows you with a reassuring, calm, and benevolent side, Arnold Schwarzenegger. You honour your commitments without qualms, and thanks to your heart of gold and your generosity, your behaviour is protective and nice. You like to please other people, and whenever it is possible, you enjoy finding compromise solutions to all problems.

★★★★★ Venus conjunction Ascendant, orb 7° 14'

Owing to this conjunction of Venus with your Ascendant, your natural charm may wreak havoc, Arnold Schwarzenegger. You tend to see the pleasant side of things, and this natural laid-back attitude is undeniably appreciated. Your cheerful behaviour favours the instinctive and positive rapport you establish with other people.

★★★★★ Mars semi-sextile Ascendant, orb -0° 59'

Your vitality and your taste for action are obvious, Arnold Schwarzenegger. Thanks to Mars, your behaviour is often perceived as energetic, or at least, as action-oriented and enterprising. Your dynamism is one of your constant assets.

Your Sensitivity

Your sensitivity is withdrawn, Arnold Schwarzenegger: more than anyone, you tend to lock yourself in your ivory tower, as you are aware of a kind of superiority that may be real, though overrated. Your moods are not perceptible because you control them with a tight fist. It is difficult to know if you are happy or upset because you show nothing. You avoid situations which compel you to reveal your emotions because you are not demonstrative. Please, be aware that it is not your amorous behaviour that is being analyzed, but the daily expression of your sensitivity. You dread the crowd and you need calm, and even solitude, to feel comfortable. You are well-equipped to remain balanced in all circumstances, but it may prove beneficial if you progressively take a relaxed attitude and show more dedication, as you are worth it; it is easier for you to exteriorize your feelings when your projects or your ambitions justify that you do so. You do not practice gratuitous outpourings, particularly when you are with a group, because you are afraid to open up, as if you were on the defensive, without any reason most of the times.

Arnold Schwarzenegger, it is likely that you are popular in your work environment, and you may even be considered to be some kind of star by your colleagues. Or, if it is not the case, you have a clear tendency to react emotionally, very quickly and strongly in this sphere. At work, you need to feel liked and appreciated and to be shown accordingly!

You are mobile and changeable in your profession, and to tell the truth, your everyday life is full of surprises. Sensitive and imaginative, you are vulnerable to others' opinions. Health issues concern you more than they should; beware of not becoming a hypochondriac, some day...

★★★★★ Moon square Neptune, orb -4° 55'

This Moon-Neptune dissonance wonderfully turns on the poetic soul, the exhilaration of feelings and dreams... and disturbs your practical life, as well as the management of contingencies. You do not lack inspiration but your reasons of living may be beyond your entourage's understanding! Bohemian life is pleasant but it is probable that you experience muddled situations. Your aims are noble and your intentions are very good. But you may not have the will to turn them into reality. It is important that you are wary of artificial paradises: escaping in the imaginary is not necessarily the best solution for problem solving. You are in search of an inaccessible tranquillity and you tend to procrastinate chores. Nevertheless, facts remain present and you may see that non-interventionism can only increase your difficulties. You must put an end to this vicious let-go circle. This does not imply that you have to forsake your dreams or to repress your very rich sensitivity.

★★★★★ Moon semi-square Jupiter, orb 0° 31'

When this aspect is not well integrated, there is a tendency to conceal your true nature and to cheat on your true self. Appearance, emphasis and games hide the essence of your aspirations and may trouble your intimate life. Despite your apparent joviality, it is often difficult for you to live in conformity with your inner demands. Actually, it is difficult for you to reconcile your social life with your private life. The former excludes the latter. To properly integrate this aspect, you must learn to harmonize your external attitudes (social and professional ones) with your daily rhythms. It implies that, when you are in a trustworthy situation such as your family or your home, you accept to behave differently from when you are in a larger context, exposed to social stress. You must neither ignore them, nor should you favour them.

