Compatibility Report Catherine and Michael

Introduction: Relationship Analysis

This report integrates all the astrological parameters used by professional astrologers in their comparative studies of a couple's charts, also known as synastry, and uses a comprehensive methodology based on compatibility calculation: we compute the outcome of all the possible combinations existing between two charts and we establish a conjugal index, an affective index, a physical index for the couple's compatibility, and a communication index.

The programme takes eleven major and minor aspects into account, weighing with accuracy formulas for each aspect and rulership. It also analyzes fifteen astrological items (planets and angles, Chiron, Lilith and the Lunar Nodes axis). All the above factors are used for the study of couples and the assessment of our four compatibility ratings or indexes:

The conjugal index

describes the essence of the relationship in view of a marital relationship. It explains the basis and the structure of the link. It is the most important element among the four series of information that are provided here.

The affective index

describes the strength of the sentimental components; it is one of the elements of the relationship structure.

The physical index

gives an idea of the sexual attraction. It indicates only a tendency and you must bear in mind that this very subtle kind of forces may not always express themselves in a constantly equal way, but that they may vary significantly according to other modes of exchange.

The communication index

describes the easy flow of your exchanges, regardless of any affective and physical context. It provides additional and interesting information and may be a binding and amplifying agent among other modes of exchange.

Introduction

These four indexes or ratings are given a grade between 0% and 100%.

What is the concrete meaning of these ratings? They indicate the smoothness of exchanges between two persons and not the quality of their love. Indeed, both partners retain their own choices, their relationship problems or their peculiarities: therefore, it is possible to get ratings nearing 100% although the relationship does not have a positive outcome. Please, never forget a few obvious rules and facts such as in the following examples:

- everyone has one's own character and, for instance, if someone has a predisposition for a belated marriage, an encounter at the age of 18 with a compatible person does not necessarily result into a marriage or a relationship, even if the rating is very high.
- each life goes through very different periods. We may not be available for amorous relationships because we are already involved in a couple or because our state of mind is not conducive enough etc. Therefore, meetings with persons with whom ratings are very high do not necessarily result into a relationship.
- some couples may have quite low ratings; this does not mean unhappiness or problems in the relationship. A conjugal rating of 35% or 40% is absolutely not incompatible with a life-long relationship. The ratings cannot really give information on the intensity of your relationship, which defies these types of criteria. We underline again that we are dealing here with smoothness and not with quality and that two persons with an index of 30% or even 10%, will not experience an "inferior" quality of love, compared to a couple with an index of 80%: the difference probably comes from the fact that they will need to put a lot of energy and efforts in the relationship in order to enhance it and to make it last.

Please, do bear in mind that these figures represent a tendency and not a final verdict, because of all the factors we have just explained.

This report describes in detail the characteristics of your couple's relationship, sorted out in order of importance. They are arranged in two chapters, the first one deals with the relationship from an amorous perspective only, while the second chapter deals with its human aspect, not specifically amorous, which is the communication plane; of course, both parts are linked to each other since the relationship forms a whole. Read them once again, you will most probably be amazed and you will see for yourself how accurate they are. However, please bear in mind that a human relationship is complex and may contain contradictions, which our report cannot highlight, for obvious reasons: indeed, the synthesis of the compatibility indexes with their texts is the only tool that allows to understand properly your couple's relationship.

Introduction

Your four compatibility indexes are provided with a comment regarding their values.

Your Astrological Parameters

- ★★★★★ Essential and crucial characteristics
- ★★★★☆ Active and often noticeable elements
- ★★★☆☆ Quite important elements
- ★★☆☆☆ Secondary yet non-negligible elements
- ★☆☆☆☆ Quite insignificant interpersonal elements

Love Characteristics

Your Strong Points

★★★★★ Conciliation aspect ♂ Mars ☾ Moon, Strength: 102.5

Your relationship is particularly tonic and stimulating for both of you on the physical and sexual plane, let's not hesitate to say the word. Desire usually comes from Catherine and is expressed with ardour and happiness, whereas Michael, always available and lending a sympathetic ear, asks for more. The magnetic current that runs between you is not encumbered with too many feelings or commitments: sudden "clicks", instinct and strength are prevailing and the sole fact that you are together is enough to rekindle the vigour of your mutual attraction. This magnetism may also occur outside the sexual area and, in all cases, it brings to both of you high adrenaline surges that never allow boredom to settle in.

