Compatibility Report Heidi and Seal

Introduction: Relationship Analysis

This report integrates all the astrological parameters used by professional astrologers in their comparative studies of a couple's charts, also known as synastry, and uses a comprehensive methodology based on compatibility calculation: we compute the outcome of all the possible combinations existing between two charts and we establish a conjugal index, an affective index, a physical index for the couple's compatibility, and a communication index.

The programme takes eleven major and minor aspects into account, weighing with accuracy formulas for each aspect and rulership. It also analyzes fifteen astrological items (planets and angles, Chiron, Lilith and the Lunar Nodes axis). All the above factors are used for the study of couples and the assessment of our four compatibility ratings or indexes:

The conjugal index

describes the essence of the relationship in view of a marital relationship. It explains the basis and the structure of the link. It is the most important element among the four series of information that are provided here.

The affective index

describes the strength of the sentimental components; it is one of the elements of the relationship structure.

The physical index

gives an idea of the sexual attraction. It indicates only a tendency and you must bear in mind that this very subtle kind of forces may not always express themselves in a constantly equal way, but that they may vary significantly according to other modes of exchange.

The communication index

describes the easy flow of your exchanges, regardless of any affective and physical context. It provides additional and interesting information and may be a binding and amplifying agent among other modes of exchange.

Introduction

These four indexes or ratings are given a grade between 0% and 100%.

What is the concrete meaning of these ratings? They indicate the smoothness of exchanges between two persons and not the quality of their love. Indeed, both partners retain their own choices, their relationship problems or their peculiarities: therefore, it is possible to get ratings nearing 100% although the relationship does not have a positive outcome. Please, never forget a few obvious rules and facts such as in the following examples:

- everyone has one's own character and, for instance, if someone has a predisposition for a belated marriage, an encounter at the age of 18 with a compatible person does not necessarily result into a marriage or a relationship, even if the rating is very high.
- each life goes through very different periods. We may not be available for amorous relationships because we are already involved in a couple or because our state of mind is not conducive enough etc. Therefore, meetings with persons with whom ratings are very high do not necessarily result into a relationship.
- some couples may have quite low ratings; this does not mean unhappiness or problems in the relationship. A conjugal rating of 35% or 40% is absolutely not incompatible with a life-long relationship. The ratings cannot really give information on the intensity of your relationship, which defies these types of criteria. We underline again that we are dealing here with smoothness and not with quality and that two persons with an index of 30% or even 10%, will not experience an "inferior" quality of love, compared to a couple with an index of 80%: the difference probably comes from the fact that they will need to put a lot of energy and efforts in the relationship in order to enhance it and to make it last.

Please, do bear in mind that these figures represent a tendency and not a final verdict, because of all the factors we have just explained.

This report describes in detail the characteristics of your couple's relationship, sorted out in order of importance. They are arranged in two chapters, the first one deals with the relationship from an amorous perspective only, while the second chapter deals with its human aspect, not specifically amorous, which is the communication plane; of course, both parts are linked to each other since the relationship forms a whole. Read them once again, you will most probably be amazed and you will see for yourself how accurate they are. However, please bear in mind that a human relationship is complex and may contain contradictions, which our report cannot highlight, for obvious reasons: indeed, the synthesis of the compatibility indexes with their texts is the only tool that allows to understand properly your couple's relationship.

Introduction

Your four compatibility indexes are provided with a comment regarding their values.

Love Characteristics

Your Strong Points

★★★★★ Conciliation aspect ♀ Venus MCMC, Strength: 39.3

Seal feels a sort of fascination for Heidi and he idealizes her. Your relationship is warm and Heidi is very happy to be object of Seal's idolatry. In return, Heidi contributes to the achievement of Seal's objectives or she supports his professional destiny. Seal's unlimited admiration for Heidi is a sign of solidity for your relationship and both of you will find it very rewarding.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ☾ Moon ♄ Saturn, Strength: 38.3

Continuance and security are on your side! Of course, superficiality and frivolousness are not your relationship's priorities. Heidi particularly appreciates Seal's seriousness and sense of responsibilities and Seal is very keen to dedicate himself to your common interests. If only he could express his emotions better, all would be perfect. However, Seal's commitment and the long-lasting security he provides are major assets. Heidi readily adjusts to Seal and, as the former learns the rules of life together, she earns Seal's esteem because the latter tends to behave more like a parent or a teacher rather than a partner. But to each, his/her own, is it that irksome?

