Compatibility Report Jessica and Justin

Introduction: Relationship Analysis

This report integrates all the astrological parameters used by professional astrologers in their comparative studies of a couple's charts, also known as synastry, and uses a comprehensive methodology based on compatibility calculation: we compute the outcome of all the possible combinations existing between two charts and we establish a conjugal index, an affective index, a physical index for the couple's compatibility, and a communication index.

The programme takes eleven major and minor aspects into account, weighing with accuracy formulas for each aspect and rulership. It also analyzes fifteen astrological items (planets and angles, Chiron, Lilith and the Lunar Nodes axis). All the above factors are used for the study of couples and the assessment of our four compatibility ratings or indexes:

The conjugal index

describes the essence of the relationship in view of a marital relationship. It explains the basis and the structure of the link. It is the most important element among the four series of information that are provided here.

The affective index

describes the strength of the sentimental components; it is one of the elements of the relationship structure.

The physical index

gives an idea of the sexual attraction. It indicates only a tendency and you must bear in mind that this very subtle kind of forces may not always express themselves in a constantly equal way, but that they may vary significantly according to other modes of exchange.

The communication index

describes the easy flow of your exchanges, regardless of any affective and physical context. It provides additional and interesting information and may be a binding and amplifying agent among other modes of exchange.

Introduction

These four indexes or ratings are given a grade between 0% and 100%.

What is the concrete meaning of these ratings? They indicate the smoothness of exchanges between two persons and not the quality of their love. Indeed, both partners retain their own choices, their relationship problems or their peculiarities: therefore, it is possible to get ratings nearing 100% although the relationship does not have a positive outcome. Please, never forget a few obvious rules and facts such as in the following examples:

- everyone has one's own character and, for instance, if someone has a predisposition for a belated marriage, an encounter at the age of 18 with a compatible person does not necessarily result into a marriage or a relationship, even if the rating is very high.
- each life goes through very different periods. We may not be available for amorous relationships because we are already involved in a couple or because our state of mind is not conducive enough etc. Therefore, meetings with persons with whom ratings are very high do not necessarily result into a relationship.
- some couples may have quite low ratings; this does not mean unhappiness or problems in the relationship. A conjugal rating of 35% or 40% is absolutely not incompatible with a life-long relationship. The ratings cannot really give information on the intensity of your relationship, which defies these types of criteria. We underline again that we are dealing here with smoothness and not with quality and that two persons with an index of 30% or even 10%, will not experience an "inferior" quality of love, compared to a couple with an index of 80%: the difference probably comes from the fact that they will need to put a lot of energy and efforts in the relationship in order to enhance it and to make it last.

Please, do bear in mind that these figures represent a tendency and not a final verdict, because of all the factors we have just explained.

This report describes in detail the characteristics of your couple's relationship, sorted out in order of importance. They are arranged in two chapters, the first one deals with the relationship from an amorous perspective only, while the second chapter deals with its human aspect, not specifically amorous, which is the communication plane; of course, both parts are linked to each other since the relationship forms a whole. Read them once again, you will most probably be amazed and you will see for yourself how accurate they are. However, please bear in mind that a human relationship is complex and may contain contradictions, which our report cannot highlight, for obvious reasons: indeed, the synthesis of the compatibility indexes with their texts is the only tool that allows to understand properly your couple's relationship.

Introduction

Your four compatibility indexes are provided with a comment regarding their values.

Love Characteristics

Your Strong Points

★★★★★ Conciliation aspect ♃ Neptune ☾ Moon, Strength: 69.2

Sympathy of a mysterious and encircling nature prevails between you. Instinct and affectivity are tightly linked within a loaded and delicate atmosphere where Justin is but moved and fascinated by Jessica's fanciful, dreamy and peculiar personality. The bond between you is not really concrete or steady. It is more like clouds interpenetrating in an endless movement, as if your receptivity were in mutual osmosis. The relationship is devoid of action and concrete elements but emotions, imagination and fancy bring the essential to both of you, the pleasure of being together.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ♀ Venus ♀ Venus, Strength: 52.3

The affective link between you is pleasant and you instinctively feel a lot of sympathy for your partner. Dissension seldom occurs. You have the same tastes in arts, leisure, outings and often, you like the same persons. Both of you instinctively know how to mutually express your feelings and even if the atmosphere is often cocoon-like and trivial, you do appreciate each other and that's what is important. Be aware of your great abilities to express your feelings and enjoy yourselves!