★★★★★ Conciliation aspect MCMC ♀ Venus, Strength: 74.7

Catherine feels a sort of fascination for Michael and idealizes him. Your relationship is warm and Michael is very happy to be the object of Catherine's idolatry. In return, Michael contributes to the achievement of Catherine's objectives or he supports her professional destiny. Catherine's unlimited admiration for Michael is a sign of solidity for your relationship and both of you will find it very rewarding.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

Your Relationship

★★★★★ Conciliation aspect ♀ Venus ☾ Moon, Strength: 67.8

Mood and tenderness are coupled in order to bring the two of you together and to provide both of you with the pleasure of being together. Michael naturally uses his good humour to create a serene, light and amusing atmosphere and Catherine easily expresses her entire affection to Michael. Living together is pleasant and you happily share cultural interests and entertainments. Life together is harmonious and the relationship is easy on a daily basis, almost too easy, if something negative were to be added! There is nothing you can complain about, so enjoy these soothing exchanges, you won't be sorry for it.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ☾ Moon ☉ Sun, Strength: 48.4

Your complementarity is perfect and you feel a strong mutual attraction. Michael totally matches Catherine's aspirations. Catherine naturally does her utmost to adjust to the best of her abilities to Michael's objectives. Therefore, your couple shines with harmony. Michael finds in Catherine the echo and the spontaneous support that help him live more intensely and more confidently. Your affection is real and mutual. In addition, your relationship has an almost mystical character, as if each of you had found your original half. If no strong tensions are indicated elsewhere, this type of relationship is a definite token of durability and shared happiness.

★★★★★ Conciliation aspect ♃ Pluto ☉ Sun, Strength: 23.1

There is an obvious and mutual need for deep transformation between you. If each of you is open to important self-questionings, your relationship promises to be intense: an almost innate understanding, as well as emotional and sexual compatibility are likely to settle in. Michael is under the spell and wants to help Catherine to gain confidence in her own capacity for self-expression, while in return, Catherine tremendously admires his determination and his radiance and encourages its revival in order to start anew. Catherine plays a sort of catalyst role for a remarkable evolution of your couple and she deeply influences the future of your relationship.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

Your Relationship

★★★★★ Tension aspect ♃ Uranus ☾ Moon, Strength: 45.3

The tension between you is high and it can endanger the duration of your life together. Catherine may display a powerful intellectuality and eccentricity and she may not express her emotions enough, while Michael may painfully resent this type of behaviour. The relationship is often electrical, which is beneficial, if there are other strong affective soothing elements. In that case, both of you are able to adjust to Michael's fascination and Catherine's unpredictability, without too many difficulties. In any case, remain watchful and do not allow anything to open a breach in the solidity of your exchanges. Otherwise, you may brutally be separated although your relationship does not deserve it.

★★★★★ Tension aspect ♂ Mars ♆ Neptune, Strength: 24.9

Catherine has difficulties in clearly perceiving Michael. This causes some discomfort in your communication. In addition, Michael may not understand Catherine's active behaviour and may resent it as a form of aggression. Although it seldom brings about real hostility, your mutual interest is to be straightforward and to "dot your i's and cross your t's" if you want to avoid misunderstandings. Catherine does not understand Michael's sensitivity and, despite your fascination, in the long run, Michael may get tired of Catherine's abruptness. Caution and clarity are needed to improve your relationship.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Tension aspect ☾ Moon ☾ Moon, Strength: 16.3

There is a risk that both of you may be disconcerted by your partner's reactions. You respond differently on the emotional and instinctive plane and you may have quick mood swings. They are not really disturbing but it is better to try to spare your partner's sensitivity and not to be uselessly hurtful. You sometimes feel that you are a foreigner to each other, at least regarding your sense of humour and your first reactions to events. However, you won't have confrontations. In the end, is difference not richness in itself? It is up to you to decide, if you so wish.