★★★★★ Conciliation aspect ♂ Mars ♃ Neptune, Strength: 35.3

The association of water with fire is usually impossible, but in this case, it may prove harmonious in the sense that Seal's sensitivity and kindness allow Heidi's capacity of action to be expressed to the fullest. Actually, you are "compatible" and Heidi's dynamic attitude balances Seal's idealistic and

Your Relationship

passive sides. On the physical plane also, harmony is likely to settle in, Heidi being the relationship's mobile and active pole, and Seal expressing his charm, compassion and seductive power.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ♂ Mars ♀ Venus, Strength: 28.6

This is the best possible sign of physical compatibility between two persons and it had to be yours! Both of you have the luck of the devil because you can freely express all your desires and experience them together without restraint in harmony and voluptuous pleasure. It is not exaggerated to say that the contact between you is magnetic, even electric: you are highly sensitive to the physical presence of your partner and both of you equally appreciate the other one, a little bit as a child appreciates chocolate! In your couple, Heidi is more active and dynamic, but it does not prevent Seal from launching charm offensives and being very successful. Sometimes, the relationship is not an amorous one but both of you tremendously enjoy being together.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Conciliation aspect ☾ Moon ♀ Venus, Strength: 10.3

Mood and tenderness are coupled in order to bring the two of you together and to provide both of you with the pleasure of being together. Heidi naturally uses her good humour to create a serene, light and amusing atmosphere and Seal easily expresses his entire affection to Heidi. Living together is pleasant and you happily share cultural interests and entertainments with a lot of happiness. Life together is harmonious and the relationship is easy on a daily basis, almost too easy, if something negative were to be added! There is nothing you can complain about, so enjoy these soothing exchanges, you won't be sorry for it.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ♃ Pluto ☉ Sun, Strength: 9.1

There is an obvious and mutual need for deep transformation between you. If each of you is open to important self-questionings, your relationship promises to be intense: an almost innate understanding, as well as emotional and sexual compatibility are likely to settle in. Seal is under the spell and wants to help Heidi to gain confidence in her own capacity for self-expression, while in return, Heidi tremendously admires his determination and his radiance and

Your Relationship

encourages its revival in order to start anew. Heidi plays a sort of catalyst role for a remarkable evolution of your couple and she deeply influences the future of your relationship.

Your Weak Points

★★★★★ Tension aspect ☉ Sun ♇ Pluto, Strength: 73.0

Both of you need to assert yourselves within your couple and you both feel a personal pride in achieving your objectives. Your feelings are often excessive and you are both exposed to conflicts where rivalries and struggles for power prevail. Seal wants to change Heidi, he expects too many efforts from her and he manoeuvres insidiously with a view to get what he wants. Then, Heidi may lose confidence in her own capacities and, because she feels threatened by Seal's psychical power, she also uses her authority in order to resist this imposed metamorphosis; as a result, anger is stirred up on both sides.

★★★★★ Tension aspect ♇ Pluto ☾ Moon, Strength: 55.9

There is a strong sign of fascination between you but you must not allow it to turn into a domination power from Heidi over Seal. The danger is there, clearly indicated, but it remains only a danger... Seal may feel this domination power, even some aggressiveness, in Heidi's behaviour because Heidi immediately finds his vulnerable spots. To solve the problem, Heidi must become aware that she should exercise some self-restraint within her quite "predatory" approach and Seal must tone down his natural touchiness. For both of you, caution must be borne in mind and, on this condition, you will stay together if you wish to.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Tension aspect ♃ Uranus ♀ Venus, Strength: 12.6

The tension between you is electric, almost too much. It is very probable that you met by a set of curious coincidences and that you were shaken up. But it is very unlikely that it will last. Both of you are too demanding, you are passionately drawn to each other but... things don't work the way you hope they would. Heidi is quite eccentric or inconstant, or more simply, she is sentimentally or physically different. If other harmonious and enduring signs are found in your charts, you may overcome these obstacles. Otherwise, you may split as suddenly as you met.