Your Relationship

★★★★★ Conciliation aspect ♃ Pluto ☾ Moon, Strength: 23.4

It is likely that your relationship is very intense, even mesmerizing, because of Jessica's arousal powers over Justin. There is a strong polarity that creates a flow of attraction between you, with Jessica's personality naturally and deeply influencing Justin. It is often the sign of an important sexual exchange, the sources of which are buried deep down in you. They are instinctive forces that do not flow through rational or sentimental channels but that are expressed in the physical body, irresistibly. Jessica will immediately pick up Justin's mood and character and she will know how to take advantage of them, in most cases, for the sake of your common well being.

★★★★★ Conciliation aspect ♀ Venus ♃ Uranus, Strength: 23.4

A constant and mutual excitement gives an exquisite touch to your exchanges and brings about renewed stimulation, delights and exaltation. Surprises add spice to your relationship, ensuring that you never get bored, and energize your sex life if you are a couple. Jessica immensely appreciates Justin's originality and sexiness, while Justin, particularly sensitive to Jessica's charm, does not hesitate to overdo with extravagance and with the certainty that her admiration is aroused. Undoubtedly, with such disconcerting and intense experiences, you need more, again and again. Durability is not your priority: for both of you, the most important thing is to live your physical and affective fascination in the moment and you both manage to do so, wonderfully well.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Conciliation aspect ☾ Moon ☉ Sun, Strength: 18.5

Your complementarity is perfect and you feel a strong mutual attraction. Justin totally matches Jessica's aspirations. Jessica naturally does her utmost to adjust to the best of her abilities to Justin's objectives. Therefore, your couple shines with harmony. Justin finds in Jessica the echo and the spontaneous support that help him live more intensely and more confidently. Your affection is real and mutual. In addition, your relationship has an almost mystical character, as if each of you had found your original half. If no strong tensions are indicated elsewhere, this type of relationship is a definite token of durability and shared happiness.

★★★★★ Conciliation aspect ♆ Neptune ♂ Mars, Strength: 16.6

The association of water with fire is usually impossible, but in this case, it may prove harmonious in the sense that Jessica's sensitivity and kindness allow Justin's capacity of action to be expressed to the fullest: actually, you are

Your Relationship

"compatible" and Justin's dynamic attitude balances Jessica's idealistic and passive sides. On the physical plane also, harmony is likely to settle in, Justin being the relationship's mobile and active pole, and Jessica expressing her charm, compassion and seductive power.

★★★★★ Conciliation aspect   Venus, Strength: 16.1

Jessica feels a sort of fascination for Justin and idealizes him. Your relationship is warm and Justin is very happy to be the object of Jessica's idolatry. In return, Justin contributes to the achievement of Jessica's objectives or he supports her professional destiny. Jessica's unlimited admiration for Justin is a sign of solidity for your relationship and both of you will find it very rewarding.

★★★★★ Conciliation aspect  Saturn  Moon, Strength: 11.8

Continuance and security are on your side! Of course, superficiality and frivolousness are not your relationship's priorities. Justin particularly appreciates Jessica's seriousness and sense of responsibilities and Jessica is very keen to dedicate herself to your common interests. If only she could express her emotions better, all would be perfect. However, Jessica's commitment and the long-lasting security she provides are major assets. Justin readily adjusts to Jessica and, as the former learns the rules of life together, he earns Jessica's esteem because the latter tends to behave more like a parent or a teacher rather than a partner. But to each, his/her own, is it that irksome?

Your Weak Points

★★★★★ Tension aspect  Pluto  Venus, Strength: 32.0

Despite the intensity of your feelings, as soon as you are together, it is difficult for both of you to achieve harmony because a barrier quickly comes up and slows down your relationship. Justin feels that Jessica's advances are brutal and Jessica instinctively tries to get closer and to express her attraction forcefully. The discrepancy between Justin's need for moderation and Jessica's intense feelings causes a malaise that may lead to the impossibility to experience pleasant exchanges. It may also be that Jessica just ignores Justin: for both sides, everything is quite unusual and tricky to handle.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

Your Relationship

★★★★★ Tension aspect ♃ Jupiter ☾ Moon, Strength: 13.7

You may tend to choose the easy way out and Justin may think that Jessica's attitude is too exuberant and even conceited. However, your compatibility is not endangered. Jessica may be authoritarian and laudatory whereas Justin may want to take advantage of her generosity in a selfish way. But in any case, quarrels never arise. There are only a few feelings of minor breaches of trust or of overestimation regarding the help and benefits Jessica provides Justin with.