★★★★★ Moon opposite Uranus, orb -9° 01'

The Moon and Uranus intrinsically share little in common: they get along as well as fire and water! It is difficult for you to reconcile your desire for well being and intimacy with your destiny's dazzling passions and thunderbolts. You may feel that your intimate and family realm hampers your freedom. There is a potential for crises, explosions or splits. The desire for independence does not get on well with security concerns. There may be strong temptations endangering your very life foundations and you may embark upon a liberating and personal adventure. However, you fear rash decisions. Your need for security may temper your impulses and put a brake on your individualistic aspirations. To harmonize these tendencies within your intimate life, you must leave yourself enough room for personal expression or for an activity of your own. Otherwise, as days go by, built-up tensions may jeopardize the quiet course of your life.

★★★★★ Sun inconjunction Moon, orb -2° 34'

In your chart, two polarities are clearly opposing - or complementing – each other: on the one hand, solar values, the image you project and the models you follow. On the other hand, lunar values, moments of letting-go and well being through casualness. When you commit yourself in a project, it is often to the detriment of your peace of mind. Conversely, you completely feel that you are your true self only when you are no more under the scrutiny of the outside world. Therefore, you separate your social and professional activities from your private life and you seldom match the requirements of the former with those of the latter. It may be a hurdle, a fundamental anxiety. It may also be an obvious asset, when it is well integrated: in that case, you succeed in assigning to yourself, and in fulfilling, objectives that are not necessarily in line with your intimate natural demands, which are preserved and separated from your intentions, your ambitions and your expectations. Thus, a strong will can turn this Sun-Moon hard aspect into a rich instrument for creativity. A shadow zone, or uncertainty, still remains: on the affective plane, you are very sensitive. May be too much, to the extent that you become vulnerable in many circumstances. Because in different periods of your life, your landmarks (solar) and your intimate balance (lunar) will be simultaneously challenged.

Your Affectivity

In your chart, the Sun is in Leo and Venus, in Cancer. Is Sun in Leo's desire for conquest compatible with Venus in Cancer's fundamentally selective character? The need to shine, with the desire for security? These antagonisms constitute the complexity and the richness of your affective life. However, these two summer signs have in common an exacerbated sensitivity and an emotionalism all on edge. While Leo is conquering, Cancer wants to be tender. Both signs are selective, touchy and often whimsical. Your concept of the couple is dramatic, as demanding as it is thrilling and, at the same time, pernickety and endearing. Your affective fulfilment goes through a double desire: esteem and recognition for the Sun in Leo, and situations of confidence and intimacy for Venus in Cancer. Such desires are not incompatible, despite the difference of their nature. If your partner can grasp the ambiguous character of this duality, your attachment will be unflinching.

You are sensitive, vulnerable and tender at the same time, Arnold Schwarzenegger. When you love, you give your entire affection and your partner may in all confidence rely on a long-lasting and reassuring relationship. You are so calm and so tender that you think that it is enough to win over your partner's heart, and you are often right. However, do not mix up giving and receiving. You so deeply need to receive love in return that you may be too passive and in the long run, as you become demanding, you may show immaturity. Security and sustainability in your relationship are of utmost importance. Your

family also is important, it is the refuge, even the sanctuary, where you like you hide when things go awry. You also dream of love, may be too much, and it may be detrimental to what might be concretely experienced if you were more dynamic or less fearful to get hurt. However, remember that you receive only as much as you give.

Arnold Schwarzenegger, Venus in the 1st house (also called Ascendant) represents your behaviour or your character, as seen by others. This position contributes to soften your personality and to bring a natural charm and an easygoing quality. It gives you a sparkling, attractive and sexy side: not only do you easily express your feelings in a seductive and affectionate way, but they are also an integral part of your vision and the image you project. You want to please, you have a taste for beauty, even luxury, arts, music, you especially look for harmony in everything and diplomacy is one of your most renowned qualities. Therefore, you are lucky in the sentimental sphere, you establish links easily and you can expect to have long-lasting relations. Since you happily express your feelings, it's only right that you reap what you sow. There is no gap between your behaviour and your feelings, which endows you with exceptional assets for seduction.

