Katy's Astrological Portrait

Introduction

The purpose of this report is to describe your psychological portrait and to highlight the most fundamental features on the personal area. The report begins with the analysis of your planetary dominants and outlines your personality's general traits before going into further detail. Minor dominants are analysed at the end of Annex 1, for purposes of clarity. Your report then delineates the various facets of your personality:

In general, even when relationships are not involved, we express ourselves and we feel according to our character and our personal motivations: this is indicated by the Ascendant and the Sun sign which both give details on the way we function. They shed a tremendously important light which allows to figure out your personality. Here, we describe your Sun sign (your inner self), your Ascendant (your behaviour as seen by others), and the ruler of the Ascendant (interesting additional pieces of information about the style of your personality). These descriptions alone cover nearly a third or a half of your psychological signature, depending on your natal chart characteristics.

Then, we address your sensitivity, or in other words, the way you receive things and how you express your emotions ; it works as a constant filter for all your exchanges, even when it becomes a more secondary element in your amorous relationship, because at that moment, affectivity prevails. Sensitivity is the way you perceive things, it is your radar, your daily mood, and at the same time, it indicates how you react to your entourage, on a daily basis. It is what others immediately see of you. In the second paragraph, we explain in which areas of life your sensitivity and your emotions are strongest, therefore, where you are most vulnerable.

After this, it is your affectivity, the way you love and how you charm, that comes into play as soon as you fall in love: the first part indicates its basic structure or its main form. The second part describes the areas where it is best expressed and how you display it, according to your personality.

A third fundamental area deals with your mode of action and your sexuality: how you behave, how you manage to obtain what you want, what kind of desires you have. There are twelve possibilities, very different from one another. The study discloses the specific one that applies to you. In the second paragraph, we explain in which life areas you may most efficiently take advantage of your capacity for action and for conquest.

Your ways of communicating and of thinking are obviously among the major elements that must be integrated into the delineation and the description of your personality. Indeed, they influence your

general behaviour and may modify or enhance the image your project (for instance, extraversion may “compensate” a weak affectivity, but a huge number of cases are possible). An additional chapter indicates the favourite areas where you enjoy communicating, thinking and meeting with people.

Besides, we analyze an even more personal aspect that is important to define and understand what may occur within your couple: each of us have a centre of interest, a privileged manner to be fulfilled or to achieve our destiny; this main motivation is indicated by the positions of your Sun and your chart ruler in the astrological houses and we provide you with its detailed description.

A natal chart contains the potential for specific fulfilment and a whole range of assets, protections and qualities. How does the lucky factor manifest in your personality? In which area can you best exploit your qualities? The answers are precisely revealed to you in this chapter.

On the other hand, we all feel in us a part of vulnerability, doubts and fears. How does this part of solemnity or serious side play out? How is it possible to handle it in order to evolve and to get rid of useless elements? All this information is provided to you in these two paragraphs.

Then, you can discover three additional traits of your personality that must be considered as secondary ones. They deal with your predispositions, which means that they need to be triggered by external events because they are not influenced by your will; let's call it a part of fate. Please, bear in mind that your destiny can unfold only in accordance with what you are: therefore, even if they belong to your more unconscious self, these characteristics are parts of you, definitely.

The karmic chart complements the psychological portrait or natal chart. It is based on the positions of the Lunar Nodes, the Black Moon, and the Part of Fortune. These elements of the chart, sometimes referred to as fictitious points, provide information about the spiritual meaning of your destiny. Owing to the fact that we all have in us acquired knowledge and the urge to go on a quest, our life is an evolutionary journey... However, these texts must be read with great caution: this is the reason why you will find this analysis in the Annex 2 of your report.

Meaning of Stars

Stars indicate the strength of the aspects. Two solid coloured stars (there are half-stars also), mean that the aspect is powerful enough to be noticed at the first reading.

We strongly advise that you read the paragraphs displaying less than two stars later on, after you have absorbed the full import of the other texts.

The yellow colour indicates a soothing and conciliating aspect, and the red colour, a dynamic and tense aspect. The red aspects enable you to evolve, to take action, and to learn to turn your "weaknesses" into assets through your life experiences. The yellow aspects are innate strengths on which you rely in order to grow better with the former...

Preamble

When interpreting a natal chart, the best method is to start gradually from general features to specific ones. Thus, there is usually a plan to be followed, from the overall analysis of the chart and its structure, to the description of its different character traits.

In the first part, an overall analysis of the chart enables us to figure out the personality's main features and to emphasize several points that are confirmed or not in the detailed analysis: in any case, those general traits are taken into account. Human personality is an infinitely intricate entity and describing it is a complex task. Claiming to rapidly summarize it is illusory, although it does not mean that it is an impossible challenge. It is essential to read a natal chart several times in order to absorb all its different meanings and to grasp all this complexity. But the exercise is worthwhile.

In brief, a natal chart is composed of ten planets: two luminaries, the Sun and the Moon, three fast-moving or individual planets, Mercury, Venus and Mars, two slow-moving planets, Jupiter and Saturn, and three very slow-moving planets, Uranus, Neptune and Pluto. Additional secondary elements are: the Lunar Nodes, the Dark Moon or Lilith, Chiron and other minor objects. They are all posited on the Zodiac wheel consisting of twelve signs, from Aries to Pisces, and divided into twelve astrological houses.

The first step is to evaluate the importance of each planet. This is what we call identifying the dominant planets. This process obeys rules that depend on the astrologer's sensitivity and experience but it also has precise and steady bases: thus, we can take into account the parameters of a planet's activity (the number of active aspects a planet forms, the importance of each aspect according to its nature and its exactness), angularity parameters; (proximity to the four angles, Ascendant, Midheaven, Descendant and Imum Coeli or Nadir, all of them being evaluated numerically, according to the kind of angle and the planet-angle distance) and quality parameters (rulership, exaltation, exile and fall). Finally, other criteria such as the rulership of the Ascendant and the Midheaven etc. are important.

These different criteria allow a planet to be highlighted and lead to useful conclusions when interpreting the chart.

The overall chart analysis begins with the observation of three sorts of planetary distributions in the chart: Eastern or Western hemisphere, Northern or Southern hemisphere, and quadrants (North-eastern, North-western, South-eastern and South-western). These three distributions give a general tone in terms of introversion and extraversion, willpower, sociability, and behavioural predispositions.

Then, there are three additional distributions: elements (called triplicity since there are three groups of signs for each one) - Fire, Air, Earth and Water - corresponding to a character typology, modality (or quadruplicity with four groups of signs for each one) - Cardinal, Fixed and Mutable - and polarity (Yin and Yang).

There are three types of dominants: dominant planets, dominant signs and dominant houses. The novice thinks astrology means only "to be Aries" or sometimes, for example, "to be Aries Ascendant Virgo". It is actually far more complex. Although the Sun and the Ascendant alone may reveal a large part of the character - approximately a third or a half of your psychological signature, a person is neither "just the Sun" (called the sign) nor just "the first house" (the Ascendant). Thus, a particular planet's influence

may be significantly increased; a particular sign or house may contain a group of planets that will bring nuances and sometimes weaken the role of the Ascendant, of the Sun sign etc.

Lastly, there are two other criteria: accentuations (angular, succedent and cadent) which are a classification of astrological houses and types of decanates that are occupied (each sign is divided into three decanates of ten degrees each). They provide some additional informations.

These general character traits must not be taken literally; they are, somehow, preparing for the chart reading. They allow to understand the second part of the analysis, which is more detailed and precise. It focuses on every area of the personality and provides a synthesis of all the above-mentioned parameters according to sound hierarchical rules.

As explained in the introduction of your Psychological Portrait report, minor dominants are analysed at the end of Annex 1, for purposes of clarity.

Your Planetary Repartitions

Each quadrant is a combination of the four hemispheres of your birth chart and relates to a character typology. The Southern hemisphere – the top of your chart, around the Midheaven – is associated with extraversion, action, and public life, whereas the Northern hemisphere prompts to introversion, reflexion, and private life. The Eastern hemisphere – the left part, around the Ascendant – is linked to your ego and your willpower, whereas the Western hemisphere indicates how other people influence you, and how flexible you are when you make a decision.

Your Four Quadrants

Katy, the nocturnal North-eastern quadrant, consisting of the 1st, 2nd and 3rd houses, prevails in your chart: this sector favours self-assertion and material security to the detriment of your perception of others. You consider self-transformation to be a hazardous adventure. You are inclined to seek stability and you tend to protect yourself with your actions. Possession, acquisition but also communication, without opening up too much, are part of your deep motivations. You are rather autonomous and constant, however it is important that you pay more attention to others, so that you can improve your outcomes.