★★★★★ Tension aspect ♄ Saturn ♀ Venus, Strength: 9.6

The nature of your relationship may become tricky in the long run. Over time, Jessica may deprive Justin of affection, or she may not be able to express it, which comes down to the same thing. Justin may be deeply frustrated and disheartened. Insidiously and slowly, you may grow away from each other, at least in the amorous area. Jessica may be indifferent to Justin's efforts to improve the situation, whereas Justin finds Jessica's attitude cold and insensitive. There is a real danger that you lose your partner if you are not cautious. Your relationship is not doomed to failure, of course, but this is a serious warning that much effort is needed from both of you. There is an old saying that, beyond love, the will to love is equally important.

Communication Characteristics

Your Strong Points

★★★★★ Conciliation aspect ♀ Mercury ☉ Sun, Strength: 95.2

Both of you have a very strong capacity to communicate and an obvious intellectual tie that allows Jessica to most efficiently express all her ideas, while Justin is always available and lends a sympathetic ear. The smoothness of your connection benefits the comprehension within the couple but it is also a major asset for any professional cooperation where contacts, communication and words play an important role. Whether you share a commercial activity, or whether you participate together in a more literary work, you can work together very well: Justin usually shows the way while Jessica analyzes all the possibilities and dissects the best strategies.

★★★★★ Conciliation aspect ♇ Pluto ♂ Mars, Strength: 40.4

Your relationship is powerful and you feel a deep and mutual attraction. Both of you are equally active in the relationship, Justin displaying spontaneity and straightforwardness, while Jessica's self-expression is more mysterious and instinctive. Jessica's ascendancy over Justin allows her to penetrate his subconscious and to use this asset to guide his strengths. On the physical plane, your attraction may be very intense and both of you express your energy with satisfactory outcomes. If you are not in a couple, you can

Your Relationship

nevertheless fully release your creativity through concrete outlets that require a lot of resources.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ASAS ☿ Uranus, Strength: 29.7

Your relationship is very dynamic and intellectually stimulating. A feeling of familiarity develops instantly between you: you encourage each other to scorn conventions and to express your individuality in the best possible way. Justin continuously stimulates Jessica's interest and prompts her to question herself. Often, the relationship is experienced under the form of cohabitation, discontinuity being the couple's main longevity factor. If you live together, Jessica must allow Justin his fair share of personal leisure and fully respect his need for independence. In any case, there is no danger that you might get bored together.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through them later, for instance when you have the time read it again with deep attention.

★★★★★ Conciliation aspect ♃ Saturn ♂ Mars, Strength: 17.0

Action and movement are coupled with stability and patience: this is an original mix that may bring about excellent assets to both of you. Justin is the mobile and active element, while Jessica is the moderating agent who never loses sight of your common responsibilities. It is clear that your cooperation requires some time to get started but you both take advantage of it and, once it gets into its stride, you know perfectly well your roles within your couple. You can work together very well, with exemplary complementarity.

This aspect is found in both partner's charts. Therefore, the description of the above paragraph constitutes one of the major features of your exchanges.

★★★★★ Conciliation aspect ♆ Neptune ASAS, Strength: 17.0

The relationship may appear to both of you to be marvellous and ideal, straight away. Magic seems to prevail, you both feel that you are living something unique and that you have found your soul mate. Understanding is innate, almost intuitive. Jessica encourages Justin to develop his imagination and his spirituality, while Justin helps her to better formulate her mystical vision of things. In your relationship, the danger may lie in a tendency to over-idealize the partner and to create illusions.

Your Relationship

★★★★★ Conciliation aspect ♃ Pluto ASAS, Strength: 13.4

Your bond is instinctive and brings about a very subtle, sensitive and sensual communication that is able to arouse very powerful feelings on both sides. You encourage each other to improve yourselves: Jessica helps Justin gain awareness about the necessity to question himself and to develop his own priorities, while Justin strongly boosts Jessica's psychical energy. You can experience a great, intense and exclusive passion, however, Jessica tends to dominate and control Justin who may develop a sort of dependency that, strangely enough, will be well accepted because the relationship is such a harmonious one.