★★★★★ Venus quintile Neptune, orb 0° 05'

Your sentimental life unfolds like a strange dream. Love is too delicate to be tamed or controlled. You follow your heart impulses in an idyllic ambiance, far from reality's ordinary constraints, far from conventions and conformism. You exude a particular charm, discreet and subtle. But your affectivity may be disconcerting. You are very sensitive to marks of affection and tenderness, although you are aware that love cannot be bought or won. What is meant to be will be and it is impossible to know the hows and the whys behind a prevailing harmony. The obvious danger is that you may refuse to make any effort in such conditions. Living as a couple must feel natural and you do not need to objectively build the foundations of a relationship. You are an idealist and you dream of an affective paradise, which may be too good to be true...

★★★★★ Mercury conjunction Venus, orb 8° 19'

This aspect sensitizes you to games of seduction. You like to multiply romantic undertakings, you invent new reasons to seduce or to be seduced. Although your romantic life is not a model of stability, it is full of discoveries, varied emotions, both sensual and cerebral. You know how to earn your entourage's liking through your acute sensitivity. You play around with feelings, with relationships and with love... Mercury and Venus commonly share the capacity to sensitize to human topics. Your receptivity towards others is high. Your broad-mindedness goes hand in hand with your heart's generosity. You pay particular attention to the way people look at you and the effect you make when you meet or exchange with someone. Actually, you expect a lot from others: acknowledgement of your qualities, as well as esteem and consideration. You may also be touchy beyond what you may give to think. In many instances, relationship games may turn out to be more serious than expected.

★★★★★ Sun conjunction Venus, orb 9° 43'

This aspect gives a strong concern about the image you project. You pay a lot of attention to the impression you make and to the charm you exude. You need to know that you can rely on your seduction capacity and earn the liking of your entourage. What people think is important to you and you try to meet your close friends' expectations. You certainly want to please them, but above all, you need their attention. You are seeking pleasure, esteem and affection. But ideals and desires make up a whole: you can be at your best only with those who naturally attract you and for whom you have an esteem that is independent from facts. Your feelings are a response to your quest of the absolute: the persons you find

likeable are adopted. Other people are rejected irrevocably! Your character is very affective and it constitutes an asset in many circumstances. Your capacity to seduce, to gain support and to earn esteem is above average. The only danger may be that you abide by the current fashion and trend more than by your own motivations and by what is essential, for the sake of appearances.

The Way You Take Action and Your Sexuality

Arnold Schwarzenegger, your mental activity is exuberant. Ideas are buzzing at high speed and you have the ability to think of several different things and to simultaneously process them. You are less interested in actions on the concrete or physical plane, because once you “see” a solution, its implementation is not that important any more since the crucial thing is that your mind remains bubbling with excitement. You are cerebral and curious and your sexuality is filled with fantasies, where pleasant ideas are mixed up with amplifying and enriching desires. Therefore, you are not simple but if your partner follows you, the stake is really worth it. Verbal jousting, the pleasure to debate and to discuss are continuous, with you. The only danger is to irritate people who may not have your swiftness or your sense of humour.

As strange as it may seem, Arnold Schwarzenegger, to you, action means behind the scenes and secrecy. The form of your action is important, as compared to what you actually do. You want no publicity on what you are doing and the reasons of your struggle!

You loathe being seen when you are on the move. You have the uncomfortable feeling that you are spied upon, that people may judge you. Or you are afraid to displease others. You enjoy taking action in the dark. You may be dedicated to charitable causes, and it is natural to you that you must focus your energy on them.

Humanitarian works, secret settings (hospitals, prisons, convents, etc.), remote and forgotten places (charity missions operating abroad, etc.) constitute privileged settings for the expression of your capacity for action (and for devotion), that is as strong as anybody else's, although it is marked by these quite peculiar characteristics.