Your Dominant Modes and Elements

Katy, here are the graphs of your Elements and Modalities, based on planets' position and angles in the twelve signs:

Your Four Elements

The predominance of Water signs indicates high sensitivity and elevation through feelings, Katy. Your heart and your emotions are your driving forces, and you can't do anything on Earth if you don't feel a strong affective charge (as a matter of fact, the word "feeling" is essential in your psychology). You need to love in order to understand, and to feel in order to take action, to the detriment of a certain vulnerability against which you should learn to fight.

Katy, Fire is dominant in your natal chart and endows you with intuition, energy, courage, self-confidence, and enthusiasm! You are inclined to be passionate, you assert your willpower, you move forward, and come hell or high water, you achieve your dreams and your goals. The relative weakness of this element is the difficulty to step back or a kind of boldness that may prompt you to do foolish things.

Air is under-represented in your natal chart, with only 0.00% instead of the average 25%. Air symbolizes the values of communication, exchanges with others, but also adaptability and flexibility abilities: if you don't get out of your cocoon to talk, to show interest in others, and to socialize, you may have problems understanding others. Because of your lack of flexibility or of your refusal to adapt yourself, you may be suddenly overwhelmed by events. You should get into the habit of talking, of phoning, and of thinking in terms of "mobility, flexibility, adaptability, change" in every circumstance. It will spare you so many troubles!

The twelve zodiacal signs are split up into three groups or modes, called quadruplicities, a learned word meaning only that these three groups include four signs. The Cardinal, Fixed and Mutable modes are more or less represented in your natal chart, depending on planets' positions and importance, and on angles in the twelve signs.

Your Modes

The Fixed mode corresponds to a majority of elements in your chart, Katy, and represents the desire for security and durability: you are able to concretely appreciate a situation and its stability. You definitely prefer to play the role of a loyal, obstinate and hard-working person, rather than to try new and risky experiences - beware, however, not to confuse obstinacy with intransigence. You structure, cement, and strengthen everything you find on your way: it is your nature, although you are not especially interested in swiftness: slow and steady...

Your Dominants: Planets, Signs and Houses

The issue of dominant planets has existed since the mists of time in astrology: how nice it would be if a person could be described with a few words and one or several planets that would represent their character, without having to analyse such elements as rulerships, angularities, houses, etc!

The ten planets - the Sun throughout Pluto - are a bit like ten characters in a role-play, each one has its own personality, its own way of acting, its own strengths and weaknesses. They actually represent a classification into ten distinct personalities, and astrologers have always tried to associate one or several dominant planets to a natal chart as well as dominant signs and houses.

Indeed, it is quite the same situation with signs and houses. If planets symbolize characters, signs represent hues - the mental, emotional and physical structures of an individual. The sign in which a planet is posited is like a character whose features are modified according to the place where he lives. In a chart, there are usually one, two or three highlighted signs that allow to rapidly describe its owner.

Regarding astrological houses, the principle is even simpler: the twelve houses correspond to twelve fields of life, and planets tenanted any given house increase that house's importance and highlight all relevant life departments: it may be marriage, work, friendship etc.

Katy, here is the evaluation diagramme for your planets:

Your Dominant Planets

The three planets that are most highlighted in your chart are Pluto, Mercury and the Sun.

With Pluto as a dominant planet in your chart, you are a magnetic and mighty predator, like the Scorpio sign ruled by this planet, who needs to exert pressure on others in order to "test" them. You are always ready to evolve, to risk destruction for reconstruction - including your own - to live more intensely whilst imposing your secret authority on things and on people you encounter.

You may come across as wicked, cruel or too authoritarian, but actually you only follow your instinct, you sound people out, and you like to exert your domination simply because your vital energy is too powerful to remain inside. You are inclined to be passionate, with hidden motivations. You are sometimes misunderstood but one of your great Plutonian assets is to go successfully through each life ordeal with ever growing strength.

With Mercury among your dominant planets, you are certainly cerebral, nervous, swift, curious, quick-witted, and you love to communicate. Your psychological pattern is intellectual, all the more so since Mercury is important, with its whole set of assets but also of weaknesses, obviously.

Your sensitivity, emotions, and heart's impulses give precedence to thinking, which can lead people to believe that you are a playful and witty but heartless person, intellectualizing situations and juggling with words and numbers whilst ignoring human aspects of things. Of course, it is said that cats always land on their feet - this is your Mercurian strength and your trump card!

Your weakness lies in your nervousness, and you may miss your goal because of your "over-intellectualization" that may be detrimental to other kind of energies such as instinct, spontaneity, heart, sensitivity, etc.

One of the dominant planets in your birth chart is the Sun. He symbolizes will, magnetism, sense of honour and dignity. You are a Solar being, and you often display charismatic and leadership qualities. Your warmth and your persuasive power lead you far away from pettiness. You enjoy thinking big and, consequently, you move forward according to what you decide.

Your Solarian weakness may be related to the sin of pride or to excessive authority. The frontier between

pride and vanity is tenuous: be careful not to overstep it and to keep the nobleness of heart that is part of your charm.

In your natal chart, the three most important signs, delineated according to the above-mentioned criteria, are, in decreasing order of strength, Scorpio, Capricorn and Sagittarius. They are often prominent because your Ascendant and your Sun are posited there. However, it is not always the case: it may be because they are occupied by a cluster of planets, by a planet near an angle other than the Midheaven and the Ascendant, or because two or three planets are very active and form numerous aspects from these signs. Therefore, you partly take on the three signs' characteristics, which are somehow superimposed on your natal chart, and all the more so if any of the signs in question is highlighted.

With Scorpio as a dominant sign, you are a strong and astute person, complicated and passionate, sometimes destructive and intolerant, but strong-willed, tough and daring, sometimes bordering on aggressive. So many qualities and dangers combined in one person! Obviously, this often results in a natural selection of people around you: those who stand up to you or admire you and those who can't bear you anymore! But that is precisely what you want. You are what you are and you are not going to transform yourself just to please. You are too proud and you never dread confrontations, although your way of fighting is secret, as is your nature that, mysteriously enough, you are so reluctant to reveal even to your close friends who will never understand you. That said... what a hellish charm you have!

Capricorn is one of your dominant signs and endows you with a grave and serious style that seems to stick to you constantly. But if you have that reserved and cold side - as some extrovert people may think - on the other hand you possess sturdy qualities: you are strong-willed and tough. Your long-term vision, your sense of duty, and your ambition are not affected by the derisory and erratic motions that seem to upset most mortals less steady than you. Besides, you are like a good wine, you age well and your natural solemnity or serious side paradoxically turns into an almost cheerful appearance, as you grow older. You are actually very sensitive when it comes to love. Faithful, caring, sweet, and sensitive, your behaviour is very different in your everyday, sentimental life. A golden heart beats under your tough and austere appearance...

Sagittarius, an adventurous and conquering fire sign, is dominant in your chart: you are enthusiastic, enterprising, optimistic, very sociable, and mobile - you have itchy feet both physically and mentally.

Nobody gets bored with you because you are always planning things and suggesting excursions, at least... when you are around and not already gone on a trip! Obviously, so many movements for one woman may scare people off, and some of them may even criticize your brutality or your tendency to loose your temper, but you are so warm and genuine, so expansive, isn't this a good thing? And all the more so, since your sense of humour is overwhelming...

Your Dominant Houses

Houses 1, 12 and 2 are the most tenanted ones in your natal chart. To compute their strength, planets and angles are weighed according to various astrological criteria such as swiftness, activity, angularity, rulership etc. From the analysis of the most tenanted Houses, the Astrologer deduces the fields of activity that are most relevant to you, be it because of what you are experiencing, or what you may experience in the future, or because of your deep inner motivations.

With a dominant 1st house, your magnetism is powerful, and your individuality as well as your willpower are out of the ordinary. You are a determined, strong-willed, and assertive person, with this relative criterion at least.

It is likely that you never go unnoticed when you are in a crowd or a in reunion: an important 1st house suggests that you are a charismatic person with above average vital energy, especially if the Sun is present in this sector.

Your personal interests are always important and you never forget them, which doesn't mean that you are self-centered, but only that you behave according to what is in harmony with your deep nature!