Your Relationship

★★★★★ Tension aspect ♀ Venus ♂ Mars, Strength: 12.2

Physical attraction between you is strong but it may not be expressed in the most harmonious way. Heidi often feels that Seal is violent or pressing. Although Seal is drawn to Heidi, he is unable to find the right attitude that would win her favours. Jealousy may also be an important risk factor in your couple. Therefore, tensions may settle in, blending desire and frustration. If Seal does not understand that he is being brutal with Heidi, there is a real danger that the relationship wears out. Similarly, Heidi may be partly responsible for those disharmonious exchanges, for instance when she wrongly suspects Seal of being ill-intentioned.

Communication Characteristics

Your Strong Points

★★★★★ Conciliation aspect ASAS ☉ Sun, Strength: 111.7

Mutual sympathy and closeness develop instantly between you. You often have the same reactions, and this fact brings about a feeling of familiarity that may create a very tight bond. Your instinctive trust in the other one facilitates your exchanges and you are mutually encouraged to project your best image and to increase your self-confidence. Each of you find your place within your couple and, without rivalry, you can cooperate with a view to achieve a common task.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ♂ Mars ♃ Jupiter, Strength: 57.7

It is very likely that cooperation between you is fruitful: Seal brings in his experience, his generosity and his sound judgement, while Heidi brings in her efficiency, her capacity of action and her precise know-how. This configuration is very promising for the success of your common projects, which require broad vision and concrete action at the same time. In a couple's life, this characteristic makes your home a very eventful place and not a haven of peace, for your mutual benefits.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ☉ Sun ♂ Mars, Strength: 53.7

This aspect brings a lot of energy within your couple; each partner feels boosted by the presence of the other one and both of you can better reach your objectives. You encourage each other, you assert yourselves more positively and you enjoy practicing a professional or sports activity together. Heidi encourages Seal to behave with more self-confidence while Seal

Your Relationship

prompts Heidi to take action more often. This spontaneous relationship, devoid of inhibition on both sides, also translates into great physical attraction. Although Seal may try to dominate Heidi, your common desires will always be strongly stimulated in your couple.

★★★★★ Conciliation aspect ☾ Moon ASAS, Strength: 46.6

Shared feelings and the same need for little secrets endow both of you with the capacity to express yourselves freely with the support of your partner, and this is favourable for your comprehension within the couple. A good understanding prevails between you in the family and domestic sphere: Heidi contributes to make home a comfortable and warm place where the whole family has its habits while Seal, in return, brings movement, vitality and energy into it.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ♀ Mercury MCMC, Strength: 25.0

Heidi easily understands Seal's objectives and this is an excellent agent for closeness. Exchanges flow smoothly between you and if, for instance, you share a business or if you work together, Seal will benefit from Heidi's ingeniousness and from her sense of communication. Heidi puts her entire intelligence at the service of Seal's career or destiny. In a couple, this type of link tremendously contributes to the development of your common projects, even if Seal is the person who benefits most from Heidi's excellent ideas.

★★★★★ Conciliation aspect ♃ Jupiter ASAS, Strength: 23.1

Being together provides you with a lot of happiness and good mood. Your common interests go beyond your daily life setting and your pleasant exchanges deal with ideas and values related to culture, religion, ethics or education. Heidi greatly helps Seal enhance his personal image and spiritual development, while Seal encourages Heidi to put her beliefs into practice and to socialize more. A nice confiding rapport that favours life together will settle in between you, before long.

★★★★★ Conciliation aspect MCMC ♃ Jupiter, Strength: 21.5

This excellent combination indicates that with Seal's unconditional support and benevolence, Heidi can discover new social circles or achieve her human or professional objectives. Heidi's social status is enhanced as Seal spares no effort in order to favour Heidi's position and to encourage her self-confidence. This is a sign of strong protection from Seal to Heidi who, in return, will play an important role in the development of Seal's abilities to display his own assets in your joint projects.

This aspect is found in both partner's charts. Therefore, the description of the

Your Relationship

above paragraph constitutes one of the major features of your exchanges.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Conciliation aspect ASAS ♃ Uranus, Strength: 20.6

Your relationship is very dynamic and intellectually stimulating. A feeling of familiarity develops instantly between you: you encourage each other to scorn conventions and to express your individuality in the best possible way. Seal continuously stimulates Heidi's interest and prompts her to question herself. Often, the relationship is experienced under the form of cohabitation, discontinuity being the couple's main longevity factor. If you live together, Heidi must allow Seal his fair share of personal leisure and fully respect his need for independence. In any case, there is no danger that you might get bored together.