Struggles may crop up in the guise of hidden pitfalls and enemies: you may have to fight in some secret ways, in order to face these dark events. It is an art which you master quickly and which enables you to triumph over adversity, more often than not.

★★★★★ Mars conjunction Uranus, orb 4° 23'

This harmonious Mars-Uranus aspect indicates an unshakable determination and the will to further your ideas through drastic, sudden, sometimes dramatic actions. You bend the string of your bow before taking action and you hit at the right time. The secret of your feats? An excellent command of your blitz actions. You concoct your plans in the dark, and then you move to an efficient and quick execution step that is often dazzling. You do not have the temperament of a loser. When you face an ordeal, you focus your entire energy and will on your unique aim: victory over any obstacle. This planetary configuration may lead to dangerous, even heroic actions. The danger is that you may over-estimate your strength or your chances for success.

★★★★★ Sun semi-square Mars, orb 0° 58'

This aspect shows impulsivity, a fiery character and sensitivity all on edge. The excess of strength and energy may jeopardize your life balance and cause impulsive and unconsidered actions. Your ideals are not always in line with your deeds. You are certainly reactive and you stand for yourself heroically. But your untimely fits of anger may worsen existing tensions and bring about uncontrollable situations. Facts contradict your aspirations. When this configuration is properly reined in, it becomes an inexhaustible source of passion and energy.

★★★★★ Mars inconjunction Jupiter, orb -2° 06'

You mobilize your energy as soon as there is an opportunity to turn your chances into concrete reality. You assert yourself in a spectacular and demonstrative manner as soon as an assembly gathers and there is a chance for success. However, too much haste and zeal may harm your projects and spoil your expected outcome. The danger with this aspect is your overzealousness as you strive to achieve your objectives and your ambitions, forcing your way through events, whereas the situation requires diplomacy and patience. Too much fieriness may make you miss your target. With this planetary configuration, it is important that you keep in mind that some circumstances need to be handled with precision and clear-sightedness. Not all opportunities are necessarily good. It would be a pity to lose your efficiency through excesses of opportunism or of enthusiasm.

Your Intellect and Your Communication Style

Your intelligence is sensitive and delicate, with good comprehension abilities, Arnold Schwarzenegger, which endows you with a strong intuition and receptivity. To you, impressions and feelings prevail over facts and your excellent selective memory is not cluttered with useless elements. Although you are not aware, your fertile imagination may lead you to change your daily reality so that it matches your dreams better. If you are creative, you may make use of your imagination in literary pursuits where you can freely invent beautiful stories taking place in the past. Your passion for History is such that you may immerse yourself into it with too much nostalgia and therefore, you may miss opportunities the present offers to design projects and to think of the future.

Your intellect and your communication abilities are not directed towards any particular field, Arnold Schwarzenegger: indeed, you are by nature curious, lively, mobile and you generally adjust remarkably well to your surroundings.

Your versatile personality prompts you to get interested in many things, and it is not exaggerated to say that your intellect and your flexibility constitute strong assets for your life. People around you may rightly or wrongly perceive a kind of shallowness because of your adaptability and skilfulness - sometimes too opportunistic - that are your strong points.

★★★★★ Mercury trine Jupiter, orb -0° 03'

You display strong abilities for adaptation, social insertion and various learning capacities. You are credited with an acute sense of relations, probably because you can speak other people's language. You easily assimilate the most varied settings and your qualities are acknowledged. Your attitude and the words you use have the power to seduce and to convince your entourage. Diplomacy is an asset in your game. You are fit for negotiation and you seek compromise solutions. The only danger may be that sometimes, you too readily accept agreements that turn out to be less positive than foreseen, after a

while. This is the other side of the coin for your exceptional flexibility and your unquestionable tact.