The 12th house is emphasized in your chart: like the 8th house, it has a rich and complex meaning. Although its bad reputation is likely to scare most readers in the first place - it is indeed the house of hidden or isolated places, of solitude, of ordeals or enemies - it can also mean that a part of your life is very deep and intense. If your achievements are not visible in the public eye, you may fulfil yourself in a different but equally important way: you may be involved in secret activities, humanitarian causes, and projects in favour of disadvantaged people. You are likely to work in quiet and remote places. In many cases, you will gain from these hidden activities as many treasures as people who have a more public destiny. It may be because you sublimate your work, or only because you successfully carry out your task within your environment. There is no such things as a good or a bad house, because each area of life is necessary in its own way, and we need all of them, if we are to improve spiritually.

The 2nd house is among your three most tenanted houses: life's material aspects - with everything that is implied in terms of security, appetite for life, desire for possession - are deep-seated and you can never be content with living on love and fresh air. On a more abstract level, you may have similar feelings regarding relationships: possessiveness and jealousy in the worst cases, but also faithfulness and durability.

Your Style, Behaviour, and Peculiarities

What is commonly known as "sign" indicates the position of the Sun in the Zodiac. The Sun highlights all the characteristics of the sign he tenants. According to astrology traditional rules, these characteristics are all the more pure and exact when the Sun is strong in the sign, or when the sign is particularly highlighted within the chart. Here, we indicate the pure characteristics of the sign but you must bear in mind that they may only shed a light on a particular aspect of your personality. Indeed, the sole sign of the Sun, or of the Ascendant, can never describe an astrological chart because it depends on the degree of strength of the said sign in your chart.

Another important point must be underlined. Contrary to the Ascendant, which clearly describes your appearance, your vitality, your physical constitution, your spontaneous behaviour and the image you project, your Sun sign describes your inner self, which you may not completely be aware of, and which may emerge gradually as you mature: it is about your inner personality that you reveal only to the members of your entourage whom you trust. The Sun sign is likely to be the final form of your personality, once it has evolved in line with the energies of the other parts of your chart, the beginning of which is seen in the Ascendant, your external "bark".

The Ascendant is one of the major components of your natal chart. It is the zodiacal sign that rises in the East at the very moment of your birth. To calculate it, it is therefore necessary to know your exact time of birth.

It provides with a wealth of information on your personality. It is one of the key features that allows the analysis of several parts of you, such as your appearance, your character as it is initially perceived and your immediate behaviour. It describes the external aspect of your personality which you always display, but it also describes your physical constitution in the long-term, in other words, your health.

Please be aware that, in spite of the importance of the Ascendant, the accuracy of its description depends on how strongly highlighted it is in your natal chart. We use the entire set of astrological rules to assess the strength of the Ascendant. In most cases, the Ascendant is as revealing as your "sign", i.e., the sign where the Sun is posited at the time of birth.

You were born under the sign of Scorpio and your Ascendant is in Scorpio

Before broaching the details of the meaning of your Sun and your Ascendant, as a preamble, we offer a brief generic interpretation of their combination in your chart:

What a nasty creature! Please, admit that life with you is anything but a bed of roses! You are twice a Scorpio, you would not budge an inch whatever the situation may be, and you assert yourself forcefully, even though it means hurting your interlocutors. However, Scorpio does not impose itself as openly as Leo, for instance, and prefers to work more insidiously. Since you are hypersensitive, your emotions are acute and intense, and you sometimes need to explode so as to release the pent-up tension underlying your stubborn stands. Although you are proud of your deep-seated capacity for self-control, you are not scared by bellicose behaviours. You use your legendary perspicacity to throw your contenders off balance because you can quickly identify their weak spots. Determination is one of your major qualities, but it can turn into extremism or obsession if you are not careful. Indeed, you look for breathtaking

experiences and you enjoy so much dangerous pleasures that you sometimes get lost in them...

The sign and the Ascendant in Scorpio

Psychologically speaking, your nature is bilious, with aggressive impulses that lead you towards the transformation of your entire being and, continuously, of the situation surrounding you. You seem to be constantly struggling for your self-assertion. You cannot refrain from testing others with cutting remarks, not because you want to hurt them, but because you want to know them better through their reaction; for you, life and the feeling of aliveness are experienced through rebellion and tension. You may be manipulative and your aggressive attitude may equate with sly inquisition. You often remain silent, introverted and secretive, mulling over turbulent thoughts in the depths of your mind, leaving others puzzled by your somewhat peculiar behaviour.

As you are born under this sign, you are secretive, powerful, domineering, enduring, intuitive, assertive, charismatic, magnetic, wilful, daring, clear-sighted, passionate, creative, independent, vigorous, generous, loyal, hard-working, persevering, indomitable, possessive, shrewd, stubborn, ambitious, instinctive, tenacious, sexual, sexy, proud, intense and competitive. But you may also be aggressive, destructive, stubborn, anxious, tyrannical, perverse, sadistic, violent, self-centered, complex, critical, cruel, nasty, jealous, calculating, vulnerable and dissembling.

You are a hard-worker, enduring and serious. You follow all things through and your obstinacy is nice to see, particularly when your undertakings are not wrong, which seldom happens thanks to your immense insight that is almost that of a medium.

In love, Madam, you are all passion and sex appeal. Since your young age, you understood the sexual and magnetic attraction powers that you convey: like a predator, you choose, you take action and you catch in your nets the men you desire until you lose interest in them. The only men who can really stand the test of time are those who will resist you or subject you unconditionally, and whom you will respect for the rest of your life. They can also be men who will be totally submissive and, because of their absolute love for you, accept to live a hell of a life by your side, totally depending on you.

You use your seductive powers wonderfully well but when you find your soul mate, hopefully he will be as strong as you are, you will be a one-man woman, throughout your life. You will be an exceptional lover, loyal, possessive but sentimental, courageous and magnetic. There will be no boredom in your relationship where passion will be expressed with all the violence and the thirst for the absolute that inhabit you.

The ruler of your chart is in Scorpio

The ruler of the Ascendant, also referred to as the chart ruler, brings a few interesting nuances to the meanings provided by the Sun and the Ascendant. The sign in which the ruler of the Ascendant is posited fine-tunes the style of personality described by the Sun and the Ascendant. It may strengthen it if the sign is identical to either of them.

The ruler of your Ascendant is in the same sign as your Sun and your Ascendant. This specific feature means that the Sun's characteristics previously delineated are strengthened.

Aspects to your Ascendant

Several planets form an aspect with your Ascendant, Katy. Therefore, in their specific way, they modify your behaviour and your personality, which do not take on the pure characteristics of your Scorpio Ascendant only, but which are a blend of its characteristics with those of the said aspects.

★★★★★ Mercury conjunction Ascendant, orb 1° 12'

Your sense of communication and your intellectual process perfectly match your external appearance, Katy. Thanks to Mercury, you are able to carry out your self-analysis very well and quickly, which gives a lot of spontaneity to your intellectual exchanges with other people.

★★★★★ Saturn conjunction Ascendant, orb 6° 18'

Saturn is in conjunction with your Ascendant, Katy. In general, this aspect endows you with a responsible and serious behaviour, sometimes even imbued with solemnity. This configuration brings about a cautious and thoughtful side, may be to the detriment of spontaneity. With this conjunction, you appreciate being in control rather than indulging in laid-back attitudes, although it might imply being carried away into unknown territories, which you definitely are wary of.

★★★★★ Moon conjunction Ascendant, orb 7° 1'

With the Moon in conjunction with your Ascendant, you are a person with a highly-developed instinct, Katy. You are some sort of roving radar, may be too sensitive, but it does you good in the end. Owing to your fragile and spontaneous side, you often enjoy good popularity, and your receptiveness is appreciated at its right value.

★★★★★ Jupiter sextile Ascendant, orb -2° 57'

Jupiter in soft aspect with your Ascendant naturally endows you with a reassuring, calm, and benevolent side, Katy. You honour your commitments without qualms, and thanks to your heart of gold and your generosity, your behaviour is protective and nice. You like to please other people, and whenever it is possible, you enjoy finding compromise solutions to all problems.

★★★★★ Mars sextile Ascendant, orb 3° 38'

Your vitality and your taste for action are obvious, Katy. Thanks to Mars, your behaviour is often perceived as energetic, or at least, as action-oriented and enterprising. Your dynamism is one of your constant assets.

★★★★★ Sun conjunction Ascendant, orb 8° 24'

The conjunction of the Sun with the Ascendant represents the perfect fusion of will and vitality, and will and external appearance, Katy. This conjunction indicates an above average charisma or magnetism. Moreover, there is a concentration of energy which enables you to naturally shine and attract, as well as to move mountains provided... you decide to do so!