★★★★★ Conciliation aspect ♆ Neptune ♀ Mercury, Strength: 19.4

You manage to make your meaning come through in a very original manner: Seal, with his ideas and his words, easily makes Heidi dream and exacerbates her sensitivity and imagination. Regardless of Seal's logic or the intrinsic qualities of his reasoning, Heidi is mainly sensitive to its artistic, imaginary, indeed even mystical or poetic aspects. This endows your relationship with an unusual bent. Seal's will to communicate will be greatly stimulated by Heidi's lyrical flights or by her mysterious and quite elusive refinement. Therefore, the original keys to your mutual understanding and appreciation are made available to both of you.

★★★★★ Conciliation aspect ♃ Jupiter ♄ Saturn, Strength: 18.4

A strong complementarity allows you to pool your talents for the sake of your professional or financial interests. Indeed, Seal puts his entire experience and rigour at the service of Heidi's will to expand and to improve: caution coupled with broadness of vision brings about a significant dynamism that is very profitable to your couple or your association.

★★★★★ Conciliation aspect ♃ Jupiter ♀ Mercury, Strength: 15.3

Intellectual and professional cooperation has every chance to be efficient and warm. Seal's nimble, nervous and quick side perfectly matches Heidi's experience, charisma and wisdom, at least, this is the way both of you feel it. Whether as professional partners, or as a couple, it is certain that your relationship flows smoothly and that it enriches both of you. Heidi's tolerance and benevolence go along well with Seal's mental skills and creativity. You

Your Relationship

can share a great number of centres of interest and your association is a very beneficial one.

★★★★★ Conciliation aspect ♃ Pluto ♀ Mercury, Strength: 14.8

There is a mysterious link between you. Heidi can penetrate Seal's subconscious and understand his real thoughts and motivations. This type of inquisition may trouble Seal but the alchemy of your relationship works very well. Seal is intellectually mesmerized by Heidi's profundity and might. In return, Heidi is sensitive to his mental alertness and his unusual conceptions. Very often, at Heidi's contact, Seal gains some kind of positive transformation or, at least, an enriching evolution.

★★★★★ Conciliation aspect ☉ Sun ♄ Saturn, Strength: 13.7

This relationship is a source of learning and of experience for your couple, each partner toning down the other one's excesses. Heidi helps Seal overcome doubts and fears so as to better enjoy life with increased trust in success. Seal, in the meantime, plays the role of the teacher, protective and reassuring, and tries to bring discipline and structure to Heidi who is not very clear-sighted regarding the necessity to set her personal limits. With time and patience, both of you can learn to take on your responsibilities. Therefore, your couple has every chance to be enduring, especially if there is a difference in age between you, in which case, Seal becomes the stabilizing agent in the couple.

★★★★★ Conciliation aspect ♄ Saturn MCMC, Strength: 10.6

Heidi is particularly demanding and pernickety about Seal's objectives but she earnestly and persistently supports Seal's ambitions. Step by step, Heidi teaches Seal to make long-lasting efforts in order to achieve success. Seal quickly understands that, although Heidi may appear as a wet blanket, it is for his own good and therefore, he admires Heidi and readily accepts her unfailing support. Heidi is somehow the power behind the throne in your tandem or in your couple.

★★★★★ Conciliation aspect MCMC ♆ Neptune, Strength: 9.8

Seal's ideals strongly influence Heidi who wants to orientate her philosophical, moral or artistic conceptions in a similar direction. Seal inspires Heidi and contributes to her spiritual development. There is some feeling of inaccessibility around Seal that may create strange emotions in Heidi's heart. However, your bond is positive and your exchanges greatly influence Heidi's destiny.