Your Goals, Motivations, Career, and Destiny

Your Sun is posited in the 2nd House

Arnold Schwarzenegger, even though you do not acknowledge it, or you are not (not yet) aware of it, your entire will is tremendously helpful for your achievements, in terms of acquisition of goods and material security. Increasing your resources is the driving force behind your actions and your decisions.

Your organizational skills and your efficiency are considerable. They serve the purpose of your destiny in a remarkable way. In the fields of finance, industry, technology, real estate etc., your practical sense allows you to develop your resources, your unlimited earning abilities and your material power.

On a more abstract plane, you are quite possessive, particularly in the emotional sphere or in your relationships. You very much appreciate loyalty and commitment because they are sacred values to you. There is nothing you loathe more than unreliability. Indeed, since you set very high standards for yourself, you naturally expect the same level of quality from people.

However, you must remain cautious because your tenacity and your efficiency may turn you into a stubborn and too materially-oriented person. When facing the few major ordeals life has in store for you, you may take more than you can chew and your greed for quick gains may expose you to delusions, which are proportional to the level of your hopes.

The ruler of your chart is in the 6th House

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your chart is in the 6th House, Arnold Schwarzenegger. This position gives you the desire to be helpful, and turns you into a perfectionist concerned with details and with work well done. Domestic routine and exchanges with colleagues - if you are working - is an important element of your fulfilment. You may be interested in health matters.

Aspects influencing your ambitions

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

★★★★★ Uranus square Midheaven, orb 0° 07'

Uranus is in hard aspect with your Midheaven, Arnold Schwarzenegger. There is definitely nothing serious to worry about. There may be a lack of perseverance in the efforts you put in order to move forward in your career or your social destiny. When unexpected hurdles crop up, more than anyone else, you must accept the unavoidable changes without losing sight of your aims, and above all, without getting disheartened. More than anyone, you must learn to accept the values of time and duration, if you are to reap their fruits.

★★★★★ Venus trine Midheaven, orb 1° 59'

In your natal chart, Arnold Schwarzenegger, sweet Venus is in soft aspect with your Midheaven. It means that your natural charm and the way you express your feelings are appreciated in society. Usually, this configuration speeds up the achievement of your professional goals, or in any case, of a certain social status. A female - or females - may prove helpful for your career or your destiny.

★★★★★ Sun conjunction Saturn, orb 5° 29'

This aspect indicates a firm and discreet will, a rigorous and objective character. You are clear-sighted, particularly in difficult situations. You enjoy the moments of calm and solitude during which you can review your life at will. Your judgments are enduring and often extremist. You are outraged by injustice and inconsistency. When a problem arises, you do not take the easy way out with short-term solutions, on the contrary, you strive to solve the issue thoroughly. Better than anyone else, you challenge yourself, you review your choices and your attitudes. This is the reason why you are capable of handling crises and of overcoming any obstacle that requires an in-depth and relevant response. You may lack spontaneity but your behaviour reveals your wisdom. When you are facing an issue, you put forward the good question, to others, but also to yourself.

★★★★★ Sun sextile Neptune, orb 2° 21'

This harmonious Sun-Neptune aspect indicates a highly developed intuition and clear-sightedness and sometimes, a sixth sense. Mental images or information drawn from the unconsciousness impress your mind. What was only a muddled feeling turns into certainty and deep conviction. You do not necessarily need to justify your attitudes: you take a decision because you feel that you have to do so, although you may not control the underlying logics. The danger is that you may follow fanciful or adventurous roads. Beliefs you cannot explain may prove wrong or over-optimistic. However, your intuition is seldom misleading. One last comment: there is often a keen curiosity for the « bizarre » and the paranormal with this planetary aspect.

★★★★★ Sun conjunction Pluto, orb 6° 4'

This harmonious Sun-Pluto aspect indicates an exemplary clear-sighted mind. Without destabilizing your appearances or your personality mask, Pluto makes you aware of your subjective and questionable character, as well as of your manner. You never take yourself completely seriously. You have a good grasp of human nature's complex games, without gullibility, without excessive simplification. Because you can perceive hidden elements underlying any situation better than anyone else, you are acknowledged as perspicacious. This aspect allows you to distance yourself from difficult circumstances and to remain impassive when you must overcome pitfalls.