★★★★★ Pluto conjunction Ascendant, orb 8° 41'

Pluto is in conjunction with your Ascendant, Katy. The planet of taboos, power, secrets, and instinct endows your behaviour with an uncontrollable domineering note which is not negative as such. At the same time, it also provides you with exceptional lucidity. In spite of yourself, Pluto prompts you to discover people's secrets, to provoke them in order to better understand their "truth". Your mysterious and slightly frightening magnetism is definitely part of your seduction!

★★★★★ Uranus semi-sextile Ascendant, orb 0° 38'

Uranus is in soft aspect with your Ascendant, Katy. Although your behaviour is original, nonconformist, and free, it is not unpleasant. On the contrary, this facet of your personality is sometimes considered by other people as endearing and unpredictable, in the good sense of the word. One never gets bored in your company because you are often found where you are not expected, whether regarding your ideas, your lifestyle or the way you react. You possess the charm independent and free persons are endowed with!

Your Sensitivity

Your sensitivity is intuitive and clear-sighted Katy. Your exacerbated affectivity and your emotions are secretive, intense, deep and sensual. Your magnetic nature seduces. You are aware of the strange fascination you exert and you gladly cultivate this mysterious aura. Your feelings are so powerful that you may feel you should repress them sometimes. But the more you try to control them, the stronger they grow. Therefore, your jealousy may reach such levels that it may hurt. Without half-measure, you become aggressive and you can harm because your inner radar instinctively detects other people's weaknesses. Your emotions are often filled with eroticism and you are an explosive blend of lucidity, amorous intensity and constant provocation but... you are so charming! Your nature is attractive, even bewitching. After all, the only persons you offend are the middle course followers...

You are very sensitive, emotional and intuitive, Katy. You actually perceive what is said about you with shrewd acuteness, which is convenient, but it also makes you especially vulnerable. People's opinion is important to you, even though their influence may be unconsciously perceived.

You are concerned about your public image, you are nevertheless whimsical, even capricious and moody: you switch from laughter to tears so easily. You have a special relationship with crowds, probably because you can easily become popular owing to your lovable and moving personality.

Your imagination is so strong that it may become tricky: it is preferable that you be straightforward because the slightest insinuations can create beautiful - or unfortunate - stories that may take you very far away from reality, in spite of your flair and well-developed intuition!

★★★★★ Moon conjunction Saturn, orb 0° 52'

This harmonious Moon-Saturn aspect is an element of stability for your private life. Your daily life lives up to your demands, you are totally true to yourself and logical through your very intimate behaviour. You do not choose the easy way out: on the contrary, it is in difficult situations that you are at your best. It is very unlikely that you become destabilized by trifles. This aspect indicates stability and also perfectionism. You are longing for a private life respectful of your heart of hearts and your genuine desires. Your well being is at this price, and its quest remains perpetual. Despite your reserved private behaviour, your emotions run very deep. You have a strong need for protection and for security. Your aspirations lead you towards contemplation or studies, more than towards social utilities.

★★★★★ Moon sextile Mars, orb -3° 32'

Your vivid imagination goes hand in hand with your desire to make your dream come true and to fight, so as to remain true to yourself. You easily mobilize your energy and your resources. This harmonic Moon-Mars aspect indicates the will to keep your intimate balance under all circumstances. You thrive in action; you court danger, particularly when your regular environment is endangered. In the private sphere, you exhibit complete straightforwardness. This planetary configuration allows you to quickly get back on your feet within a new context. You adjust well to unprecedented situations. Your capacity to integrate events rapidly can only increase your adaptation abilities.

Your Affectivity

In your chart, the Sun is in Scorpio and Venus, in Sagittarius. This configuration marks an affectivity made of fire and flames and a passionate temperament. The enthusiasm of Venus in Sagittarius, ready to be filled with wonder, responds to the extremism of the Sun in Scorpio, for whom emotions are intense and enlarged. This duet finds its perfect balance only through an enriching relationship that includes a great deal of unforeseen elements and thrilling sensations. You do not accept that your couple gets bogged down in unchanging habits. You can sacrifice a comfortable and reassuring amorous routine when it is necessary to give a new momentum to your life. It is impossible to get bored in your company because moments of excitement are so frequent and your desire to discover, so vivid. You often show a wonderful enthusiasm without abandoning your peculiarities: in all circumstances, you keep your own style. Your partner must understand and support your infatuations. For you, a lasting relationship is necessarily warm, passionate, full of unforeseen events and potentialities.

On the affective plane, Katy, you are open, straightforward, spontaneous and you make friends easily because your enthusiasm is expressed jovially, directly and is respectful of well-established moral values. In some cases, you may be opposed to your natal environment or to your family because of your taste for freedom, exoticism or all forms of independence and emancipation. Your feelings are burning and you often get carried away quickly. However, your ability to make friends easily is likely to favour some instability; in other words, faithfulness is not your top priority as long as you have not yet found your soul mate. Ideally, for you, life together must have some degree of mobility and include travels and fresh air. Within your relationship, you need to feel freedom and independence, which you need since your childhood. Under such conditions, harmony and faithfulness can be achieved.

Katy, Venus in the 1st house (also called Ascendant) represents your behaviour or your character, as seen by others. This position contributes to soften your personality and to bring a natural charm and an easygoing quality. It gives you a sparkling, attractive and sexy side: not only do you easily express your feelings in a seductive and affectionate way, but they are also an integral part of your vision and the image you project. You want to please, you have a taste for beauty, even luxury, arts, music, you especially look for harmony in everything and diplomacy is one of your most renowned qualities. Therefore, you are lucky in the sentimental sphere, you establish links easily and you can expect to have long-lasting relations. Since you happily express your feelings, it's only right that you reap what you sow. There is no gap between your behaviour and your feelings, which endows you with exceptional assets for seduction.

★★★★★ Venus conjunction Uranus, orb 4° 52'

Your charm lies in the originality of your approach to love and in your uncompromising attitudes. Your motto? Freedom of love, whatever the price! Should your sentimental life become dull, you find a solution: you are romantic and you reinvent your couple's life, you give a new and unexpected momentum to your emotions. You create the kind of sharpness that contributes to your exceptional affective life. You do not fear love at first sight or blazing passions. On the affective plane, you know where you are heading for, whom you love ... or love not. There is an indisputable intransigence. The heart impulses are irrevocable and implacable. You dream of a sentimental life that fulfils your aspirations and you use all possible means to achieve your ideal. Even though you may have to make the necessary sacrifices.

★★★★★ Venus semi-sextile Jupiter, orb 1° 15'

Charm and seduction are your assets. This harmonious Venus-Jupiter aspect favours your affective fulfilment and your sentimental well being. You earn your entourage's sympathy thanks to your conciliating sensitivity, your desire to please and your behaviour in society. In many circumstances, you arouse esteem and consideration – essential values to you. You like social whirls, life in society, the aesthetics and the arts. You often tend to look for the easy way out in your business and your affective relationships. You are known as a complacent person. However, your amorous commitments may be quite superficial. It is important that, without breaking the spell, you opt for a more genuine attitude, respectful of your essential desires. As we all know it, love cannot be bought. An indication of balance: because you are aware that compromises are necessary for a love affair to endure, better than anyone else, you know how to maintain harmony in love.

The Way You Take Action and Your Sexuality

Katy, you are so resistant and so solid that you are able to cope with any challenge, any ordeal. You behave with persistence, rigour and discipline. You are so obstinate and patient that no effort is impossible to you, as if sensitivity and emotions were unable to divert you from your goals. With calm and lucidity, even coldness, you face up to things and you plan on a long-term basis. Nothing and no one can prevent you from fulfilling your responsibilities. You are a rock, a hard worker, and your iron will equals your resistance to blows. Your practical sense is at the service of your ambition which is real and energetic, even though it may not be obvious. Sexually, you are active and vigorous. If you show more warmth, you may become an excellent lover; indeed, being demonstrative is not your major concern.

Your entourage becomes quickly aware of your liveliness and of... your contentious and witty mind, Katy. Your energy efficiently focuses on communication, writing, verbal jousting, speeches, etc. but also on the numerous short trips you make to meet with people.

For you, to take action means to communicate, to convince, to accumulate contacts and, somehow, to assert yourself as you hold sway over your entourage. You may be restless. You think that communication is the basis of any progress and that it is much more useful than any direct initiative: in your opinion, if people are convinced, everything else always follows naturally.