Your Relationship

★★★★★ Conciliation aspect ♀ Mercury ☉ Sun, Strength: 9.2

Both of you have a very strong capacity to communicate and an obvious intellectual tie that allows Heidi to most efficiently express all her ideas, while Seal is always available and lends a sympathetic ear. The smoothness of your connection benefits the comprehension within the couple but it is also a major asset for any professional cooperation where contacts, communication and words play an important role. Whether you share a commercial activity, or whether you participate together in a more literary work, you can work together very well: Seal usually shows the way while Heidi analyzes all the possibilities and dissects the best strategies.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

Your Weak Points

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Tension aspect ♀ Mercury ♂ Mars, Strength: 10.3

You must remain cautious when you exchange ideas, lest you create an atmosphere loaded with rivalry or hostility. Seal tends to criticize Heidi's ideas and cannot refrain from provoking her. Seal may rapidly feel rebellious and does not want to intellectually express himself any more when you are together. The key to your harmony is in Seal's self-restrained attitude and in Heidi's leniency. It is only after such an effort that both of you can learn to communicate and to live together in harmony.

★★★★★ Tension aspect ♄ Saturn ♃ Jupiter, Strength: 9.7

You often find it difficult to take action together because your approaches are very different. Seal is generally optimistic, always ready to charge ahead and to take risks for your enterprises, while Heidi slows down and weighs up the risk factor, which tends to undermine Seal's enthusiasm. Therefore, your cooperation may not be very efficient.

★★★★★ Tension aspect ♂ Mars ♇ Pluto, Strength: 8.9

Both of you must avoid coming into conflict with each other, lest you are not able to solve it afterwards: due to the nature of your relationship, Seal tends to provoke Heidi, and then, instead of calming down the situation, Seal seeks direct confrontations... If you don't watch out, you may even be caught in sadistic fights and none of you can come out unharmed. The key to serenity is to be extremely cautious and to never allow budding rivalry or tension to

Your Relationship

develop. Please bear in mind that in your case clashes are not the good solution.

★★★★ Tension aspect MCMC ♃ Saturn, Strength: 8.5

Seal may be too demanding and critical towards Heidi. If you don't watch out, both of you may be disappointed by your relationship: without being malevolent, Heidi finds Seal's attitude too austere and negative. This configuration is only a warning sign and does not indicate an actual bad cooperation between you. Try to avoid feelings of envy or of jealousy that may upset a relationship, which could be harmonious in other respects.

Potential Mutual Influences

When we compare two astrological themes, in addition to the blatant and directly active relations that were delineated above, there is a number of potentialities which describe secondary mutual influences playing out in different life areas: they are not visible at once, as their effect is not direct, but they shed complementary light which fine-tunes certain attitudes between two persons. Indeed, in the long run, these different energies play out in a more noticeable way and will contribute to the relationship's richness and complexity. We analyze them here in ten short chapters addressing each of the ten types of energy involved. Please, keep in mind that they will not be understood and felt until the relationship has matured.

Your Mutual Encouragements

Friendly ties and mutual aid are prevailing between you: Heidi naturally plays the role of advisor and allows Seal to move more efficiently towards his own goals and ideals. It is very likely that you have many centres of interests in common and that dialogue flows smoothly and pleasantly between you.

This excellent configuration contributes to forging a strong and active tie where communication is constant and lively. In general, Seal is the driving force in your relationship and, provided that his attitude is not too insistent and domineering, your couple acquires an undeniable asset that is often found in married persons' charts.

Your Mutual Influence When Facing External Events

Your relations seem natural and obvious. You both feel in confidence and you give free rein to your emotions in a warm and relaxed way, without having to worry about what the other one thinks. Seal has his head full of projects and he widens your couple's scope of vision, through meetings with new friends for instance, while Heidi welcomes them in a convivial and fanciful

Your Relationship

atmosphere. Heidi may also offer her intuition and her imagination, which are beneficial to Seal's undertakings.

Seal feels naturally drawn to Heidi's artistic talents, leisure or vacations: it is usually an element of harmony and pleasure between you and, in any case, an omen that the relationship is light, cheerful and pleasant.

Your Mutual Stimulations in the Field of Communication

Heidi's intellectual cleverness is a constant asset for the success of Seal's projects. This efficient and ingenuous support may favour perfect mutual sympathy between you, in addition to the affective link that may have developed already.

Your working methods, and more generally, Heidi's daily lifestyle, are strongly influenced by Seal's ideas. Seal will not rest until he fully demonstrates his usefulness, his rapid efficiency and, in general, his multiple talents.

Your Reciprocal Abilities for Creating Harmony

The strength of your relationship comes from the subtle harmony between amorous feelings and friendship, which prompts you to share many centres of interest. A warm and positive atmosphere allows both of you to feel free: Heidi brings her artistic touch and her charm, while Seal's original ideas broaden your social horizon. Both of you encourage each other to instil more creativity and spontaneity into your projects.