★★★★★ Tension aspect ♀ Venus ♂ Mars, Strength: 14.3

Physical attraction between you is strong but it may not be expressed in the most harmonious way. Catherine often feels that Michael is violent or pressing. Although Michael is drawn to Catherine, he is unable to find the right attitude that would win her favours. Jealousy may also be an important risk factor in your couple. Therefore, tensions may settle in, blending desire and frustration. If Michael does not understand that he is being brutal with

Your Relationship

Catherine, there is a real danger that the relationship wears out. Similarly, Catherine may be partly responsible for those disharmonious exchanges, for instance when she wrongly suspects Michael of being ill-intentioned.

Communication Characteristics

Your Strong Points

★★★★★ Conciliation aspect ☉ Sun ☉ Sun, Strength: 143.0

This relationship radiates a very positive harmony marked with mutual comprehension and enthusiasm. Your objectives are similar and each of you can play the role you aspire to, in the respect of your partner and with no rivalry. For both of you, your closeness is the source of the support and the encouragement you need in order to achieve your personal ambitions and it may give you the desire to share a common activity later on.

★★★★★ Conciliation aspect ☉ Sun ♃ Neptune, Strength: 68.4

You certainly have the feeling that you are experiencing a privileged and mystical relationship where both of you share the same spiritual values. Each partner is idealized and your feelings are stamped with great romanticism. Michael deeply values Catherine's brilliant abilities and helps her express herself with more sensitivity and develop her intuition. Catherine welcomes Michael's adoration and, in return, she encourages him to give concrete expression to his dreams through increased creativity. You enjoy participating in artistic activities where each of you can improve at the other one's contact.

★★★★★ Conciliation aspect ♃ Uranus ☉ Sun, Strength: 66.4

A magnetic attraction instantly develops between you and it colours your relationship with an exciting and non-conformist hue. You stimulate each other in a cheerful and fraternal atmosphere and in this way, you live a continuously dynamic and eventful life. Michael encourages Catherine to get rid of any possible inhibitions in order to fully express her originality and to assert her independence more strongly. Catherine prompts Michael to be less influenced by people's values, to show more open-mindedness and creativity in order to be at the front of the stage. Both of you know how to positively make use of the "liberating" effect you have on each other. You freely express your ideas and you communicate harmoniously.

★★★★★ Conciliation aspect ♃ Jupiter ♂ Mars, Strength: 52.3

It is very likely that cooperation between you is fruitful: Catherine brings in her experience, her generosity and her sound judgement, while Michael brings in his efficiency, his capacity of action and his precise know-how. This configuration is very promising for the success of your common projects that

Your Relationship

require broad vision and concrete action at the same time. In a couple's life, this characteristic makes your home a very eventful place and not a haven of peace, for your mutual benefits.

★★★★★ Conciliation aspect ♀ Mercury ♃ Pluto, Strength: 42.3

There is a mysterious link between you. Michael can penetrate Catherine's subconscious and understand her real thoughts and motivations. This type of inquisition may trouble Catherine but the alchemy of your relationship works very well. Catherine is intellectually mesmerized by Michael's profundity and might. In return, Michael is sensitive to Catherine's mental alertness and unusual conceptions. Your association may be very fruitful for your intellectual creations. Very often, at Michael's contact, Catherine gains some kind of beneficial transformation or, at least, an enriching evolution.

★★★★★ Conciliation aspect ♃ Jupiter ♃ Uranus, Strength: 40.6

Catherine puts her entire benevolence and her warmth at the service of Michael's originality and audacity. In some cases, you make a very peculiar tandem where the inventive genius of your private or professional couple can express itself strongly because your complementarity favours any bold project you participate in.

★★★★★ Conciliation aspect ♀ Mercury ☉ Sun, Strength: 24.4

Both of you have a very strong capacity to communicate and an obvious intellectual tie that allows Catherine to most efficiently express all her ideas, while Michael is always available and lends a sympathetic ear. The smoothness of your connection benefits the comprehension within the couple but it is also a major asset for any professional cooperation where contacts, communication and words play an important role. Whether you share a commercial activity, or whether you participate together in a more literary work, you can work together very well: Michael usually shows the way while Catherine analyzes all the possibilities and dissects the best strategies.