★★★★★ Conciliation aspect ♃ Pluto ♀ Mercury, Strength: 12.1

There is a mysterious link between you. Jessica can penetrate Justin's subconscious and understand his real thoughts and motivations. This type of inquisition may trouble Justin but the alchemy of your relationship works very well. Justin is intellectually mesmerized by Jessica's profundity and might. In return, Jessica is sensitive to his mental alertness and his unusual conceptions. Very often, at Jessica's contact, Justin gains some kind of positive transformation or, at least, an enriching evolution.

★★★★★ Conciliation aspect ☉ Sun ☉ Sun, Strength: 10.9

This relationship radiates a very positive harmony marked with mutual comprehension and enthusiasm. Your objectives are similar and each of you can play the role you aspire to, in the respect of your partner and with no rivalry. For both of you, your closeness is the source of the support and the encouragement you need in order to achieve your personal ambitions and it may give you the desire to share a common activity later on.

★★★★★ Conciliation aspect ♂ Mars ♃ Jupiter, Strength: 10.1

It is very likely that cooperation between you is fruitful: Justin brings in his experience, his generosity and his sound judgement, while Jessica brings in her efficiency, her capacity of action and her precise know-how. This configuration is very promising for the success of your common projects, which require broad vision and concrete action at the same time. In a couple's life, this characteristic makes your home a very eventful place and not a haven of peace, for your mutual benefits.

★★★★★ Conciliation aspect ASAS ☉ Sun, Strength: 8.7

Mutual sympathy and closeness develop instantly between you. You often have the same reactions, and this fact brings about a feeling of familiarity that may create a very tight bond. Your instinctive trust in the other one facilitates your exchanges and you are mutually encouraged to project your best image and to increase your self-confidence. Each of you find your place within your couple and, without rivalry, you can cooperate with a view to achieve a

Your Relationship

common task.

★★★★★ Conciliation aspect ♃ Saturn MCMC, Strength: 7.1

Jessica is particularly demanding and pernickety about Justin's objectives but she earnestly and persistently supports Justin's ambitions. Step by step, Jessica teaches Justin to make long-lasting efforts in order to achieve success. Justin quickly understands that, although Jessica may appear as a wet blanket, it is for his own good and therefore, he admires Jessica and readily accepts her unfailing support. Jessica is somehow the power behind the throne in your tandem or in your couple.

Your Weak Points

★★★★★ Tension aspect ♃ Jupiter ☉ Sun, Strength: 75.6

Both of you stimulate each other, but you overdo and you display your excessive traits only. Both of you are self-righteous and want to "outshine" the other one in order to impose your own concept of life. Therefore, Jessica constantly irritates Justin with her excess of confidence and her moralizing tone, while, at the same time, Justin appears to her as a proud and self-centered person who does not respect the same values. Because of these diverging views, understanding and harmony cannot be easily found within your couple, all the more so because each of you may want to selfishly take advantage of the other one.

★★★★★ Tension aspect ASAS ♀ Mercury, Strength: 37.2

You have difficulties in understanding your partner's motivations: Justin prompts Jessica, who shows a lot of impulsiveness, to thoroughly think before moving ahead. In return, Jessica urges Justin to be more active and to show less indecisiveness. Both of you feel threatened by the other one's insistence and you will both strive to impose your own mode of functioning.

★★★★★ Tension aspect MCMC ☾ Moon, Strength: 33.9

Justin's carelessness or foolishness may tarnish Jessica's reputation. Therefore, the latter must never let vagueness prevail because the consequences may harm her career or her honour. This minor gap between you may cause annoyances and may be detrimental to the quality of your relationship. Justin does not always understand Jessica's aims and this may have a negative impact on Jessica's popularity. In order to avoid such problems, both of you must be clear regarding the goals you really want to achieve. Such clarifications will allow you to get rid of this type of trouble.

The texts following this sub-chapter describe characteristics having a lesser importance in your relationship: we strongly recommend that you go through

Your Relationship

them later, for instance when you have the time read it again with deep attention.