★★★☆☆ Mars square Midheaven, orb -4° 15'

Because Mars is in dissonance with your Midheaven, in some circumstances, you may feel misunderstood, Arnold Schwarzenegger. In society, you may even feel hostility towards you as you try to climb up the steps of your professional life, or when you strive to reach a higher social status. Your efforts may be resented. You must be twice as careful as you usually are and tone down your behaviour in order not to be rude to other people, even though from your viewpoint, and it is actually most often the case, it only has to do with misunderstandings or some eagerness on your part.

★★★★★ Mercury trine Midheaven, orb -6° 19'

Mercury in soft aspect to your Midheaven enables you to easily communicate with your entourage and to climb up the social ladder, Arnold Schwarzenegger. Your strategy is often good, and you correctly think

about your interests. Do not change anything!

★★★★★ Jupiter trine Midheaven, orb 6° 22'

Jupiter is in soft aspect with your Midheaven, Arnold Schwarzenegger. It means that you are often lucky, or that you receive support in your career or your social destiny. You trust your abilities to overcome obstacles coming up in your way, and you respect authority and laws. So, thanks to this configuration, you make your way in the world with the feeling that you move forward rather quickly, as compared to average people.

★★★★★ Jupiter square Saturn, orb 6° 24'

Jupiter and Saturn form a dissonance in your natal chart. It is far from being horrendous. This planetary configuration, which is deemed somewhere between the individual and collective characteristics, only indicates that your social integration may be delayed, or may encounter a few difficulties. Such slight delays or setbacks often have their origins in your own behaviour. Indeed, since Jupiter represents laws and public life, and Saturn, seriousness and perseverance, in many instances, you may become impatient, or even rebellious to any form of authority or legal constraints, to the extent that you cross the white line... When you face such circumstances, you must resign yourself to listening to reason and accept to wait for your turn, lest... your achievements are even more slowed down by your own haste.

★★★★★ Saturn sesqui-quadrate Midheaven, orb 2° 12'

Saturn is in dissonance with your Midheaven, Arnold Schwarzenegger. Of course, nothing really serious is to be feared. It is just that sometimes, you feel that an unfair slowness keeps on delaying the achievements you deem that you deserve right now. You must work twice as hard to climb up the rungs of success, and above all, you must not get disheartened. Effort is one of the values you must work on, and it is a punishment by no means. It is obvious that your goals are achievable, but you must remain on the right track and show perseverance. That's all!

Your Assets and Your Part of Joviality

The present of the planet of Greater Fortune to you Arnold Schwarzenegger, is the gift for investigation, the taste for mysteries and... the capacity to solve them. Your emotions are amplified and prompt you to take your actions to the end, without fear or restraint. You also have the talent to cleverly manage your financial investments. According to the Tradition, sexuality and sensuality are equally balanced with this lucky configuration. So enjoy and be happy!

For you, Arnold Schwarzenegger, nature's present includes a lot of great satisfaction in the area of leisure, entertainment, creation and love. Anything with a hint of pleasure is favoured. A marvellous world exempt from constraint and obligation illuminates your life. According to the Tradition, your luck also applies to your communication with children and your descendants are harmonious and successful.

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Scorpio strengthens your emotional realm and your instinctive capacity to have more lasting and deeper feelings. Your sensuality and your sexuality are favoured by this configuration. You may enjoy strokes of luck in the areas of finance, speculations, investments and inheritances. More than anyone, you can deal with mysteries and anything linked to the unknown.

Your Serious Side

Your ambitions and your self-perception are marked with some degree of detachment. You become less frivolous and more detached from individual and superficial values as time goes by.

Financial affairs, and more particularly, your earning capacity, constitute the challenges of your life, Arnold Schwarzenegger. In this area, your practical sense is not too good and remains to be improved. This is the first thing you should work in order to progress and to gain self-confidence.