Your siblings, if you have any, have probably felt the warrior hint in the way you communicate. As you mature, you may learn to tone down your manners as soon as someone is around...

★★★★★ Mars conjunction Jupiter, orb 6° 36'

Coordinated action wins over almost all obstacles! You mobilize your energy and your fighting spirit advisedly and you take timely action. This is the reason why you are efficient in situations requiring courage, determination, swift responses and diplomacy, altogether. You do not fear confrontations but you never provoke them unnecessarily. You take advantage of your chances and you adjust your behaviour to concrete situations. You empirically handle events with relevance. The only danger is that you may be overzealous to seize any opportunity... even those that are not necessarily good in the long run. You should take the time to carefully consider the facts and their consequences. The swiftness of your reactions must remain an asset.

★★★★★ Mars sextile Saturn, orb -2° 4'

Persistent action always bears fruit eventually. All that is needed is patience... A quality you have, undoubtedly. As confrontations become unavoidable, you show strong persistence and indisputable perseverance. Potential obstacles are more stimulating to you than they are discouraging. You are naturally fit for effort and for confronting realities and facts. You quickly overcome difficulties and you respond to crises in an efficient and considerate manner. You are enduring. You handle events with rigour and precision. These are valuable qualities nowadays, for they often come with the capacity to undertake adventurous experiences and to take limited risks!

★★★★★ Sun quintile Mars, orb 0° 02'

This planetary Sun-Mars aspect reinforces courage, determination and energy. The need for action is obvious. Whatever your will designs is implemented with fieriness, despite all oppositions. You are decisive and wilful, even foolhardy. Your behaviour may be heroic: you know how to face adversity, to stand for your rights and your decisions, regardless of any confrontation you may have to cope with. The only danger may be that you overestimate your chances and your strength. But your audacity turns out to be rewarding, more often than not.

★★★★★ Mars quintile Pluto, orb 0° 19'

You have a very personal way of taking action and of experiencing confrontations and struggles. The laws of the world are subtle, often with complex and hidden mechanisms. For these reasons, you prefer to act behind the scenes rather than openly. You manage your daily life in a distant and subtle fashion while you try to understand the logic underlying observed facts. You may also provoke events although you act as if you were not concerned. Your interventions will be as efficient as they are discreet. You may secretly transform your life and you live through the inexpressible motivations that connect you with the invisible realm. Things, which cannot be formulated, must be experimented and felt. You test experiences that your entourage find uninteresting and meaningless.

Your Intellect and Your Communication Style

You are the very type of the researcher endowed with great intellectual and imaginative capacities, Katy, and your curiosity is very deep. Researches, riddles and mysteries appeal to you and with a remarkable sixth sense and intuition, you endlessly try to unearth the truth, in all areas, like a psychoanalyst or a detective. You are a very secretive and introverted person, you find it difficult to open up and you rather prefer psychoanalysis. In spite of your clear-sightedness, you find it hard to deal with people: your critical mind, tinted with irony and causticity, may be destructive, especially since your determination and your stubbornness do not incline you to giving up. You are fond of provocations and you handle contradictions skilfully even though you may come across as dishonest.

Your intellect and your communication abilities are not directed towards any particular field, Katy: indeed, you are by nature curious, lively, mobile and you generally adjust remarkably well to your surroundings.

Your versatile personality prompts you to get interested in many things, and it is not exaggerated to say that your intellect and your flexibility constitute strong assets for your life. People around you may rightly or wrongly perceive a kind of shallowness because of your adaptability and skilfulness - sometimes too opportunistic - that are your strong points.

★★★★★ Mercury conjunction Saturn, orb 5° 05'

Your vision of the world is rigorous and objective. An exemplary logic characterizes your mental attitude and your human relations. Your discerning faculties overlook no detail. You need to know the whys of your life and to explore the backstage of your surrounding world. The deepness of your relations dismisses superficial connections. It may be the reason why your interest is aroused when you are in touch with elements that are alien to your mode of functioning. You have the soul of a researcher, regardless of the form that your investigations may take. It may be an exacerbated curiosity for human topics or a will to understand relationship stakes. It may also be a hobby or a course of study that introduces you to a riddle. It does not matter! Life is a perpetual quest for the unknown. Your critical mind is highly developed and you take commonplaces for granted only after thorough consideration.

★★★★★ Moon conjunction Mercury, orb 5° 57'

Curiosity is part of your nature. You perceive everything with sharp acuity. You increase your attempts to establish connections and to exchange opinions and information, particularly when you are in a familiar and intimate context. When this configuration is well integrated, it underlines the multi-faceted nature of the mobility that defines your behaviour and your living conditions and endows you with strong adaptation abilities. You also show a remarkable gift for improvisation and you pick up the quality of the atmosphere so swiftly that you get off any tricky situations. However, you must keep your adaptation capacity under control because when it is overdeveloped, it may become an agent for instability.

★★★★★ Mercury sextile Mars, orb 2° 25'

This harmonic Mercury-Mars aspect is the signature of a quick wit and an energetic character. You take decisions rapidly and you implement them straight away. You never accept stiff situations. You need to design, to take action, to fight to express your acute sense of relation: the world, the people, everything is of concern to you... You need to be involved in relationships and in dialogues. Your sharp retorts earn you a reputation of straightforwardness. On the relations' area, your quick wit and your mobility are greatly appreciated. You find the allies and partners you need at the right time. An art of resourcefulness that is precious...

★★★★★ Mercury sextile Jupiter, orb -4° 1'

You display strong abilities for adaptation, social insertion and various learning capacities. You are credited with an acute sense of relations, probably because you can speak other people's language. You easily assimilate the most varied settings and your qualities are acknowledged. Your attitude and the words you use have the power to seduce and to convince your entourage. Diplomacy is an asset in your game. You are fit for negotiation and you seek compromise solutions. The only danger may be that sometimes, you too readily accept agreements that turn out to be less positive than foreseen, after a while. This is the other side of the coin for your exceptional flexibility and your unquestionable tact.

★★★★★ Mercury semi-sextile Uranus, orb -0° 34'

Your state of mind is innovative and turns the surrounding world into a constantly moving field of experiences. You ask relevant questions ... and you answer them. Although you are flexible when you ought to, your principles and your beliefs are unwavering. It seems difficult to catch you off your guard. You multiply observations, relationships, contacts and you never lose face: actually, your mobility hides an unshakable determination and a deep lucidity. In a split second, you are able to catch the useful information or the enriching relationship. The original and fanciful steps you take exclude monotony. Your approach to life is amazing!

★★★★★ Sun conjunction Mercury, orb 9° 36'

You know how to play with your image, how to give multiple representations of yourself. A precious asset: you are sensitive to other people's opinion and you adapt yourself to the audience. Of course, there is a "show" side in your manner that may prevent perfect cohesion. But that's the other side of the coin, for an extraordinary capacity to discover. This aspect translates into an acute sense of observation, an intense desire to learn and to bring everything to light. You strive to be informed in many circumstances, to understand the machinery of the world surrounding you, particularly regarding all human topics. And you will change according to that information and the knowledge gained. You have the chameleon's adaptation powers. And its vulnerability, as well.

★★★★★ Mercury conjunction Pluto, orb 9° 54'

Gullibility does not belong to the collection of your faults! You have a good grasp of human mechanisms and you easily detect flaws, calculations and hidden motivations. Human relations are subtle, never black or white, always complex. You often speak in riddles or in negations and you prefer to use the ambiguous language of symbols rather than the simplistic clarity of words. In this way, you fuel your mystery. On the relationship plane, your strength lies in the delicate art of highlighting flaws, detecting what destabilizes the enemy or, on the contrary, identifying what is relevant to your friends. You are more interested in what is concealed than in what is openly said. More often than not, you exercise an indisputable clear-sightedness.

Your Goals, Motivations, Career, and Destiny

Your Sun is posited in the 12th House

Katy, your desire for accomplishment goes through a quite peculiar and original form, in the sense that you cannot resist the appeal of mystery and of withdrawing from events and situations. Your natural inclinations often prompt you to isolate yourself and to keep your private secrets intact. Indeed, it is during such privileged moments, when you are alone, that you can recharge your batteries and eventually blossom up.

Somewhere in you, there is a propensity for introversion, quietness and even a kind of isolation, whether they stem from a natural taste or from force of habit. However, beware... you are more secretive and more enigmatic than you are solitary. The reason is because a more or less important part of you (depending on the rest of your chart) is hidden and inaccessible to others.