★★★★★ Conciliation aspect ♀ Mercury ♆ Neptune, Strength: 24.4

You manage to make your meaning come through in a very original manner: with her ideas and her words, Catherine easily makes Michael dream and she exacerbates his sensitivity and his imagination. Regardless of Catherine's logic or the intrinsic qualities of her reasoning, Michael is mainly sensitive to its artistic, imaginary, indeed even mystical or poetic aspects. This endows your relationship with an unusual bent. Catherine's will to communicate will be greatly stimulated by Michael's lyrical flights or his mysterious and quite elusive refinement. Therefore, the original keys to your mutual understanding and appreciation are made available to both of you.

This aspect is found in both partner's charts. Therefore, the description of the

Your Relationship

above paragraph constitutes one of the major features of your exchanges.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★☆ Conciliation aspect ♀ Mercury ♂ Mars, Strength: 18.2

You mutually stimulate each other but in different ways. Michael's dynamism and provocations put Catherine on the alert. They prompt her to sharpen her mind and her conceptions, and thus, to constantly improve herself. Despite the tricky side of your exchanges, it constitutes a positive drive. In the end, you are delighted by this pleasant joust because Michael always feels a real intellectual excitement in Catherine and the latter has only one desire: to brilliantly do more, in order to overcome Michael's criticisms and to improve her own verbal strategies, which are already very impressive. Besides, you can efficiently cooperate on the professional plane, as the combination of your complementary talents proves very fruitful.

★★★★☆ Conciliation aspect ♀ Mercury ♃ Uranus, Strength: 16.4

So many mutual intellectual and nervous stimulations! It is certain that there can be no boredom when you are together. One of the partner's original ideas and style of personality arouse the interest and the curiosity of the other one. Your exchanges are continuously lively and almost telepathic! Swiftiness prevails and reactions are quick. You can spend hours shifting from one topic to another one, both of you being carried away by innovative ideas or off the beaten path concepts, irresistibly engrossed in bright, endless, verbal and mental jousts. Your shared mental activities stir up your creativity with dazzling ideas sprouting all over. They make you evolve in such exquisitely original ways.

★★★★☆ Conciliation aspect ♃ Jupiter ♇ Pluto, Strength: 12.1

Michael's ascendancy over Catherine may have a positive transforming effect and may encourage her ambitions and her actions in the fields of business, politics, as well as her moral and philosophical ideas. As you unite your strong intuition and optimism, you give yourselves the means to achieve projects together and also, to be successful on a more personal plane, in your couple's life.

Your Relationship

★★★★★ Conciliation aspect ♃ Saturn ☉ Sun, Strength: 11.2

This relationship is a source of learning and of experience for your couple, each partner toning down the other one's excesses. Michael helps Catherine overcome doubts and fears, so as to better enjoy life with increased trust in success. Catherine, in the meantime, plays the role of the teacher, protective and reassuring, and tries to bring discipline and structure to Michael who is not very clear-sighted regarding the necessity to set his personal limits. With time and patience, both of you can learn to take on your responsibilities. Therefore, your couple has every chance to be enduring, especially if there is a difference in age between you, in which case, Catherine becomes the stabilizing agent in the couple.

Your Weak Points

★★★★★ Tension aspect ♂ Mars ☉ Sun, Strength: 67.2

You do not seem to be on the same wavelength. It is difficult for you to take action together and to achieve a common project. Catherine thinks that Michael's responses are inappropriate while Michael has difficulties in understanding her aggressive reactions. Each of you will fight for power in your own way, Michael through his desire for command and Catherine, through her need for action. This excessive stimulation may be experienced on a heated mode, with both of you striving to assert your independence. However, sudden and regular quarrels may endanger the stability of your relationship.

★★★★★ Tension aspect ♀ Mercury ♃ Saturn, Strength: 33.7

Intellectual cooperation may be quite difficult. Catherine's ideas may be harshly judged and criticized by Michael who tends to emphasize her errors and lack of precision. Of course, Catherine is not willing to fully express herself any more and she may feel that Michael's company is smothering and boring in the long run. Catherine's natural self-confidence may be undermined and lead to inhibitions whenever you are together. But this applies to the realm of ideas only. For the rest, nothing is lost and the above description is only a tendency...