You are distrustful and you spend too much time analyzing before taking action by yourself; you must understand that, to be able to win, you must accept to lose, to take risks, and to give for the sake of giving. There is no other way out. As time goes by, you use your persistence to gain material security and to steady the flow of your income in order to overcome feelings of frustration.

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Leo tends to detach you from pleasure and leisure and gives you a serious and responsible nature. These are good qualities if Saturn is not badly aspected, even if your inclination for having fun is not particularly increased by this planetary configuration...

A Few Special Points

Your Uniqueness and Your Utopias

It is within a setting of secrecy or of isolation that unexpected events may suddenly occur. Sometimes, it may be on the occasion of unpredictable events that isolation settles, be it a context of exile, forced solitude such as illness, or imprisonment caused by enmities or by fate.

Great satisfaction may also occur in a secret context. It may be a hidden love affair, an activity carried out in the dark or an association with a person whose identity cannot be revealed.

The areas of the occult or of secrets (espionage, police, secret society, etc.) are frequent causes for change in the course of your destiny. Reversals and incomprehensible disruptions may give you the opportunity to understand that the persons whom you considered as your friends do not side with you, or sometimes, more happily, you realize that the persons whom you considered as your sworn enemies are actually of invaluable help and support, and that they even become... your friends!

Your Inspiration and Your Illusions

Your vision of your childhood home, or of your father, is quite vague, but your emotions in these areas are intense. There is a vital need for you to feel comfortable at home because, otherwise, you tend to imagine horrors that exist only in your mind!

You may encounter complications, lack of understanding, or mystery regarding your origins or your real estate. In any case, it is hard for you to discern when you are "at home" and, even when all is well, you tend to idealize your household.

Your Passion and Your Authority

This configuration may equally indicate an extreme greed for material gains or, on the contrary, a complete lack of interest in them. Your relationship to money may be secretive and obsessive.

You may earn huge amounts of money, with stubbornness and harshness, in a concealed but actual way, or in the darkness of risky speculations; in all cases, your attitude towards your earnings is... passionate, although you do not acknowledge it. The danger is that you may lose a lot. However, it is only when one is prepared to lose that one has a chance to gain a lot, and you certainly know it.

On a more symbolical plane, your sensuality and your possessiveness may be particularly strong. It is advisable that you step back, in order to become able to retain only the best of this configuration.

Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unaspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unaspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unaspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven

aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60 and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Your chart has no isolated planet, and this particular case does not apply to you.

Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspid (the Ascendant) to the 7th house's cuspid - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, Arnold Schwarzenegger, the ten main planets are distributed as follows:

Your Northern and Southern Hemispheres

Arnold Schwarzenegger, the predominance of planets in the Northern hemisphere prompts you to reflect and imagine rather than to exteriorize your actions and to be at the forefront of the stage. So, should you wish to remedy this situation, it is up to you to force your nature to take action in broad daylight, to communicate, and to assert yourself... then, you can move forward in this concrete life and enjoy your newly won situation.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven

to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

Arnold Schwarzenegger, here is the planetary repartition in your Eastern and your Western hemispheres:

Your Eastern and Western Hemisphere:

The predominance of planets in the Eastern hemisphere of your chart enables you, Arnold Schwarzenegger, to assert yourself and to rely on your determination: you know what you want and you have a tendency to take action and to decide with your personal goals as priorities, even if they can be in contradiction with what others think.

A definite asset... provided that you never make mistakes in your choices. You should pay more attention to your entourage in order to counterbalance your nature and to take advantage of your assets wisely. The danger is that you may be too authoritarian and not conciliating enough. Strong determination coupled with flexibility and acute sense of communication are qualities you should develop.

Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yin energy, the passive polarity, Arnold Schwarzenegger: you are quite introverted, imaginative and sometimes discreet, but you are a deep and wise person who is not content with just noisy and flashy things. At times, you doubt but you think that those who don't are a bit... thoughtless. Allow yourself to take more laid-back attitudes and put your reserve aside, because good equilibrium is always healthier.

Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cusps correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

Your Houses' Accentuations

Your angular houses, namely, the 1st, 4th, 7th and 10th houses, are very emphasized in your chart, Arnold Schwarzenegger: according to the Tradition, they are the strongest and most dynamic houses. Should the rest of your chart concur, angular houses suggest that you are an enterprising, energetic and assertive man. Indeed, angular houses are said to generate impulses and to give a powerful and domineering personality.

Unusual fates are often linked to a predominance of angular houses, but this is only a partial indication...

Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

Your Esoteric Decanates

The second decanate, which means the part between 10° and 20° of any zodiacal sign, prevails in your natal chart, Arnold Schwarzenegger: these 10 zodiacal degrees emphasize logical thought and mental values. Therefore, you may be drawn to some kind of scientific activities, research, writing or any sort of expression where you have to... think a lot.

Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

The Lunar Nodes highlight all types of discoveries and explorations. There is a strong desire for travels, whether actual trips or spiritual, inner ones. Since your childhood, you are particularly interested in unlimited spaces and total freedom. You never trusted smothering attachments and you always allow your thoughts and actions a free hand. The danger is that your life may be unstable because you so badly need to evolve and to discover... Life is an eternal quest of something else, some vital but hidden dimension that is beyond you. Therefore, it is difficult for you to blossom when your family or work environment is routine. However, it is important that you control your wild tendency (the other side of the coin of the wonderful freedom of thought): life requires more sociability. It does not mean that you must accept a conformism that is too far from your inner aspirations. More than other people, you need to develop your relations, your exchanges and your dialogues. In this regard, your destiny is marked by communication.

Very early in life you showed a strong desire to intensely live through your passions. You are sensitive to your personal prestige and you adopted dramatic attitudes as you needed your merits to be acknowledged and you wanted to arouse esteem and admiration. Your individualistic ways may have caused setbacks: you are criticized for your egocentrism or at least, for your lack of openness and compassion. As time goes by, your life's challenge is probably to gain a taste for collaborations, fraternity, and unselfish love. If you can put aside your touchiness, you become able to relinquish your pride and to focus your energy on larger actions such as collective tasks, or even, universal works. Life teaches you a philosophy of harmony and union, far from your primary desires and needs. You then discover an entirely different realm, a spiritual dimension, the major features of which are abnegation, selflessness and the access to a world of altruism that provides more satisfactions than anything else. Self-sacrifice, friendship and fraternity are the path to your fulfilment.

Lilith or the Dark Moon

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and insubordination.

You have the feeling that you are different from your entourage because you are in charge of both a special mission, and an extraordinary destiny. This configuration may indicate an immoderate pride (when the Black Moon is not well integrated enough). However, when she is well integrated (and she will be, as time goes by), the Black Moon forges an exceptional destiny that implies sacrifices, asceticism and solitude to some extent. The danger is to show too strong an intransigence and to be unable to forgive your entourage's weaknesses as well as your own. But it is also where your strength is found: an innate sense of duty, regardless of the price to be paid for a slow ascension.

You are a person thirsting for precision and perfection. Your rebellions are frequent: any mechanism that is not running perfectly smoothly is dismissed. Any person whose attitudes seem inconsistent becomes the object of your refusal. Better than anyone else, you can ridicule social stereotyped models, too conventional and ineffective. It is likely that you often succeed in giving a logical dimension to the craziest situations.

The Part of Fortune in House

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 8th house: you need to constantly transform your life, to evolve and to shed your skin. You do not hesitate to regularly question the basis of your manner. Everything is death and revival and the wheel of life is ruthless: what was still yours yesterday will be a mere souvenir tomorrow... Your wealth is the know-how you demonstrate when you cope with changes imposed by events, while always remaining true to yourself.

Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
