Detailed January 2018 Forecast for Scarlett

Introduction

Based on techniques which have been practiced for thousands of years and fine-tuned over the centuries, astrology offers distinct information about the events and the emotions that we are most likely to experience: affective life, social and professional life, material life, etc. Among these astrological forecasting techniques, the so-called "forecast by transits" is the most reliable one. This is precisely what we use in this report.

In this technique, the natal chart is superimposed on the transiting planets of the period you have chosen, and all the astrological aspects thus formed are analysed.

By assessing the nature of these astrological aspects formed between transiting planets and these strategic points, it is possible to work out a forecast report not only for a given date but also for a series of dates.

In your document, transits are displayed in chronological order and according to their beginning date. We recommend that you check the Aspectarian, which indicates the duration of each transit: the longer ones are generally the more important ones, except for the cases of the transits to the slow planets (Jupiter, Saturn, Uranus, Neptune, and Pluto). In a first stage, you may decide to read them only.

Each forecast text includes several parts:

- a title summing up the main trend of the period,
- a yellow star indicating that the transit is important (for Jupiter, Saturn, Uranus, Neptune, or Pluto) or mildly important (for Mars), contrary to the fast-moving planets (the Moon, Mercury, Venus, and the Sun) which have no icon, because they are less important, or quite secondary,
- An "R" icon is sometimes displayed. It indicates that a planetary link is repeated - i.e. that the transiting and the transited planets are in aspect in the natal chart - which fine-tunes the quality as well as the strength of the transit,
- the nature of the active transit, the planets involved, and the type of major aspect (in forecasting, it is unwise to use minor aspects),
- the period of the transit with automatic detection of the previous occurrence of the transit, if any,
- five coloured stars rating the importance of the transit, calculated on the basis of its duration and its nature: four or five coloured stars indicate an important period with probably visible effects, three stars, a climate of average importance, one or two stars, a short period or little significance, such as a collective transit. The colour red indicates a period of tension, the colour gold, a sometimes too inactive period of satisfaction, the colour orange, a mixed conjunction transit with a positive or negative impact,

- the interpretation text, which may begin with one or two warnings about the analysis of your natal chart.

The new version of our report includes major improvements and becomes "intelligent". Instead of displaying a mere series of transits, each interpretation is systematically compared with the configuration of the natal chart. The purpose is to detect recurring transits, transits to the Ascendant ruler, as well as natal planets under stress. This is similar to what a seasoned astrologer does in his one-to-one consultations.

Moreover, "collective" transits, i.e. transits to slow-moving planets, are now displayed - even though they are not very active - except for the Moon, because she moves too fast and exerts no significant influence over slow-moving planets.

Besides, our detailed forecasts take into account what is referred to as "slow transits", the most important ones, since they last a long time and are generated by Pluto, Neptune, Uranus, Saturn, Jupiter, and Mars to a lesser extent, and by "fast transits", i.e. those of Mercury, Venus, and the Sun. This means that this report provides at the same time a forecast report and a real diary for small events and feelings.

Slow transits reveal the future climate you may experience and/or feel, whereas fast transits bring about minor fluctuations, although sometimes they may be active. This is the reason why the titles of the slow transits texts are underlined, which is not the case for fast transits; they should be considered as an addition to the main forecasts indicated by slow transits.

Important remark: certain paragraphs are repeated. This is normal and intentional, for the sake of clarity. Furthermore, seen from the Earth - the reference in astrology - all planets except the luminaries make periodic retrogradations and may pass on a sensitive point of your natal chart several times, producing exactly identical influences afterwards.

To make the most of your report, we suggest that you extensively use the interactivity of the Aspectarian on page 8-9. With our new functionality, clicking on any transit gives you a direct access to its interpretation. Once you have read it, you can get back to the Aspectarian by clicking on the return icon and so on. In this way, you can easily go to the periods or to the transits you are interested in.

Read your forecast now, bearing in mind that the stars incline but do not compel. Astrology is a tool which should be used to live better, to take action during the most harmonious periods, and to put things into perspective during more challenging periods. The indications provided must not inspire dread but must offer help.