You are sociable but you appreciate discretion. You often show a real dedication towards people and your compassion is one of the original facets of your personality, which is difficult to figure out. Your individuality is finally forgotten, almost negated in some cases: you are not interested in personal glory, which is all to your credit. You thrive through dedication, volunteer work, humanitarian action and alleviating the distress around you, since you perceive the weight of injustice more acutely than others.

Here is the paradox you are entangled in: the more you keep your distance from society, the more you are successful, at least regarding the things that strengthen you and make you evolve. Working in secret or in a withdrawn environment suits you very well: you are favoured if you are a writer, a painter, a medical practitioner, a psychiatrist or even a monk. You may also work in a penitentiary institution etc., as well as in any occupation conducive to quietness and contemplation. It does not imply that you

cannot achieve fame, but when you do, a hidden part of you must express itself in one of the above areas, for your own good.

The Tradition indicates that with this configuration, your evolution goes through ordeals or obstacles that lead to a crisis and to a period of solitude so that you are on your own and, may be, that you have the time to ponder over what is really important in your life journey that seems at first sight so absurd and crazy. Do not worry, there is no such thing as a better predisposition. Everyone has one's own path and yours goes through an unpretentious authenticity, secrecy and the regeneration of your whole being during a few periods of your life, faraway from social whirls and false relations that are time wasting.

Your accomplishment may turn you into the power behind the throne. It may also take you into hidden topics people do not talk about, the supernatural, occultism, great mysteries etc.

Your destiny contains a mysterious part that no one suspects: you are far from being as simple as people might think.

Although nothing appears externally, you know to which extent you are remote from the idea that the majority of people have of you. You are interested in situations that allow you to hide or to withdraw at some periods of your life; it is often due to a series of ordeals. But beyond your reaction of defence while facing events, you have a true inclination for mystery and secret.

You must overcome the periods of isolation or of ordeals because the reward is proportional to what you are entitled to expect: a more rapid moral and spiritual evolution, wisdom, and a blooming personality. Some people may choose small roads in the countryside to unfold their life. You choose highways to earn your salvation and you avoid the socialite and false delusions inherent to an ordinary life in society. More than anyone, you are favoured, you are prompted to overcome pitfalls and to never let pessimism discourage you.

The ruler of your chart is in the 12th House

The ruler of the Ascendant, also referred to as the chart ruler as explained in a previous chapter, is also posited in one of the twelve Houses of the chart. Just like the Sun in his House, the ruler of the Ascendant provides certain abilities, or it makes you appreciate more keenly certain areas of life.

The ruler of your Ascendant is in the same House as your Sun. This specific feature of your chart strengthens the Sun's characteristics previously delineated.

Aspects influencing your ambitions

Regarding your destiny or your career, the following aspects of your natal chart allow to fine-tune what has just been said above:

★★★★★ Sun conjunction Pluto, orb 0° 17'

This harmonious Sun-Pluto aspect indicates an exemplary clear-sighted mind. Without destabilizing your appearances or your personality mask, Pluto makes you aware of your subjective and questionable character, as well as of your manner. You never take yourself completely seriously. You have a good grasp of human nature's complex games, without gullibility, without excessive simplification. Because you can perceive hidden elements underlying any situation better than anyone else, you are

acknowledged as perspicacious. This aspect allows you to distance yourself from difficult circumstances and to remain impassive when you must overcome pitfalls.

★★★★☆ Saturn square Midheaven, orb 0° 33'

Saturn is in dissonance with your Midheaven, Katy. Of course, nothing really serious is to be feared. It is just that sometimes, you feel that an unfair slowness keeps on delaying the achievements you deem that you deserve right now. You must work twice as hard to climb up the rungs of success, and above all, you must not get disheartened. Effort is one of the values you must work on, and it is a punishment by no means. It is obvious that your goals are achievable, but you must remain on the right track and show perseverance. That's all!

★★★★☆ Moon square Midheaven, orb 1° 25'

There is a dissonance between the Moon and your Midheaven, Katy. It may indicate a discrepancy between your sensitivity and the goals you set for yourself in life, although this dissonance seldom plays out dramatically. You may feel that your emotions sometimes catch you off your guard in society, and that the level of your popularity is not too satisfactory, without your knowing the reasons why. In some cases, females may thwart your social ascent.

★★★☆☆ Mercury square Midheaven, orb -4° 31'

You are not pleased with the way you intellectually approach your professional goals, or simply your destiny. Because of this mild dissonance between Mercury and your Midheaven, in some circumstances, your communication style is tainted with a few hesitations or clumsinesses. There is nothing serious to worry about, and it is up to you to gradually build self-confidence through the study and mastering of your projects.

★★★★☆ Sun sextile Neptune, orb -3° 09'

This harmonious Sun-Neptune aspect indicates a highly developed intuition and clear-sightedness and sometimes, a sixth sense. Mental images or information drawn from the unconsciousness impress your mind. What was only a muddled feeling turns into certainty and deep conviction. You do not necessarily need to justify your attitudes: you take a decision because you feel that you have to do so, although you may not control the underlying logics. The danger is that you may follow fanciful or adventurous roads. Beliefs you cannot explain may prove wrong or over-optimistic. However, your intuition is seldom misleading. One last comment: there is often a keen curiosity for the « bizarre » and the paranormal with this planetary aspect.

★★★★☆ Uranus trine Midheaven, orb -5° 06'

Thanks to this soft aspect of Uranus to your Midheaven, Katy, you are endowed with the gift to let yourself be carried away by the changes cropping up on your way. Instead of being disheartening, modifications affecting your professional or social environment... stimulate you! Then, you may show opportunism, in the good sense of the word, and throughout your life, you may experience strokes of good luck, the consequences of which can be increased, thanks to your talent and your lack of fear whenever you face newness.

★★★★☆ Sun sextile Jupiter, orb 5° 26'

This harmonious Sun-Jupiter aspect indicates an optimistic background that usually wins the entourage's adherence. It also suggests ambition and generosity and favours social integration and success. The desire to earn general consideration prompts you to display energy, joviality and

benevolence. However, opportunism may be the other side of the coin. As you strive to win everyone's esteem, you may fall into disrepute. It is important that you remain clear-sighted so as to persistently pursue your long-term aims without believing that you should always « grab each and every opportunity ». However, this aspect remains an element of success because it allows you to adjust your objectives to the context, to whatever the situation offers or, on the contrary, to force your way through events and to achieve your ideals.

★★★★★ Mars inconjunction Midheaven, orb -2° 06'

Because Mars is in dissonance with your Midheaven, in some circumstances, you may feel misunderstood, Katy. In society, you may even feel hostility towards you as you try to climb up the steps of your professional life, or when you strive to reach a higher social status. Your efforts may be resented. You must be twice as careful as you usually are and tone down your behaviour in order not to be rude to other people, even though from your viewpoint, and it is actually most often the case, it only has to do with misunderstandings or some eagerness on your part.

★★★★★ Neptune sesqui-quadrate Midheaven, orb -2° 18'

Owing to this dissonance between Neptune and your Midheaven, Katy, you may have difficulties in knowing what you want regarding your professional orientation. Your imagination and your flexibility cause contradictory feelings and sometimes result in indecisiveness. You are doubtful about the path your social or professional destiny should follow. There is definitely nothing serious to worry about. It is just that Neptune represents a heavy emotional burden which you must firmly deal with, so as not to delay your trek towards success!

Your Assets and Your Part of Joviality

The present of the planet of Greater Fortune to you Katy, is a positive predisposition for organization, and the ability to reason thoroughly and on a long-term basis. It also endows you with authority and seriousness in all things: your ambitions are clearly favoured, even though it is detrimental to your warmth, your flexibility or your conviviality. However, you can develop all these sides if you want to.

Katy, this Jupiter's position is a heaven-sent present. It increases your earning power and may turn you into a persistent, obstinate and greedy person. You may also be at the same time sentimental and loyal. So, sometimes, material luck and love do work in unison!

The planet Jupiter symbolizes expansion, broadness and generosity. Jupiter is associated with the functions of synthesis, enthusiasm and optimism. In your natal chart, his house position is more important than his sign position because, like Saturn, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Jupiter in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Jupiter in Capricorn reinforces the zeal to work. Your seriousness and your organizational skills are assets that will develop increasingly throughout your life. This configuration may favour your social ascent. It is usually in the second part of your life that you can fully enjoy its benefits.

Your Serious Side

Perspicacity and profundity, and ability to dissect your passions. You manage to add a dose of reason into the analysis of your most intense moods, and you learn to step back from them. Your instincts are well-controlled, sometimes, a bit too much.