You are united by a very strong sentimental and sensual bond and you want to share increasingly pleasant moments, either in intimacy or with friends, at home or outside... Everything draws you to each other and everything is a pretext to play around. Heidi is lost in admiration and encourages Seal to express his creativity and his numerous qualities, while Seal, in return, provides his warmth and generosity to Heidi. This mutual stimulation is tremendously beneficial for both of you.

Your Mutual Stimulations in the Field of Action

This relationship may arouse many mutual desires because your physical attraction is very obvious. It is mainly Heidi who is impatient to get Seal's favours because the former finds the latter extremely charming. In all cases, Heidi plays an important role in Seal's evolution and shows Seal how to take action with energy and enthusiasm in order to transform his life or, at least, to positively manage situations of crisis.

In your couple, Seal does not lack initiative, either to express his intimate desires or to question Heidi at length in order to try to understand

Your Relationship

unconscious issues that prevent Heidi from being fulfilled. Thus, Seal's clear-sightedness often brings to light Heidi's weaknesses. Your relationship certainly allows both of you to question yourselves and to evolve, even though in some cases, it seems to both of you that it is a terrible ordeal...

Your Assets, Protections and Abilities for Success

This sign of happy association between you is often found in married couple's charts. Heidi's fame and charisma efficiently contribute to enlarging the circle of your friendly or professional relationships and in the long run, they endow your relationship with longevity.

Seal's acute ability to instinctively spot Heidi's hidden qualities and to enhance them is added to the physical attraction prevailing between you. This gives your relationship a steady nature that benefits both of you. Especially in the financial area, Seal can play a very efficient role and increase your common patrimony.

Lessons Drawn From Experience and Your Responsibilities

Heidi probably appears as a reliable person, whose friendship is steady and enduring - in addition to other existing links between you, of course - and this is a promising omen that you can efficiently achieve long-term projects together. Heidi's seriousness may be a wet blanket, in Seal's view. However, it is very likely that your exchanges take place in an atmosphere of mutual calm and serenity.

Seal, can't you realize that, in spite of your commendable efforts to make Heidi progress according to your own criteria, the way you do it may be quite smothering and difficult to bear? Indeed, at the end of the day, the way you do or say anything is, at least, as important as the goal sought after. You can cooperate well together, provided that Heidi consciously accepts Seal's greater experience in the fields both of you are dealing with.

How You Motivate Each Other and the Impact on Your Uniqueness

There seems to be no communication issues in your couple where debates abound! Your relationship has a very stimulating impact on both of you. Heidi tries to alter Seal's thinking pattern and to get him interested in new ideas or in the exploration of still unknown areas. Seal does his utmost in order to get Heidi interested in more concrete matters that can enhance Heidi's creative and intuitive capacities.

Your relationship is very dynamic and intellectually stimulating. A feeling of familiarity develops instantly between you: you encourage each other to express your individuality in the best possible way and to scorn conventions.

Your Relationship

Seal continuously stimulates Heidi's interest and urges her to question herself. Often, the relationship is experienced under the form of cohabitation, discontinuity being the couple's main longevity factor. If you live together, Heidi must allow Seal to have his fair share of personal leisure and to meet his need for independence. In any case, there is no danger that you might get bored together. Don't forget that, in order to preserve harmony within your couple, both of you must learn to respect each other's freedom "spaces", lest conflicts crop up in a brutal and unexpected way.

Idealism, Compassion and Euphoria

Exacerbated romanticism or delusion: it is up to you to choose the lot awaiting you in this very peculiar relationship. Heidi's affectivity may drag you towards situations where your imaginations flare up and your ties get strengthened in an atmosphere loaded with emotions and poetry. In any case, your bond provides Seal with inspiration and an almost magical liveliness or feeling, whenever you share entertaining or creative activities.

Seal favourably influences Heidi in artistic areas and in everything related to sensitivity and art in general. Seal gently communicates his frames of mind, which are at the same time mystical, wandering and stimulated by an ever-renewed imagination. Sometimes, communication runs so deeply between you that you have the feeling that you are both telepathists! But your exchanges are so rich and overwhelming that you may be confused and you may not know any more where you stand when more concrete matters are involved.