A free report, the same but with the additional transits of the Moon, is also available at "My orders" in your account.

Your personal initiatives may be blocked by obstacles which are all the more difficult to overcome that you cannot determine what is thwarting your endeavours.

Absent-mindedness may be the cause of your setbacks.

If your social life has been unsatisfactory of late, you can now shift to centre stage again, and if necessary, recall your achievements. Your words will be given full consideration, and you will be granted reliable assistance and financial support.

Independence and profits

Sextile ♃ Pluto ♄ Saturn (transit to a slow-moving planet)

★★★★★ Valid from Monday 1 January till Wednesday 31 January included (particularly active on Wednesday 31 January, with an orb of 0°36')

This is what could be referred to as *«change within continuity»*, or *«the art to turn old into new»*. Indeed, your rightful desire for change is not based on a principle of rebellion or on a refusal of the past. On the contrary, you know how to use your experiences to lay the foundations of a new chapter.

This period is excellent for gaining more professional independence while remaining in the same branch of activity.

You are able to conduct negotiations on a sale or a mortgage in your best interests. You may use the money thus made to fund a project that will be all the more promising that you have meticulously prepared it beforehand.

During this period, owing to the fact that the natal planet receiving this transit is in your 12th House, it is likely that, beyond or, in addition to the effects described above, you feel that the areas indicated by this House are affected: your inner self, ordeals, hidden enemies, sickness sometimes, but always with a prospect of evolution, solitude, some degree of isolation, whether it is chosen or imposed by the situation.

R Clumsiness and possible blunders

Square ♀ Mercury MC Midheaven

★★★★★ Valid on Monday 1 January, with an orb of 1°56'

This planet and the MC-IC axis are linked by a square in your natal chart: the negative effects of this transit may be increased.

During several days, do not make any important decision concerning your professional life. Because you are clumsy and you tend to talk inconsiderately about subjects you do not master, you may incur the criticisms of your colleagues and of your higher-ups.

You may also be taken for an opportunist because you expose naively your plans and your projects. Since your silly mistakes may force you to redo everything from scratch, you ought to be more discreet and to make fewer blunders.

Lack of communication spoils the climate at home. Be more flexible with the members of your family, and stop harping on the setbacks you undergo outside.

★ Nice encouragements at work and at home

Sextile ♀ Mars MC Midheaven

★★★★★ Valid from Monday 1 January till Sunday 7 January included (particularly active on Thursday 4 January, with an orb of 0°10')

The members of your family support your initiatives and are prepared to go out of their way to help you achieve your ambitions. The atmosphere at home is stimulating, even though it forces you to set aside domestic tasks momentarily.

Do not look for excuses, because the time has come to take action, to change direction, or to start a training course putting you in direct contact with the raw realities of the world of work.

Transformations are needed at home. Therefore, do not hesitate to spend some money if it can make your daily life easier. Since a lot of frankness prevails in your discussions with your parents or your grandparents, you ought to take advantage of it and dispel long-standing resentments.

★ Frankness and bold determination

Trine ♃ Pluto MC Midheaven

★★★★★ Valid from Monday 1 January till Wednesday 3 January included (particularly active on Monday 1 January, with an orb of 2°12')

After having taken stock of your actions and distanced yourself from your family (without cutting off your ties), you are now willing to improve your professional situation. This is the right time to devise clever strategies, to seek – and find – funding, as well as to stand out from the crowd through courageous and independent initiatives.

The image you give of yourself perfectly suits your present frame of mind. When you need an advice or a support, you request them clearly, and you go straight to the point. Your previous experiences speak in your favour, and you will have no problem showing your worth, for you put to good use the know-how you have accumulated.

Smooth communication

Conjunction ♿ Mercury ♿ Mercury

★★★★★ Valid from Tuesday 2 January till Saturday 6 January included (particularly active on Thursday 4 January, with an orb of 0°02')

During a few days, your thoughts and your communication match your natural penchants. Therefore, you feel comfortable when you carry out your analyses and your surveys. You are eager to express yourself and to take a stand on topics which are dear to your heart.