★★★★★ Tension aspect ♃ Neptune ☉ Sun, Strength: 18.0

A minor feeling of malaise may develop between you because Justin distrusts Jessica's sometimes irrational attitude. Jessica's imagination may seem fanciful and leads Justin to be doubtful regarding the trust he may or may not grant her. Although both of you try to give the clearest possible explanations in order to solve a problem, some vagueness lingers and affects the quality of your exchanges, however, it will never bring about any aggressiveness or hostility between you. Only that faint vagueness... In some cases, Jessica can cheat on Justin or conceal several details related to her past. In the professional area, you must strive to work in bright daylight.

★★★★★ Tension aspect MCMC ♃ Neptune, Strength: 12.6

Justin does not clearly understand Jessica's objectives and, as a consequence, he may influence Jessica, turn her away from her goals and jeopardize them. This lack of understanding brings about a lot of confusion and prevents your professional cooperation from being fully efficient, particularly from Jessica's viewpoint.

★★★★★ Tension aspect ♃ Uranus ♀ Mercury, Strength: 9.1

When you are together, there may be too much intellectual stimulation that makes your heads spin... The danger may be that you do not understand each other anymore because both of you are too quick or too intransigent and you cannot agree on ideas. Sporadic quarrels may provoke nervousness but they will not bring about any real hostility. Jessica's originality may displease or trouble Justin and it is likely that the former shows impatience and hastiness towards the latter. But nothing very serious, indeed.

Potential Mutual Influences

When we compare two astrological themes, in addition to the blatant and directly active relations that were delineated above, there is a number of potentialities which describe secondary mutual influences playing out in different life areas: they are not visible at once, as their effect is not direct, but they shed complementary light which fine-tunes certain attitudes between two persons. Indeed, in the long run, these different energies play out in a more noticeable way and will contribute to the relationship's richness and complexity. We analyze them here in ten short chapters addressing each of the ten types of energy involved. Please, keep in mind that they will not be understood and felt until the relationship has matured.

Your Mutual Encouragements

This excellent configuration contributes to forging a strong and active tie where communication is constant and lively. In general, Jessica is the driving force in your relationship and, provided that her attitude is not too insistent and domineering, your couple acquires an undeniable asset that is often found in married persons' charts.

Justin has a favourable influence on Jessica in the material and financial area and he encourages her to concretely consolidate her situation, sometimes in forceful or demanding ways. However, Justin's pieces of advice are fruitful, in general. With this configuration, your mutual physical appeal is very strong.

Your Mutual Influence When Facing External Events

Jessica instinctively understands Justin's major objectives and helps him achieve them. Justin finds in Jessica all the support and the warmth he needs in order to believe in his own capacities. Jessica is often behind Justin's meetings with an audience or with external supports, within the circle of your friends or your customers, if you work together in the same company. Justin's reputation and fame are shown in a flattering light when Jessica stands by his side. This excellent configuration of shared ambitions and objectives may also greatly contribute to your couple's harmony and further its integration within your respective entourages. In some cases, the danger is that Jessica may harm Justin's reputation through carelessness or foolishness

Shared feelings and the same need for little secrets endow both of you with the capacity to express yourselves freely with the support of your partner, and this is favourable for your comprehension within the couple. Good understanding prevails between you in the family and domestic sphere: Justin contributes to make home a comfortable and warm place where the whole family has its habits, while Jessica, in return, brings movement, vitality and energy into it. In some circumstances, Justin may disapprove of Jessica's impulsive way of expressing herself.

Your Mutual Stimulations in the Field of Communication

Your working methods, and more generally, Justin's daily lifestyle, are strongly influenced by Jessica's ideas. Jessica will not rest until she fully demonstrates her usefulness, her rapid efficiency and, in general, her multiple talents.

Intellectual exchanges are numerous and varied between you, with Justin being particularly comfortable in expressing his thoughts and in steering Jessica towards new and entertaining centres of interest. The danger is that in your couple, both of you eventually get tired of too much prattling and communication, however, this case seldom occurs.

Your Relationship

Your Reciprocal Abilities for Creating Harmony

When facing any domestic, professional or health problems, Justin can rely on Jessica's unconditional help and support. Jessica always shows an affectionate and encouraging attitude towards Justin, somehow playing the role of the dedicated nurse, dressing Justin's wounds and striving to alleviate painful periods with softness, joy and beauty.

It is likely that you share the same scale of values, which implies understanding and stability within your couple, particularly on the material and financial plane. Justin admires Jessica's know-how and manner but... probably also her wealth and everything it socially means. Thus, there is a danger that you encourage each other to spend a lot to purchase luxury goods and numerous presents, unless you get carried away by more sensual excesses...