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Tension aspect ♃ Jupiter ♃ Saturn, Strength: 20.9

You often find it difficult to take action together because your approaches are very different. Catherine is generally optimistic, always ready to charge ahead and to take risks for your enterprises, while Michael slows down and weighs

Your Relationship

up the risk factor, which tends to undermine Catherine's enthusiasm. Therefore, your cooperation may not be very efficient.

★★★★★ Tension aspect ♃ Neptune MCMC, Strength: 13.5

Catherine does not clearly understand Michael's objectives and, as a consequence, she may influence Michael, turn him away from his goals and prevent him from achieving them. This lack of understanding brings about some confusion and prevents your professional cooperation from being fully efficient, particularly from Michael's viewpoint.

★★★★★ Tension aspect ☿ Mercury MCMC, Strength: 8.9

Catherine has many difficulties in explaining her objectives to Michael. Your discussions lead to nowhere and, despite Catherine's efforts to explain herself or to contribute to Michael's ambitions, the outcomes are likely to be insignificant. There is nothing really serious, but in the long run, there may be a danger that you avoid all intellectual exchanges because, at the end of the day, most of the time, they produce no benefits.

Potential Mutual Influences

When we compare two astrological themes, in addition to the blatant and directly active relations that were delineated above, there is a number of potentialities which describe secondary mutual influences playing out in different life areas: they are not visible at once, as their effect is not direct, but they shed complementary light which fine-tunes certain attitudes between two persons. Indeed, in the long run, these different energies play out in a more noticeable way and will contribute to the relationship's richness and complexity. We analyze them here in ten short chapters addressing each of the ten types of energy involved. Please, keep in mind that they will not be understood and felt until the relationship has matured.

Your Mutual Encouragements

Friendly ties and mutual aid are prevailing between you: Catherine naturally plays the role of advisor and allows Michael to move more efficiently towards his own goals and ideals. It is very likely that you have many centres of interests in common and that dialogue flows smoothly and pleasantly between you.

On the spiritual and philosophical planes, and generally speaking, in the field of ideas, sometimes more concretely in politics, Michael has a very important influence on Catherine. Michael may make her change her concepts radically and undertake journeys, whether in the literal sense or in the psychic area, so that Catherine can broaden her own realm and her vision of things.

Your Mutual Influence When Facing External Events

Catherine feels naturally drawn to Michael's artistic talents, leisure or vacations: it is usually an element of harmony and pleasure between you and, in any case, an omen that the relationship is light, cheerful and pleasant.

Shared feelings and the same need for little secrets endow both of you with the capacity to express yourselves freely with the support of your partner, and this is favourable for your comprehension within the couple. Good understanding prevails between you in the family and domestic sphere: Michael contributes to make home a comfortable and warm place where the whole family has its habits, while Catherine, in return, brings movement, vitality and energy into it. In some circumstances, Michael may disapprove of Catherine's impulsive way of expressing herself.

Your Mutual Stimulations in the Field of Communication

Catherine's intellectual cleverness is a constant asset for the success of Michael's projects. This efficient and ingenuous support may favour perfect mutual sympathy between you, in addition to the affective link that may have developed already.

Michael has the capacity to understand Catherine's deep and hidden motivations, which may cause the latter to feel a bit worried or stressed. However, you are dealing here with intellectual perspicacity and not with a desire for ascendancy or power games. Michael may even help Catherine overcome problems, including psychological ones through self-awareness. The other possibility is that Michael helps Catherine correct some of her flaws. On the financial plane, your association may prove tricky in some cases or... very profitable in some others, since stability is not on the agenda, in this regard.

Your Reciprocal Abilities for Creating Harmony

Catherine exerts great fascination over Michael who is not far from idealizing Catherine. The relationship is warm and Catherine is happy to be the subject of Michael's idolatry. In return, Catherine generally contributes to the achievement of Michael's objectives or she supports Michael, so that the latter successfully accomplishes his professional destiny. Michael's unlimited admiration for Catherine is a guarantee for the solidity of your relationship, which both of you enjoy as your reward. Catherine must be careful that, at times, her whims don't tarnish Michael's image.

This characteristic is found in both of you. Thus, it is particularly typical of your relationship.