Solemnity, seriousness and discipline are your keywords, Katy. It is difficult for you to relax, and it is most likely that at the beginning of your life, you are shy, quite introspective, and distant. You may be worried even though you have no reasons to do so. Your doubts may be overwhelming to the extent that they affect your vitality.

As time goes by, thanks to your strong will, your serious side becomes an asset for your success. You learn spontaneity, risk-taking, and lightness, and you are less concerned with the image you project because, in your heart of hearts, there already are hindsight, solemnity, and some sort of wisdom!

The planet Saturn symbolizes contraction, effort, time, limitation and concentration. Saturn eliminates anything that is not authentic, sooner or later. It is impossible to cheat him as he gives an irresistible desire to form a coherent whole with oneself, in responsible and wise ways. He is the great purifier. He represents our limitations but also our truth. In your natal chart, the house position where Saturn is posited is more important than his sign position because, like Jupiter, Uranus, Neptune and Pluto, he is a slow planet. Many people born in the same period have Saturn in the same sign. This is the reason why the sign occupied here is less meaningful than when it is occupied by the so-called fast planets, i.e. the Sun, the Moon, Mercury, Venus and Mars. Therefore, some caution is to be exercised as you read what follows.

Saturn in Scorpio reinforces your resistance. Your demand for precision and your will to comprehend all things may make you seem a bit tough or harsh to your entourage. Because you are fond of precision, you are interested in exact sciences; your capacity to understand mysteries is strengthened. You learn to control your instincts, even though it may be detrimental to your spontaneity.

A Few Special Points

Your Uniqueness and Your Utopias

Material topics often take an unexpected turn and may even thrive in sudden and exceptional ways. Conversely, they may also cause serious troubles. This area of your life is filled with ups and downs.

On a more symbolical plane, your attachments to people, as well as your sensual behaviour, are devoid of conventional steadfastness and quietness: you may be possessive or surprisingly detached. You are impossible to categorized and you are definitely special.

Your Inspiration and Your Illusions

Your relationship to money is particularly vague. You tend to avoid analyzing your financial resources, as though this topic were neither important nor real. You belong to the category of people who never know how much they have in their bank account and in their purse.

This approach is positive in that, if you have a strong sixth sense, you can get good bargains more easily than other people... It may be some sort of blindfolded fortune, although there are real dangers of losing a lot and of being deceived.

Beware not to overstep legal boundaries, lest someday your carelessness in the financial area gets you into big troubles. It would be a pity if what you earned, thanks to your sixth sense, were taken away from you.

Your Passion and Your Authority

You have an unconscious desire to experience your ordeals to the bitter end, regardless of their consequences for your future.

Your clear-sightedness and your investigative capacity enable you to solve mysteries in a deep and intuitive way. But they may also lead you into conflicts, crises and confrontations with enemies who are ruthless, at least in your opinion; having said this, you precisely have the ability to cope with them and to deeply evolve in the process.

You are predisposed to go through ordeals, on the human plane or in the area of health. The pains thus triggered contribute to transform you more rapidly than the majority of people. Your destiny is certainly to progress forward and, above all, to consider such ordeals as stepping-stones instead of signs of some unhealthy fatality.

The Tradition indicates that you may be prompted to take action in humanitarian causes, all the more so, because your personal ordeals incite you to readily help others, even though this tendency is not at once visible.

Your Isolated Planets

In general, the ten planets of the chart are connected to other planets by major or minor astrological aspects. It is owing to those ties that the planets' energies can manifest in the chart owner's personality and play out within safeguards according to a specific tonality.

It seldom happens that in a natal chart, a planet is totally disconnected from the nine other planets.

Astrologers have observed that when such a case occurs, the person feels the energy of the unsuspected planet in quite a singular way, very jerky and powerful at the same time. Thus, for instance, the famed astrologer Jean-Baptiste Morin de Villefranche wrote that "an unsuspected planet heralds that something strange or extraordinary will take place regarding the meanings of the house in which the said planet is posited" (source : l'astrologie selon Morin).

Rules for detecting an unsuspected planet: among all the testimonies that we have reviewed to this day, based on our experience, we tend to agree with American astrologer Janis Huntley who accepts seven aspects, which involve the zodiacal twelve sections of 30 degrees. The aspects to be considered are the conjunction (0 degree, cooperation or tension), the semi-sextile (30 degrees), the sextile and the trine (60

and 120 degrees respectively, aspects of cooperation), the square and the opposition (90 and 180 degrees respectively, tensed aspects), and the quincunx (150 degrees, slightly tensed). In this detection, the chart's angles are not taken into account.

In any case, it is important to remember that an isolated planet clearly expresses its influence when it is a personal planet. Thus, when the Sun, the Moon, Mercury, Venus, or Mars is isolated, it is certain that the effects described by Jean-Baptiste Morin de Villefranche will become manifest. As for Jupiter, Saturn, Uranus, Neptune, and Pluto, one must be cautious because the volume of cases documented is not yet large enough.

Your chart has no isolated planet, and this particular case does not apply to you.

Annex 1: Your Minor Dominants

The five following dominants are less significant than those described at the beginning of your report. They may not be strongly felt. In some cases, they add several minor details to the analysis of your character, but they are rather for curiosity purposes. It is not necessary to take them into account when you first read your portrait.

Your Planetary Repartitions: Northern, Southern, Eastern and Western Hemispheres

The axis linking the 1st house's cuspid (the Ascendant) to the 7th house's cuspid - the Descendant - divides the zodiac into two bowls, a superior bowl, in the South, and an inferior bowl in the North. Quoting an expression by the famous American astrologer Rudhyar, the Southern part and the Northern part correspond to two functions: "being" and "doing". Other concepts are also associated with this North and South distribution, such as introversion - Northern hemisphere - and extraversion - Southern hemisphere - being or appearances, inner life or external life, reflection or action, dreaming one's life or living one's dreams, the abstract or the concrete, backstage or limelight.

This is not about determination but about personal inclination: thus, some people will be thrown into public life despite a prominent Northern hemisphere. If this happens, however, it will not be due to their will, their taste or their deep nature. Conversely, a prominent Southern hemisphere will not bring about a famous destiny to its owner, even if he tends to turn the spotlight on himself, or if he looks for a more active life. It is a matter of deep nature and natural inclination. Of course, none of the typologies is "superior" to another.

In your birth chart, Katy, the ten main planets are distributed as follows:

Your Northern and Southern Hemispheres

Katy, the predominance of planets in the Northern hemisphere prompts you to reflect and imagine rather than to exteriorize your actions and to be at the forefront of the stage. So, should you wish to remedy this situation, it is up to you to force your nature to take action in broad daylight, to communicate, and to assert yourself... then, you can move forward in this concrete life and enjoy your newly won situation.

The birth chart is divided into two other parts, Eastern and Western, by the axis linking the Midheaven to the Imum Coeli.

The Eastern part, on the Ascendant side, shows the person's ego, will, magnetism, and vitality, whereas the Western part, on the Descendant side, symbolizes other people, communication, relationships and their influence, as well as flexibility and adaptability.

Katy, here is the planetary repartition in your Eastern and your Western hemispheres:

Your Eastern and Western Hemisphere:

The predominance of planets in the Eastern hemisphere of your chart enables you, Katy, to assert yourself and to rely on your determination: you know what you want and you have a tendency to take action and to decide with your personal goals as priorities, even if they can be in contradiction with what others think.

A definite asset... provided that you never make mistakes in your choices. You should pay more attention to your entourage in order to counterbalance your nature and to take advantage of your assets wisely. The danger is that you may be too authoritarian and not conciliating enough. Strong determination coupled with flexibility and acute sense of communication are qualities you should develop.

Your Yin and Yang Polarity

The twelve signs are divided into two polarities, called active or passive, or sometimes masculine and feminine, positive and negative, Yang and Yin. This classification corresponds to two quite distinct tonalities, the first one bringing extraversion, action, self-confidence and dynamism, the second one, introversion, reactivity, reflection and caution. None is superior to the other, each group has its own assets and shortcomings. Odd signs - Aries, Gemini, Leo, Libra, Sagittarius and Aquarius - belong to the first group, whereas even signs - Taurus, Cancer, Virgo, Scorpio, Capricorn and Pisces - belong to the second group.

N.B.: this dominant is a minor one. It is not essential that you read its meaning in the beginning. You can get back to them later on, once you have read more important interpretations.