Nevertheless, you ought to be aware that the way in which you reason and convey information may have several flaws. Indeed, all weaknesses will be highlighted; scatterbrains will grow even more

absent-minded, and chatterboxes will become even more talkative...

Do not let the exaggeration of your innate predispositions put a damper on your impetus and your enthusiasms, because they currently constitute your most valuable assets if you are willing to reach out to people and foster excellent relations with them.

This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

This is the reason why the transit received must be analysed with special care, because its influence may be stronger than in the case of another planet, assuming that the configuration is identical. Besides, Venus and Jupiter form a conjunction in your natal chart: the harmonious effects of this conjunction are strengthened.

The expanding flow of your emotions is reaching its highest magnitude and intensity. Everything is an opportunity to open your heart. You are unable to hold back and to conceal what you feel, and you readily share your sensations with your friends and relatives.

This transit facilitates all encounters. Under its influence, you are brilliant, courteous, and sociable, but you may also lie and make promises that you do not intend to keep. Therefore, stop your self-indulgence if you do not want to be caught in your own trap.

In the financial area, you can expect significant profits, but you must refrain from overspending.

The natal planet involved in the transit is in your 2nd House. It is directly linked to the way you make a living, your personal finances, your income and the money you earn. Therefore, it is likely that this period coincides with a modification of your material life.

★★★★★ Valid from Friday 5 January till Monday 8 January included (particularly active on Saturday 6 January, with an orb of 0°23')

Although this aspect occurs twice a year only, it is far from being insignificant, especially if other planets are propelling you forward. Indeed, you dress up to the nines, you polish up your words, and you endeavour to meet influential people. It is certain that you will get the result you are aiming at, but you will have to keep your promises afterwards.

More generally, you may become a socially outstanding figure. You may also find your dream job or get a promotion.

Your authority grows firmer whereas you start to mellow. You accept to be more communicative and more laid-back about subjects which used to make you feel uncomfortable.

During this period, you can also use your savings to finance a wise purchase which will turn to be a sound investment.

In general, you feel good about yourself. You enjoy more particularly the insouciance springing from your enhanced self-confidence and from the stronger faith you have in life and in Providence.

Right now, your receptive mind is very suggestible. Depending on how you control and handle this temperament, you may experience nice bouts of inspiration or bitter disappointments related more particularly to practical matters.

You are ready for any enchantment. You manage to converse with very different persons, and you encourage understanding as well as leniency among the members of your entourage. Your encounters stimulate your imagination and may result in rich and striking creations if you are engaged in an artistic activity or hobby.

However, you must not completely lose touch with reality. Watch your expenses, do not neglect logistical details, and do not sink into a state of bewilderment.

This period highlights your vitality, your personality, your will to assert yourself, your behaviour or the way you look. Therefore, it may have an influence on your personal growth, since the natal planet involved in the transit is in the 1st House of your chart.

Conclusion

Astrology unveils many secrets to those who have a keen sense of observation. The exercise is worth it. Never forget that it describes climates and tendencies, never fatalities, and that there is much room left for your spirit of initiative and your willpower.

An excellent astrological climate does not necessarily bring about concrete events when there is no will and no action. Similarly, potential dangers underlined in the forecast may be limited or eliminated on condition that one remains serene, puts things into perspective, and understands how some ordeals may be beneficial, would it be at the spiritual level only, i.e. by asking oneself relevant questions on the purposes of life and by looking for the answers with determination.

Do not forget that the fact that you know the forthcoming astrological climates must never become a burden. Astrology is meant to serve humans beings. It is not meant to be disturbing.

It is also a tool enabling to understand that everything functions on a cyclic basis. The planets' endless dance through the signs and the applying and separating aspects they send to your natal chart have many ups and downs, exactly like life events. For this reason, we tend to believe that everything is a matter of context, including all the satisfactions, pleasures or disappointments indicated in your report, and that you should keep your serenity and your free will. This is how you can make the most of the indications described in your astrological weather forecast.