Your Relationship

Your Mutual Stimulations in the Field of Action

Catherine's desire to conquer may be strongly increased at the contact of Michael who symbolically becomes the person to be caught and to be possessed. This will to dominate may play out in the financial area instead: in that case, Catherine urges Michael to take courageous initiatives in order to make more money, or she makes Michael spend money lavishly. Therefore, there may be disagreements about your couple's possessions and resources, if Michael does not accept such impulsive and quite intrusive manners.

In your couple, Michael encourages Catherine to discover new horizons and to compare new intellectual and philosophical ideas. Both of you have many debates about different approaches to life and you also share a deep interest in foreign cultures. Thanks to Michael's enthusiastic and dynamic initiatives, you travel frequently in order to put your beliefs into practice and to test them.

Your Assets, Protections and Abilities for Success

Whether through her social relationships or through her knowledge, Catherine protects Michael and contributes towards the success of Michael's projects, sometimes, too generously. The ensuing sympathy and warmth obviously favour the tie already existing between you.

Michael's acute ability to instinctively spot Catherine's hidden qualities and to enhance them is added to the physical attraction prevailing between you. This gives your relationship a steady nature that benefits both of you. Especially in the financial area, Michael can play a very efficient role and increase your common patrimony.

Lessons Drawn From Experience and Your Responsibilities

Catherine, can't you realize that, in spite of your commendable efforts to make Michael progress according to your own criteria, the way you do it may be quite smothering and difficult to bear? Indeed, at the end of the day, the way you do or say anything is, at least, as important as the goal sought after. You can cooperate well together, provided that Michael consciously accepts Catherine's greater experience in the fields both of you are dealing with.

This doubled-edged configuration is quite critical for your couple because Michael is tempted to consider the relationship with Catherine as a life lasting one, and at the same time, he demands that his human appreciation criteria be met, which of course, makes the whole thing difficult to achieve. Your relationship is easier when it does not occur in an amorous context. Otherwise, if such is the case, it will be the all or nothing type. It can be all... provided that Michael really waters down his wine and accepts to set a limit to his claims.

How You Motivate Each Other and the Impact on Your Uniqueness

A genuine friendship unites you - in addition to other more intimate ties existing between you, of course - and both of you evolve in a spirit of mutual respect and tolerance, without ever trying to impose yourself. You always encourage each other to show more independence in your words and your actions. Catherine's dynamic personality prompts Michael to take increasing risks and to instil more originality into his projects. Your very unusual relationship may lead you to commit yourselves in joint humanitarian or collective actions.

Michael's new and original ideas help Catherine change her domestic and professional life and improve her health in quite unusual ways; or at least, Michael encourages Catherine to take a few steps towards that aim. Your couple may be interested in the latest technologies or in methods to improve the quality of your joint work, but you may also have a passion for alternative medicines, yoga, tai chi etc...

Idealism, Compassion and Euphoria

Straight away, the relationship may appear as marvellous and ideal to both of you. Magic prevails and you both feel that you are living something unique and that you have found your soul mate. Understanding is innate, almost intuitive. Catherine encourages Michael to develop his imagination and his spirituality, while Michael helps Catherine to better formulate her mystical vision of things. In your relationship, the danger lies in a tendency to over-idealize the partner and to create illusions.

Michael's humanistic, sometimes religious or populist conceptions may favourably inspire or... confuse Catherine. This is the big problem with false hopes or genuine faith in several theories. It is up to both of you to disentangle the muddled web and to differentiate truth from falsehood, ideal from utopia, possibility from chimera...

Awareness Gaining and Transformation Factors

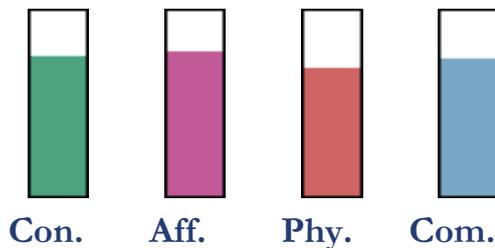

Whether you like it or not, there are power struggles between you. Catherine's influence, authority and power can favourably and irresistibly transform Michael's destiny. Catherine may be extremely demanding and appear as a mysterious and fascinating figure to Michael. Indeed, Michael feels a hidden and charismatic authority in Catherine. All this makes your couple all the more steady. It seldom occurs in real life, however, there is a danger that Catherine's domineering influence upsets Michael because its expression is too harsh, or only because Michael feels that it undermines his freedom.