Your Mutual Stimulations in the Field of Action

Intellectual communication is stimulated in your couple: you spend lots of time discussing, phoning, writing... To you, all means are good! You need to constantly exchange ideas and to share an activity with your partner. Jessica is the driving force in your relationship and, under her impulse, both of you have a very eventful life. You make numerous short trips, which allow you to keep on learning, and then, to carry on your long and rich conversations... In this pleasant atmosphere, Justin feels in confidence in Jessica's company and does not hesitate to share his problems and to confide his most intimate doubts.

This characteristic is found in both of you. Thus, it is particularly typical of your relationship.

Your Assets, Protections and Abilities for Success

Jessica's maturity and experience rapidly offer Justin the possibility to enlarge his knowledge and, in an atmosphere of sympathy and trust, to fill his shortcomings in the field of studies or in dealing with others. Jessica may tend to exaggerate, which brings about a few misjudgements, and it will be Justin's turn to make allowances and to retain only the meaningful parts of Jessica's remarks.

This excellent combination allows Jessica to benefit from Justin's unconditional support and benevolence, to discover new social circles, or to achieve her human or professional objectives. Therefore, Jessica improves her own social status and will spare no effort in order to favour Justin's position and self-confidence. This is a sign of strong protection from Justin to Jessica who, in return, will play an important role in the development of Justin's abilities to make use of her assets in your joint projects. However, Justin may overestimate his capacities when you are together.

Your Relationship

Lessons Drawn From Experience and Your Responsibilities

Jessica encourages Justin to improve his intellectual stability and concentration, to sharpen his critical mind and, finally, to learn to get rid of superfluous and outgrown ideas; in short, to go right to the point... At the same time, Jessica's serious side, or the context of your situation, may prompt her to restrict the contacts and the bustle in Justin's environment. But here, it may only be a matter of learning some sort of stability.

Justin is particularly demanding and pernickety regarding Jessica's objectives but he earnestly and persistently supports Jessica's ambitions. Step by step, Justin teaches Jessica to make long-lasting efforts in order to achieve success. Jessica quickly understands that, although Justin may appear as a wet blanket, it is for her own good. Therefore, Jessica admires Justin, and readily accepts his unfailing support. Justin is somehow the power behind the throne in your couple. At times, Jessica may find Justin's attitude too austere and rigid.

How You Motivate Each Other and the Impact on Your Uniqueness

Justin tends to take on a mother-like, protective role, with a propensity to decree strict rules within your couple. But Jessica may upset the established order as she tries to get Justin to forsake overwhelming values passed on since childhood and urges him to undertake experiences which are new and liberating from past influences. Therefore, all changes are possible since Jessica is unpredictable! Be careful, however, because things may get moving, in all the senses of the term...

Your relationship is very dynamic and intellectually stimulating. A feeling of familiarity develops instantly between you: you encourage each other to express your individuality in the best possible way and to scorn conventions. Justin continuously stimulates Jessica's interest and urges her to question herself. Often, the relationship is experienced under the form of cohabitation, discontinuity being the couple's main longevity factor. If you live together, Jessica must allow Justin to have his fair share of personal leisure and to meet his need for independence. In any case, there is no danger that you might get bored together. Don't forget that, in order to preserve harmony within your couple, both of you must learn to respect each other's freedom "spaces", lest conflicts crop up in a brutal and unexpected way.

Idealism, Compassion and Euphoria

Exacerbated romanticism or delusion: it is up to you to choose the lot awaiting you in this very peculiar relationship. Jessica's affectivity may drag you towards situations where your imaginations flare up and your ties get strengthened in an atmosphere loaded with emotions and poetry. In any case,

Your Relationship

your bond provides Justin with inspiration and an almost magical liveliness or feeling, whenever you share entertaining or creative activities.

Straight away, the relationship may appear as marvellous and ideal to both of you. Magic prevails and you both feel that you are living something unique and that you have found your soul mate. Understanding is innate, almost intuitive. Justin encourages Jessica to develop her imagination and her spirituality, while Jessica helps Justin to better formulate his mystical vision of things. In your relationship, the danger lies in a tendency to over-idealize the partner and to create illusions.