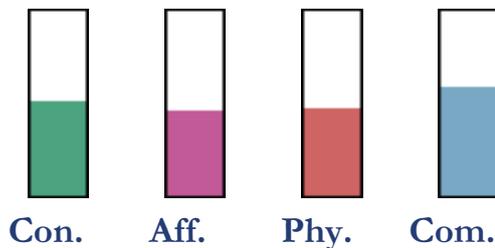

Awareness Gaining and Transformation Factors

In the area of ideas, as well as in that of daily and close relationships, Heidi may bring the puff of renewal and evolution into Seal's life and make him gain awareness of several aspects that were concealed so far. Sometimes, these pieces of advice, or influences, may be expressed in a domineering way. But, at the end of the day, it does not really matter, because positive transformation is achieved.

Your bond is instinctive and can bring about a very sensitive and sensual communication that is able to arouse very powerful feelings on both sides. You encourage each other to improve yourselves: Seal helps Heidi gain awareness about the necessity to question herself and to develop her own priorities, while Heidi strongly boosts Seal's psychical energy. You may experience a great, devouring and exclusive passion, however, Seal tends to dominate and control Heidi who may develop a sort of dependency that, strangely enough, will be well accepted because the relationship is such a harmonious one. In a few cases only, power struggles may develop, owing to Seal's attitude

Conclusion

We hope that this Report has shed light on how your relationship works, as well as on the various aspects of your respective personalities.

There is a point that we deem necessary to underline: in our conclusion, we want to insist one last time on the meaning of the compatibility ratings; the marks that quantify your affinities never give an implacable verdict regarding the quality of your couple's relationship.

Here, we are dealing with the more or less smooth way in which you actually experience your relationship, and under no circumstances, are we addressing its beauty or its strength.

For the sceptical ones who do not believe in astrology, we do not resist the pleasure to quote a few comments by persons of authority in this area. They are drawn from the excellent book authored by one of the undisputed French masters, André Barbault, *Traité Pratique d'Astrologie* (Practical Treatise of Astrology), published by the Editions du Seuil:

KEPLER: « Twenty years of practical studies have convinced my rebellious mind of the reality of astrology. »

HENRY MILLER: « Astrology considers man in his wholeness and I believe that it is essential: man is a comprehensive being. Astrology shows that nature has its rhythms and that each human being participates in these rhythms... »

C.G. JUNG: « If people whose education leaves a lot to be desired have thought that they could, until recently, make fun of astrology, considering it as a pseudo-science dead a long time ago, this astrology, dating back to the depths of popular wisdom, comes up again at the door of our universities, which they left three centuries ago. »

SAINT-JEROME: « I remain silent on philosophers, astronomers, astrologers whose science, very useful for men, is asserted through dogma, explained through method, justified through experience... »

ARISTOTLE: « This world is linked in a necessary way to the movements of the superior world. Any power, in our world, is ruled by these movements. »

BALZAC: « Astrology is a huge science that has ruled the most intelligent minds. »

PIERRE SCHAEFFER: « It seems to me that astrology can, in its way, through the configurations studied, detect the most secret relationships of human being's inner life. »

Conclusion

The list of personalities who are in favour of astrology is increasingly long. It is clear that, in the 21st century, astrology is gradually given back the place it used to enjoy, except during the past three centuries: a human discipline that works well, with its questionings, its research and its evolution, but also with the mystery over the reasons of its accuracy.

Regarding interpersonal relationships, the debate is quite similar to that of astrological forecasts. Although fate is not inescapable, it does not allow to dismiss a great number of peculiar behaviours that everyone finds astonishing. For instance, instinctive sympathies and antipathies, sometimes with no apparent cause and lasting for a whole lifetime, remain definitely mind-boggling.

Astrological rules applied to the comparison between two charts produce a quick answer because basic incompatibilities exist, in the same manner as fire does not blend well with water or a journalist's mind does not match a researcher's because their respective and basic objectives are too different.

Thus, astrology allows to quickly understand what could otherwise be ascertained after quite a long period of time. Isn't it already one of the justifications of its practice?

We do think so and we strive to draw information for the benefit of as many people as possible.

However, do not forget that the results and the explanations provided to you are only indications and that it is up to you, and to you only, to decide which path your couple is to follow: the stars incline but they do not compel.