Your Relationship

Catherine may become aware of new hidden facets of her qualities, thanks to Michael's valuable help, and she may evolve towards a better understanding of her inner self. Sexual and financial areas are favoured in your relationship, either in the form of a beneficial elimination of your mutual inhibitions, or in the mobilization of your respective energies, with a view to making good investments. However, there is a danger that some tensions may occur, depending mainly on other active factors in your couple.

Indexes and Couple's Diagnosis

Conjugal index	76%
Affective index	78%
Physical index	69%
Communication index	74%

Your relationship is very smooth, and few things are likely to harm your fundamental harmony. We could even say it is pretty remarkable, not far from being exceptional... Sometimes, but in really rare occasions, and rather owing to elements that are external to your personalities, some frictions can occur, but in the majority of cases they will be solved easily. It is undoubtedly an extremely encouraging index for your continuation, you can really go for it: happiness is within your reach!

Conclusion

We hope that this Report has shed light on how your relationship works, as well as on the various aspects of your respective personalities.

There is a point that we deem necessary to underline: in our conclusion, we want to insist one last time on the meaning of the compatibility ratings; the marks that quantify your affinities never give an implacable verdict regarding the quality of your couple's relationship.

Here, we are dealing with the more or less smooth way in which you actually experience your relationship, and under no circumstances, are we addressing its beauty or its strength.

For the sceptical ones who do not believe in astrology, we do not resist the pleasure to quote a few comments by persons of authority in this area. They are drawn from the excellent book authored by one of the undisputed French masters, André Barbault, *Traité Pratique d'Astrologie* (Practical Treatise of Astrology), published by the Editions du Seuil:

KEPLER: « Twenty years of practical studies have convinced my rebellious mind of the reality of astrology. »

HENRY MILLER: « Astrology considers man in his wholeness and I believe that it is essential: man is a comprehensive being. Astrology shows that nature has its rhythms and that each human being participates in these rhythms... »

C.G. JUNG: « If people whose education leaves a lot to be desired have thought that they could, until recently, make fun of astrology, considering it as a pseudo-science dead a long time ago, this astrology, dating back to the depths of popular wisdom, comes up again at the door of our universities, which they left three centuries ago. »

SAINT-JEROME: « I remain silent on philosophers, astronomers, astrologers whose science, very useful for men, is asserted through dogma, explained through method, justified through experience... »

ARISTOTLE: « This world is linked in a necessary way to the movements of the superior world. Any power, in our world, is ruled by these movements. »

BALZAC: « Astrology is a huge science that has ruled the most intelligent minds. »

PIERRE SCHAEFFER: « It seems to me that astrology can, in its way, through the configurations studied, detect the most secret relationships of human being's inner life. »

Conclusion

The list of personalities who are in favour of astrology is increasingly long. It is clear that, in the 21st century, astrology is gradually given back the place it used to enjoy, except during the past three centuries: a human discipline that works well, with its questionings, its research and its evolution, but also with the mystery over the reasons of its accuracy.

Regarding interpersonal relationships, the debate is quite similar to that of astrological forecasts. Although fate is not inescapable, it does not allow to dismiss a great number of peculiar behaviours that everyone finds astonishing. For instance, instinctive sympathies and antipathies, sometimes with no apparent cause and lasting for a whole lifetime, remain definitely mind-boggling.

Astrological rules applied to the comparison between two charts produce a quick answer because basic incompatibilities exist, in the same manner as fire does not blend well with water or a journalist's mind does not match a researcher's because their respective and basic objectives are too different.

Thus, astrology allows to quickly understand what could otherwise be ascertained after quite a long period of time. Isn't it already one of the justifications of its practice?

We do think so and we strive to draw information for the benefit of as many people as possible.

However, do not forget that the results and the explanations provided to you are only indications and that it is up to you, and to you only, to decide which path your couple is to follow: the stars incline but they do not compel.