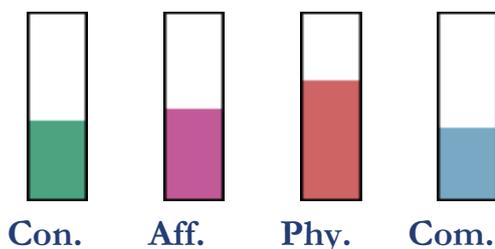

Awareness Gaining and Transformation Factors

In the area of ideas, as well as in that of daily and close relationships, Jessica may bring the puff of renewal and evolution into Justin's life and make him gain awareness of several aspects that were concealed so far. Sometimes, these pieces of advice, or influences, may be expressed in a domineering way. But, at the end of the day, it does not really matter, because positive transformation is achieved.

Justin efficiently protects and supports Jessica's interests and projects. Justin provides new helpful contacts that are quite mysterious but powerful ones, usually occurring under private circumstances. The intensity associated to your bond may bring about differing views that can be solved if Justin accepts to soften a little bit his ascendancy over Jessica.

Indexes and Couple's Diagnosis

Your relationship goes through ups and downs, even though it is very likely that your love is of an exceptionally high quality. There is nothing tragic. Indeed, both of you have the inner resources required in order to establish a lasting relationship through dynamic exchanges. However, you never underestimate the differences existing between you. Your partner does not always resemble you and must sometimes struggle to understand you. But isn't this gap an opportunity to share complementarities and challenge yourselves? A good factor of evolution and a possibility of success in life, if you are willing to make the effort.

Conclusion

We hope that this Report has shed light on how your relationship works, as well as on the various aspects of your respective personalities.

There is a point that we deem necessary to underline: in our conclusion, we want to insist one last time on the meaning of the compatibility ratings; the marks that quantify your affinities never give an implacable verdict regarding the quality of your couple's relationship.

Here, we are dealing with the more or less smooth way in which you actually experience your relationship, and under no circumstances, are we addressing its beauty or its strength.

For the sceptical ones who do not believe in astrology, we do not resist the pleasure to quote a few comments by persons of authority in this area. They are drawn from the excellent book authored by one of the undisputed French masters, André Barbault, *Traité Pratique d'Astrologie* (Practical Treatise of Astrology), published by the Editions du Seuil:

KEPLER: « Twenty years of practical studies have convinced my rebellious mind of the reality of astrology. »

HENRY MILLER: « Astrology considers man in his wholeness and I believe that it is essential: man is a comprehensive being. Astrology shows that nature has its rhythms and that each human being participates in these rhythms... »

C.G. JUNG: « If people whose education leaves a lot to be desired have thought that they could, until recently, make fun of astrology, considering it as a pseudo-science dead a long time ago, this astrology, dating back to the depths of popular wisdom, comes up again at the door of our universities, which they left three centuries ago. »

SAINT-JEROME: « I remain silent on philosophers, astronomers, astrologers whose science, very useful for men, is asserted through dogma, explained through method, justified through experience... »

ARISTOTLE: « This world is linked in a necessary way to the movements of the superior world. Any power, in our world, is ruled by these movements. »

BALZAC: « Astrology is a huge science that has ruled the most intelligent minds. »

PIERRE SCHAEFFER: « It seems to me that astrology can, in its way, through the configurations studied, detect the most secret relationships of human being's inner life. »

Conclusion

The list of personalities who are in favour of astrology is increasingly long. It is clear that, in the 21st century, astrology is gradually given back the place it used to enjoy, except during the past three centuries: a human discipline that works well, with its questionings, its research and its evolution, but also with the mystery over the reasons of its accuracy.

Regarding interpersonal relationships, the debate is quite similar to that of astrological forecasts. Although fate is not inescapable, it does not allow to dismiss a great number of peculiar behaviours that everyone finds astonishing. For instance, instinctive sympathies and antipathies, sometimes with no apparent cause and lasting for a whole lifetime, remain definitely mind-boggling.

Astrological rules applied to the comparison between two charts produce a quick answer because basic incompatibilities exist, in the same manner as fire does not blend well with water or a journalist's mind does not match a researcher's because their respective and basic objectives are too different.

Thus, astrology allows to quickly understand what could otherwise be ascertained after quite a long period of time. Isn't it already one of the justifications of its practice?

We do think so and we strive to draw information for the benefit of as many people as possible.

However, do not forget that the results and the explanations provided to you are only indications and that it is up to you, and to you only, to decide which path your couple is to follow: the stars incline but they do not compel.