Your Yin and Yang Polarity

According to the disposition and qualities of your planets and angles, you are rather influenced by Yin energy, the passive polarity, Katy: you are quite introverted, imaginative and sometimes discreet, but you are a deep and wise person who is not content with just noisy and flashy things. At times, you doubt but you think that those who don't are a bit... thoughtless. Allow yourself to take more laid-back attitudes and put your reserve aside, because good equilibrium is always healthier.

Your Houses' Accentuations

Houses are split up into three groups: angular, succedent and cadent.

The first ones are the most important ones, the most "noticeable" and energetic houses. They are the 1st, 4th, 7th and 10th houses. Their cusps correspond to four famous angles: Ascendant for the 1st house, Imum Coeli for the 4th house, Descendant, opposite the Ascendant, for the 7th house and Midheaven for the 10th house, opposite the Imum Coeli.

Planets are evaluated according to a whole set of criteria that includes comprehensive Western astrology rules. At their turn, planets emphasize specific types of houses, signs, repartitions etc., as previously explained.

N.B.: this dominant is a minor one. It is not essential that you read its meaning in the beginning. You can get back to them later on, once you have read more important interpretations.

Your Houses' Accentuations

Your angular houses, namely, the 1st, 4th, 7th and 10th houses, are very emphasized in your chart, Katy: according to the Tradition, they are the strongest and most dynamic houses. Should the rest of your chart concur, angular houses suggest that you are an enterprising, energetic and assertive woman. Indeed, angular houses are said to generate impulsions and to give a powerful and domineering personality.

Unusual fates are often linked to a predominance of angular houses, but this is only a partial indication...

Your Esoteric Decanates

Each sign contains 30 degrees and can be divided into three equal parts: the decanates. The Tradition indicates that specific meanings can be associated to each of the three decanates. Their sphere of activity is usually limited to the Sun sign, however, it is even more interesting to observe the distribution of all the planets in the chart to get an idea of the respective importance of the three decanates, which can complement the description of the personality.

These meanings must be considered with the greatest caution. Indeed, they are minor characteristics that can only underline other outstanding traits of character.

Traditionally, the first decanate highlights the characteristics of the sign where a planet is located. The two other decanates correspond to sub-dominant planets, depending on the nature of each sign. This system leads to a multiplication of meanings and it is impossible to have a clear understanding: here, we prefer to give only the meaning of one decanate in comparison with the other two, within the birth chart as a whole. Again, the greatest caution is needed with regard to this minor indication as it is not always reliable: it is not essential that you read these texts in the beginning. You can get back to them later on, once you have read more important interpretations

Your Esoteric Decanates

The second decanate, which means the part between 10° and 20° of any zodiacal sign, prevails in your natal chart, Katy: these 10 zodiacal degrees emphasize logical thought and mental values. Therefore, you may be drawn to some kind of scientific activities, research, writing or any sort of expression where you have to... think a lot.

Annex 2: Karmic Study

The karmic theme is a good complement to the psychological portrait, or natal chart. This analysis is based on the positions of the Lunar Nodes, the Black Moon and the Part of Fortune: they are also called fictitious points and describe the spiritual purpose of your destiny. Because there is in all of us an experience and a quest, our life is an evolutionary journey... provided that we head towards the right direction, of course! Indian astrologers highly prize the Nodes axis (North Node and South Node). It is the Ariadne's thread that we are invited to follow. The Black Moon indicates the sector where we are most likely to transform or to transcend, whereas the Part of Fortune points out the area where we can easily express our specificity.

The Lunar Nodes: a spiritual path

Lunar Nodes have their roots in the Indian tradition and they are based on a simple concept: each of us have a mission of their own, here on earth, a destiny, a course. According to the Indian philosophy, life is a school: the nodal axis describes our past experiences (South Node, our karma, our spiritual inheritance or our previous lives), and our aims on earth (North Node, our Dharma, the purpose of our current incarnation). This is the reason why the study of the lunar nodes is called "Karmic astrology". Here, we shall not step into hypothetical past lives. Wherever our current trends may come from, all that really matters is that we become aware of the purpose of our life, its finality and our dharma. We are likely to understand our life purpose around the age of 37, when the Lunar Nodes return to their natal position.

You are a rebel. Your extremist attitude earns you successes and setbacks, alternately, and prompts you to transform your lifestyle. However, you long for stability. Your life challenge is to accept to enjoy life's simple joys without gratuitously challenging your assets. As years and experiences go by, you learn the value of what you possess. Things that used to make you indignant, because they were too comfortable, become gradually highly worthy. Your progression encourages your level-headedness: in a first stage, you are prone to struggles, dissidence and contestations... that cause more delusions than satisfactions. Therefore, you set aside your outbursts of anger and strive towards wisdom: acceptance of facts – which does not mean resignation –, renunciation without submission. Although it may not please the frenzied adventurers, you need a minimal dose of quietness and comfort if you are to give of your best and to fully blossom!

During the first part of your life, you manifested an acute sense of challenge, a taste for personal initiatives and an unfailing fighting spirit: these qualities prove helpful in handling any possible setback today. However, you must make an effort to accept your entourage and adopt more open and accommodating attitudes! Life teaches that you must become more sociable and develop the flexible behaviour that you lack. Do not play around with mavericks; It is important that you earn your close friends' affection and that you rely on their collaboration. You slowly become more aware of other people's reasons, of their desires and their concerns. Your destiny may be influenced by relationships. If you had a tendency to provoke people or events, now you have gained complementary qualities: diplomacy and human tact, cleverness in the art of reconciling opposite views. It is true that it required a huge personal effort!

Lilith or the Dark Moon

The Black Moon is the spark of refusal and distance that is dormant in all of us. Depending on the sign where she is found in your chart, she highlights the desire to transform and to sublimate a part of your life. The Black Moon is unfathomable and mysterious. She gives a different dimension to the sector she

touches. Her manifestations are subtle; nonetheless, she is powerful, implacable, demanding to the extreme... The Black Moon is also called Lilith. She is the inner flame of your heroism and insubordination.

Your refusals are irrevocable: you may show violence when the situation is stuck... When facts hamper your aspirations, when everything does not seem to start moving soon, you tend to force your ways through events, regardless of the price to be paid. Your strengths and your weaknesses stem from all that: you may exercise a misplaced extremism, claiming great causes, whereas order can be restored in the simplest of ways. However, better than anyone else, you know how to maintain the pressure whenever it is needed, when the desire for deep changes takes precedence over submission or abdication.

One of the main drives of your life is your rejection of mediocrity: the intention is commendable although it is two-edged. You attach so much importance to charisma that you may reject a person whom you deem – wrongly – unworthy of your esteem! If you avoid this trap, the requirements that you demand from yourself as well as from your close friends become an exceptional springboard for evolution.

The Part of Fortune in House

The Part of Fortune is a very ancient fictitious point that depends on the lunar phase at the time of birth. The astrological house tenanted is particularly strengthened. In your chart, the Part of Fortune is in the 1st house: you aspire to be in full control of yourself. Your wealth is within... early in life you develop the taste for individual initiatives and you find your full balance as you give new impulsions to people and things. You are the initiator, the eternal starter. Like all the persons born at the new moon, you have a very personal way of handling life.

Conclusion

A few remarks are needed here in order to allow you to fully take advantage of your astrological portrait: firstly, do not forget that a birth chart is also a photograph of the sky at birth and a structure that not only contains the personality's characteristics, but also its potential evolution.

We all know that, in real life, people begin to know themselves when they are in their forties, or even later. Likewise, several traits of character in a portrait may seem surprising: in most cases, it means that such features are not yet developed.

Some personalities reveal themselves late in life, whereas others are more precocious. It must be remembered that psychological structures are in a state of continuous evolution because they are influenced by unfolding events and gradual maturity. We can never underline strongly enough the "mobile" nature of the personality, throughout a lifetime.

On the other hand, it is difficult to discriminate what is "already present" at this moment in your life when you are reading your chart's interpretation, from what will appear later in the logic of your evolution: you must sort out all the pieces of information provided and, in most cases, you will see that your astrological portrait is helpful for your endeavours to know yourself better.

Finally, several readings of an astrological portrait are usually necessary in order to absorb all its different meanings and to evaluate the relevance of each character trait.

In any case, better self-knowledge obviously contributes to faster personal blossoming, and it is undoubtedly one of astrology's major roles: contributing to know oneself better, in order to improve more rapidly, to deal with one's weaknesses and to avoid its drawbacks, and to take advantage of one's assets as efficiently as possible.
